New York City's Best Public High Schools - Clara Hemphill
2007-09

If you lived anywhere else in the country, you would probably send your child to your neighborhood high school. In New York City, it's much more complicated than that. But what parent has time to research hundreds of school options? To help you choose a high school that is just right for your child, Clara Hemphill and her colleagues at Insideschools visited nearly all of the city's 400 high schools. This essential revision of the critically acclaimed parents' guide features new school profiles; invaluable advice to help parents and students through

the stressful admissions process; and new sections on alternative schools, vocational schools, and schools for students learning English. Featuring interviews with teachers, parents, and students, this guide uncovers the "inside scoop" about school atmosphere, homework, student stress, competition among students, the quality of teachers, gender issues, the condition of the building, class size, and much more. "For [this] third edition I looked for schools that spark students' curiosity, broaden their horizons, and help them develop into thoughtful, caring adults." —Clara Hemphill
Praise for Clara Hemphill's Parents' Guides! New York Daily News... "Brisk, thoughtful profiles of topnotch, intriguing schools." Big Apple Parent...
"Hemphill has done for schools

what Zagat's did for restaurants." New York Magazine... "Thoughtful, well-researched...required reading." The New York Times... "A bible for urban parents."

A Guide for Parents on Sex Education - 1958

Talk Soon. Talk Often -

Jennifer Teresa Walsh 2011
In 2008, consultations were held with the parents of primary and secondary aged school children in city and country WA. Parents were asked about the ways they currently approach educating their children about sex, reproduction, sexuality and relationships, and the kind of support needed to assist them to more effectively communicate with their children about these topics. Parents were also asked about school sexual health education programs, the role of schools and teachers in the provision of these programs, and parent engagement with the school regarding this particular type of health education program.

Love in the Time of Colic -

Ian Kerner 2009-10-06
Sex. After. Baby. These three words are spoken in hushed voices over playdates and at playgrounds. But while we may whisper them to our closest girlfriends, or joke about them after one too many beers with the guys, when it comes to talking with our partners about what's really going on (or not going on, as the case may be) in our child-proofed bedrooms, more and more of us find ourselves tongue-tied and tiptoeing. Are you part of the "sleepless, sexless" club? You just might be, if You'd rather just go to bed than go to bed with your partner. The mind-blowing sex you once had now just blows. The TV is turned on more than you are. A playdate sounds better to you than yet another bad date night. The baby gets more kisses and cuddles than you do. You're beaten down from always having to initiate sex. Foreplay has become chore-play. "Let's get it on" are now fighting words. But it doesn't have to be this way. According to bestselling author Ian Kerner,

*Downloaded from
legacy.opendemocracy.net
on 2022-12-09 by guest*

Ph.D., and "naughty mommy" Heidi Raykeil, it really is possible to do the hokey pokey and keep up the hanky panky. Ian and Heidi often bring very different perspectives, but they agree that sex matters . . . a lot. It's the glue that holds couples together and keeps lovers from becoming simply roommates or co-parents. Funny and frank, *Love in the Time of Colic* will help parents take the charge out of this once-taboo subject, and put it back where it belongs—in the bedroom.

New York City's Best Public Middle Schools - Clara Hemphill 2008

Reflecting changes brought about by Mayor Michael Bloomberg's reorganization of New York City's public school system, this Third Edition features reviews of 74 of the city's best public middle schools. Providing everything parents need to know in choosing a middle school that is just right for their child, *New York City's Best Public Middle Schools: A Parents' Guide* features interviews with

teachers, parents, and students to uncover the "inside scoop" on schools—including atmosphere, homework, student stress, competition among students, the quality of teachers, gender issues, the condition of the building, and more. "This book can save your life if you are trying to navigate the confusing world of middle school choice." —Susan Brenna, parent "An incredible resource." —Nancy Arno, parent "The most definitive guidebooks to the city schools." —The New York Times "Required reading." —New York magazine

The Yellow Book - TARSHI
2012-06-25

The essential guide to the who, why, what, when, where and how of sexuality education. Talking to children and young people about sexuality is never easy. This non-nonsense, straightforward and accessible guide will help adults get across the necessary information in the best way possible. Since 1996, TARSHI has been counselling and supporting people - young and

Church, State, and Society -

J. Brian Benestad 2012-08-07
How can the Catholic faith help not only Catholics, but all people, build a just and flourishing society? The Catholic Church contributes first and foremost to the common good by forming the consciences of the faithful. Faith helps reason achieve an understanding of the common good and guides individuals in living justly and harmoniously. In this book, J. Brian Benestad

provides a detailed, accessible introduction to Catholic social doctrine (CSD), the Church's teachings on the human person, the family, society, political life, charity, justice, and social justice. Church, State, and Society explains the nuanced understanding of human dignity and the common good found in the Catholic intellectual tradition. It makes the case that liberal-arts education is an essential part of the common good because it helps people understand their dignity and all that justice requires. The author shows the influence of ancient and modern political philosophy and examines St. Augustine, St. Thomas Aquinas, papal social encyclicals, Vatican Council II, and postconciliar magisterial teaching. Benestad highlights the teachings of popes John Paul II and Benedict XVI that the attainment of the common good depends on the practice of the virtues by citizens and leaders alike. In addition to discussing the tension between CSD and liberal democracy, the book takes an in-depth look at:

