The Evolved Masculine - Destin Gerek 2019-12-19

Every Crisis Has an Answer The public spotlight showcasing how men should not behave has revealed the stark truth that men are struggling to find their place in a changing world, but few role models are lighting the way forward. Drawing on his 20-year career as a sexuality and leadership coach for men, Destin Gerek brings the full tour de force of his extraordinary lived experience as the Erotic Rockstar and acclaimed professional expertise to create inspiring new models of possibility for men. In *The Evolved Masculine*, Destin spearheads this new paradigm through compelling (and at times explicit) personal stories and practical proven

techniques, which show men how to have greater confidence, more and better sex, and hotter, more satisfying relationships with women. Evolution has taught us that it is neither the strongest nor the most intelligent that survive, it is those who are most adaptable to change. Men are being called to rise, to redefine their roles. And, amid this "crisis of masculinity," the men committed to walking the Evolved Masculine path are leading the way.

CinemaTexas Notes - Louis Black 2018-02-26

Austin's thriving film culture, renowned for international events such as SXSW and the Austin Film Festival, extends back to the early 1970s when students in the Department of Radio-Television-Film at the University of Texas at Austin ran a film programming unit that screened movies for students and the public. Dubbed CinemaTexas, the program offered viewers a wide variety of films—old and new, mainstream, classic, and cult—at a time when finding and watching films after their first run was very difficult and prohibitively expensive. For each film, RTF graduate students wrote program notes that included production details, a sampling of critical reactions, and an original essay that placed the film and its director within context and explained the movie's historical significance. Over time, CinemaTexas Program Notes became more ambitious and were distributed around the world, including to luminaries such as film critic Pauline Kael. This anthology gathers a sampling of CinemaTexas Program Notes, organized into four sections: "USA Film History," "Hollywood Auteurs," "Cinema-Fist: Renegade Talents," and "America's Shadow Cinema." Many of the note writers have become prominent film studies

scholars, as well as leading figures in the film, TV, music, and video game industries. As a collection, CinemaTexas Notes strongly contradicts the notion of an effortlessly formed American film canon, showing instead how local film cultures—whether in Austin, New York, or Europe—have forwarded the development of film studies as a discipline.

Dear Life - Rachel Clarke 2020-01-30

THE SUNDAY TIMES TOP TEN BESTSELLER
SHORTLISTED FOR THE COSTA BIOGRAPHY
AWARD 'So very important' NIGELLA LAWSON
'Brilliantly alive' SUNDAY TIMES 'A truly
wonderful book. Read it' HENRY MARSH 'Shows
us the very best of human nature' ADAM KAY
'Her words are brimful of love, grace and
kindness' GUARDIAN As a specialist in palliative
medicine, Dr Rachel Clarke chooses to inhabit a
place many people would find too tragic to
contemplate. Every day, she tries to bring care
and comfort to those reaching the end of their
lives and to help make dying more bearable.
Rachel's training was put to the test in 2017
when her beloved GP father was diagnosed with
terminal cancer. She learned that nothing - even
the best palliative care - can sugar-coat the pain
of losing someone you love. And yet, she argues,
in a hospice there is more of what matters in life
- more love, more strength, more kindness, more
joy, more tenderness, more grace, more
compassion - than you could ever imagine. For if
there is a difference between people who know
they are dying and the rest of us, it is simply
this: that the terminally ill know their time is
running out, while we live as though we have all
the time in the world. Dear Life is a book about
the vital importance of human connection, by the
doctor we would all want by our sides at a time
of crisis. It is a love letter - to a father, to a
profession, to life itself.

Dream Quartet - June Ballantyne 2021-09-24
I received four stories over a few months from
dreams that came over a period of days and
stayed in my mind until I wrote them down, and
others via my subconscious. When I was sitting
in my car at the beach and events happened that
forced me to go home and sit at my computer,
the stories came at great speed into my mind,
and I typed them out and read them afterwards.
The first is about a young girl who has moved to

London for her new job working for the government. She meets a young gypsy who wants to tell her something. They have a connection, and events lead her to join him in the summer at the gypsy encampment, where she learns of her true family. Her life changes from there. The second story, again from a dream over a period of days, is a love story. A girl has a past that gets in the way. The third story I love. I was sitting in my car at the beach and words ran across the book I was trying to read. I drove home, and before I arrived at my door, the words were pushing their way into my head. I sat and typed as fast as my fingers could keep me going, and then it ended. I did not know what I wrote, so I read the story: an amusing plan by six young adults to have a mystery holiday, while at the same time creating fun things for each of them to do while waiting for clues at their hotel, each one filled with mischief. It had an amusing twist for the ending. However, that night I had to get up and go to my computer and continue with a second part to the story. I really enjoyed it. The final story was very emotional for me. There was heartache, the mystery of where your soul goes after death, how life continues on a new path, and who is in charge.

