Sex, Lies & Lace - Kris Calvert 2016-01-19

On the surface, King Giles' life seems quiet. But underneath his Southern charm, lies a badass American hero—a hero that will never be known to the world. Managing a busy medical practice and working on Alzheimer's research, the undeniably charming doctor is committed to saving lives—millions of them. A Non Operational Cover (NOC) Agent for the government, he spends his days caring for his patients and his nights and weekends keeping tabs on operational terror cells. But when an ex-girlfriend shows up dead in his front yard with lace panties shoved in her mouth and his address in her hand, the FBI wants answers, and his secret life and next mission are compromised. Beautiful and smart, Reagan Weatherford is a new graduate of the FBI Academy with everything to prove. The daughter of a beat cop, she's been raised and trained to trust no one—especially tall, dark and handsome men. But King's innately charming ways are hard for Reagan to deny and as she investigates the case and his clandestine life, she finds King Giles so cloaked in mystery, the lines of right and wrong become blurred beyond the bedroom and recognition. Now working against the clock, a man sworn to secrecy over his identity will need to win his true love's trust before dismantling an imminent attack or risk losing everything—including both their lives.

A GUIDE TO SPSS/PC+ 1ED - N. FRUDE 2013-11-11

SPSS (The Statistical Package for the Social Sciences) is a computer program which enables data from surveys and experiments to be analyzed fully and flexibly. It has facilities for the extensive manipulation and transformation of data, and includes a wide range of procedures for both simple and highly complex statistical analysis. It also provides the opportunity for the researcher to produce fully labelled tables and graphs which can be easily incorporated into a final project report. Over the 20 years since it was first devised, the versatile SPSS system has become an indispensable tool for many workers in social science research (including psychology, sociology, politics, human geography, business management, etc.) and in business and government. Many of the largest and most important surveys in the past two decades have been analyzed using one or other version of the system. SPSS is regularly used by government agencies, and by many major industrial corporations, market research companies and opinion poll organizations. For many years SPSS could be run only on large (mainframe) computers of the kind found in the specialist computer installations within universities and large corporations. Advances in the speed, power and

memory of microcomputers, however, have recently made it possible to produce a powerful version of SPSS for use on the desk-top machines of the IBM PC (personal computer) family.

Social Statistics for a Diverse Society - Chava Frankfort-Nachmias 2019-12-31

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. The Ninth Edition of *Social Statistics for a Diverse Society* continues to emphasize intuition and common sense, while demonstrating the link between the practice of statistics and important social issues. Recognizing that we live in a world characterized by a growing diversity and richness of social differences, best-selling authors Frankfort-Nachmias, Leon-Guerrero, and Davis help students learn key statistical concepts through real research examples related to the dynamic interplay of race, class, gender, and other social variables. The text also helps readers develop important skills such as problem-solving (through a rich variety of exercises), use of statistical software (both SPSS and Excel), and interpreting research literature. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides.