-Key themes of social life: the dignity of the human person, human rights, natural law, and the common good -Three principal mediating institutions of civil society: family, Church, and Catholic university -The economy, work, poverty, immigration, and the environment -The international community and just war principles "Excellent . . . The best treatment of Catholic Social Doctrine as a whole and a precious reminder of the intrinsically problematic character of modern democracy." —Perspectives on Political Science

Sex and Your Teenager -

John Coleman 2003-03-28

As we all know, sexuality is not an easy topic for parents and carers to deal with once their children enter adolescence. We are all aware of the need to discuss sex with our kids, the only question is, how to start the conversation? This practical, down-to-earth book offers tips on how to broach the subject and gives advice on a range of problems from the bodily changes at puberty

through to coping with relationships, contraception and HIV. And in light of modern society's ever changing attitudes towards sexual behaviour, more controversial issues are addressed such as sexual orientation and STDs. Written in a very open, honest style, yet based on a solid bedrock of scientific information this book will help you to help your teenager to cope with their own sexuality. * Written by a very well respected academic * Includes useful lists of organisations and further reading * Will empower you to develop a deeper, more satisfying relationships with your teenage kids

A Parent's Guide to Sex Education - Mary Ann Mayo 1986

The Everything Tween Book -

Linda Sonna 2003-05-01

Has your daughter started wearing makeup and thinking about boys - years before you dreamed it could happen? Are you concerned that your son has been acting up and talking back - while you're sure you

should still be his hero? As you know, the "tween" years, which fall between the ages of eight and twelve, can often be a challenging time for both you and your child. The Everything Tween Book, written by child psychologist Dr. Linda Sonna, helps you navigate the trying years between childhood and adolescence. From addressing such serious issues as eating disorders and school violence to learning tolerance for pink and blue hair, The Everything Tween Book helps you understand and cope with your child's psychological, social, and emotional needs. The Everything Tween Book provides sound, professional advice on: Understanding - and dealing with - rebellion
Improving communication
Disciplining Managing sibling spats Helping your tween face peer pressure Ensuring good health Teaching sex education Packed with practical advice and reliable tips to help you get through the worst conflicts, The Everything Tween Book ensures that you stay sane while your tween blossoms into

a healthy, happy, and mature young adult.

What Your Child Needs to Know About Sex - Dr. Fred Kaeser 2011-09-06

If you start talking early enough, kids will listen. FOR MANY PARENTS, the talk is one of the most dreaded rites of passage in the child-raising experience--but it doesn't have to be. The key is to start early when talking about sex with your child. In Dr. Fred Kaeser's progressive approach, parents become their child's first resource for sexual information (instead of ceding control to peers, the school system, or the media) in order to have a lasting and positive influence over their child's sexual development. As the former director of health in the New York City public schools, there's nothing Dr. Kaeser hasn't been asked by kids, or by parents. And he has seen firsthand the results of our increasingly sexualized youth culture, and how it's making children grow up faster than ever these days. From sexting to cyberbullying, challenges

Downloaded from
legacy.opendemocracy.net
on 2022-12-09 by guest

and pressures abound--even for kids in kindergarten. This means that parents must begin laying the groundwork for basic conversations about sex when their child is as young as three years old. Parents then build their discussions on this early foundation, introducing more information at developmentally appropriate ages (for example, talking about puberty with your eight-year-old, and discussing safe sex with your ten-year-old). *What Your Child Needs to Know About Sex (and When)* goes far beyond the birds and the bees to discuss uncomfortable issues with a winning frankness and empowering attitude. It offers families the tools they need for navigating how and when to have positive dialogues about sexuality and helps parents learn to use everyday teachable moments. Open communication about sex with your children isn't necessarily easy, but it can be done; this indispensable book will guide you every step of the way.

Sex and the City - Candace Bushnell 2013-04-01

"Relationships in New York are about detachment, so how do you get attached when you decide you want to?" "Honey, you leave town." Meet Carrie, Miranda, Sam and their stylish friends. Successful, attractive, thirty-something career women living the high life in New York; blazing a glorious cocktail trail from the Bowery Bar to the Baby Doll Lounge; holidaying in the Hamptons and going to Aspen by Lear Jet. But they have more in common than just their enviable lifestyle; they're all searching for lasting love. Finding it is easier said than done in a town full of gorgeous, single, rich men, none of whom want to settle down. Toxic bachelors and serial daters are

a perennial problem - but maybe Mr. Big will be different?

[A Parent's Guide to New York City](#) - J. M. Pasternak 2001

[Great Myths of Child Development](#) - Stephen Hupp 2015-02-23

Great Myths of Child Development reveals the latest evidence-based science behind the myths and misconceptions about the developing child. Shatters the most commonly-held child development myths Reveals the science behind such topical issues as twin-telepathy, sex-prediction, and

imaginary friends Covers hot-button issues like childhood vaccines, spankings, "time-outs," and breastfeeding of older children Features numerous pop culture references and examples drawn from popular TV shows and movies, such as Duck Dynasty, Modern Family and Mad Men Points to a wealth of supplementary resources for interested parents—from evidence-based treatments and self-help books to relevant websites