Shamanic Healing - Itzhak Beery 2017-05-25

A story-based guide to the techniques of shamanic healing • Details indigenous medicine tools and soul healing techniques, including diagnosis and energy cleansing with plants, stones, fire, flower essences, and sound • Offers protection and self-defense techniques for confronting negative energies such as spirit attachment and possession • Shares healing

stories that each address a specific condition, such as panic attacks, PTSD, depression, cancer, chronic pain, grief, and relationship problems Shamanic healing is making an astonishing comeback all over the modern technology-driven and consumerist world. Millions of people have felt called to integrate both ancient and modern healing systems into a new model of healthcare. But what makes shamanic healing so powerful? Why have indigenous healers kept it alive for thousands of years? Revealing his personal journey and stories from his more than 20 years as a shamanic healer, Itzhak Beery explains who a shaman is and how he or she works, demystifying and destigmatizing the shamanic healing worldview. He shares shamanic wisdom from two of his teachers: a Yachak from Ecuador and a well-known Brazilian Pagé. He details indigenous medicine tools and soul healing techniques that you can practice with your own clients or in your own personal healing, including diagnosis and energy cleansing with plants, stones, fire, rum, eggs, flower essences, and sound. He shares protection and self-defense techniques for confronting negative energies, such as spirit attachment and possession. Sharing healing stories that each address a specific condition, such as panic attacks, PTSD, depression, cancer, chronic pain, grief, and relationship problems, Beery explains how a shaman is not responsible for curing everyone and will consult with the patient's soul to determine its needs, which sometimes includes learning from the illness experience. By sharing these healing methods, Beery reveals the importance of shamanic practices in resolving our 21st-century emotional and physical problems and their importance to the future of humanity and the planet.

Midwest Book Review: Combines the spirituality book with the kiss and tell book. Nothing seems to be juicier than other people's sex lives, and author Katie Weatherup bares all. "Sex, Shamanism, and Healing: My Kissing Quest" combines the spirituality book with the kiss and tell book, using sex as a powerful tool for women's empowerment as well as a way of healing past misuses of sex from others. Heavily sprinkling her own experiences, Weatherup seeks to make both men and women appreciate sex and its countless benefits more. "Sex, Shamanism, and Healing" is well worth the read for more than one reason.

The Woman in the Shaman's Body - Barbara Tedlock, Ph.D. 2009-09-02

A distinguished anthropologist—who is also an initiated shaman—reveals the long-hidden female roots of the world's oldest form of religion and medicine. Here is a fascinating expedition into this ancient tradition, from its prehistoric beginnings to the work of women shamans across the globe today. Shamanism was not only humankind's first spiritual and healing practice, it was originally the domain of women. This is the claim of Barbara Tedlock's provocative and myth-shattering book. Reinterpreting generations of scholarship, Tedlock—herself an expert in dreamwork, divination, and healing—explains how and why the role of women in shamanism was misinterpreted and suppressed, and offers a dazzling array of evidence, from prehistoric African rock art to modern Mongolian ceremonies, for women's shamanic powers. Tedlock combines firsthand accounts of her own training among the Maya of Guatemala with the rich record of women warriors and hunters, spiritual guides, and prophets from many cultures and times. Probing the practices that distinguish female shamanism

from the much better known male traditions, she reveals:

- The key role of body wisdom and women's eroticism in shamanic trance and ecstasy
- The female forms of dream witnessing, vision questing, and use of hallucinogenic drugs
- Shamanic midwifery and the spiritual powers released in childbirth and monthly female cycles
- Shamanic symbolism in weaving and other feminine arts
- Gender shifting and male-female partnership in shamanic practice

Filled with illuminating stories and illustrations, *The Woman in the Shaman's Body* restores women to their essential place in the history of spirituality and celebrates their continuing role in the worldwide resurgence of shamanism today.

The Experience of God - Jonathan Robinson 1998-03-01

How can we have a deeper experience of God—especially with all the demands of modern-day life? Author and motivational speaker Jonathan Robinson asked 40 of the most respected spiritual seekers in the world for their expert advice and personal methods for knowing God (and he also offers his own wisdom in this regard). In an attempt to gather together all the best ideas and techniques in a single book, Robinson asked each person questions such as: How do you remember and/or tune into the sacred during your everyday life?; When you meditate and/or pray, how do you connect with the Divine presence?; What miracles have you experienced on your spiritual path?; If you had one piece of advice to give those who want a deeper relationship with God; And what does the experience of God feel like to you? The secret methods and mind-expanding ideas of these spiritual leaders can help you to experience God in an entirely new way. Contributors include: Deepak Chopra, Wayne Dyer, Marianne Williamson, Louise L. Hay, Bernie Siegel, M. Scott Peck, Dalai Lama, and Mother Teresa, and more.

The Gift of Shamanism - Itzhak Beery

2015-03-13

Discover the shamanic powers within each of us

- Explores ayahuasca rituals in the Amazon, messages from power animals and plant spirits, intuitive dreams, soul retrieval, and holograms of past lives and spirits
- Explains the shamanic way of “seeing” to diagnose spiritual, emotional, and physical ailments via candle readings, remote viewing, and shamanic journeys
- Details how the author has helped individuals communicate with loved ones who have passed on and release themselves from negative spirits

Each and every one of us has shamanic powers. Glimpses of them can arise at any age in the form of intuitive dreams, déjà vu, spontaneous visions, and out-of-body experiences. Most people dismiss these experiences. However, by embracing these gifts, we can unlock our shamanic potential to change ourselves and the world around us. Revealing his transformation from skeptic to respected shamanic healer, Itzhak Beery explains how, after countless prescient dreams and visions throughout his life that he brushed off, a series of synchronistic events led to his first shamanism workshop with Michael Harner, renowned shamanism scholar and teacher. This, in turn, led to a trip to South America with John Perkins to work with indigenous shamanic healers. Beery shares his experiences with ayahuasca rituals in the Amazon, messages from power animals and plant spirits, dreams that foretold future events, and holographic sightings of past lives and spiritual entities, both evil and benign. He details his shamanic way of “seeing” to diagnose spiritual, emotional, and physical ailments via candle readings and remote viewing. Explaining how we are always surrounded by spirits, he recounts helping people communicate with loved ones who have passed on and shares powerful stories of soul retrieval during shamanic journeys to other worlds. Through his true stories of visions that manifested in reality, Beery reveals that we are all shamans. By

igniting our natural intuition and developing trust for our inner powers, we can each connect to the oneness of nature where all knowledge is found.
