The Internet Escort's Handbook Book 1: The Foundation - Amanda Brooks 2006-10-16

Considered the bible of escorts, sex workers and sugar babies alike, Book 1: The Foundation is exactly that. It's an escorting 101 that starts with you to build a safe, sane, successful business. You are the foundation of your success. Book 1: The Foundation is a sex work reference written to create a realistic awareness of the pitfalls and rewards of becoming an independent escort (and it works to answer questions for the curious public as well). Start with the most fundamental consideration of all: --Decide whether escort work suits your personality --Maximize your personal appearance for commercial appeal --Discover personal boundaries and how to maintain them --Escort health and hygiene --Get to know and love condoms --How do you have sex on your period? --Understand the limits of your personal energy --and more! Common newbie questions are addressed; the ones that get asked, repeatedly, on public sex work or escort forums. While sugar babies generally don't want to think of themselves as professional escorts, they interact with their sugar daddies in much the same way and the safety concerns (and questions) are very similar. Ultimately, safe and sane escort work leads to happier, healthier escorts. (And happy escorts make for happy clients.) Written by an escort for escorts.

Revolting Prostitutes - Molly Smith 2018-11-06

How the law harms sex workers - and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

Porn Work - Heather Berg 2021-02-22

Every porn scene is a record of people at work. But on-camera labor is only the beginning of the story. *Porn Work* takes readers behind the scenes to explore what porn performers think of their work and how they intervene to hack it. Blending extensive fieldwork with feminist and antiwork theorizing, *Porn Work* details entrepreneurial labor on the boundaries between pleasure and tedium. Rejecting any notion that sex work is an aberration from straight work, it reveals porn workers' creative strategies as prophetic of a working landscape in crisis. In the end, it looks to what porn has to tell us about what's wrong with work, and what it might look like to build something better.

Policing Prostitution - Siobhán Hearne 2021

Policing Prostitution examines the complex world of commercial sex in the late Russian Empire. From the 1840s until 1917, prostitution was legally tolerated across the Russian Empire under a system known as regulation. Medical police were in charge of compiling information about registered prostitutes and ensuring that they followed the strict rules prescribed by the imperial state governing their visibility and behaviour. The vast majority of women who sold sex hailed from the lower classes, as did their managers and clients. This study examines how regulation was implemented, experienced, and resisted amid rapid urbanization, industrialization, and modernization around the turn of the twentieth century. Each chapter examines the lives and challenges of different groups who engaged with the world of prostitution, including women who sold sex, the men who paid for it, mediators, the police, and wider urban communities. Drawing on archival material from Russia, Ukraine, Belarus, Latvia, Lithuania, and Estonia, *Policing Prostitution* illustrates how prostitution was an acknowledged, contested, and ever-present component of lower-class urban society in the late imperial period. In principle, the tsarist state regulated prostitution in the name of public order and public health; in practice, that regulation was both modulated by provincial police forces who had different local priorities, resources, and strategies, and contested by registered prostitutes, brothel madams, and others who interacted with the world of commercial sex.

Internet Sex Work - Teela Sanders 2017-09-18

This book takes readers behind the screen to uncover how digital technologies have affected the UK sex industry. The authors use extensive new datasets to explore the working practices, safety and regulation of the sex industry, for female, male and trans sex workers primarily working in the UK. Insights are given as to how sex workers use the internet in their everyday working lives, appropriating social media, private

online spaces and marketing strategies to manage their profiles, businesses and careers. *Internet Sex Work* also explores safety strategies in response to new forms of crimes experienced by sex workers, as well as policing responses. The book will be of interest to students and scholars across a range of social science disciplines, including gender studies, socio-legal studies, criminology and sociology.

Sex Tourism in Bahia - Erica Lorraine Williams 2013-10-30

For nearly a decade, Brazil has surpassed Thailand as the world's premier sex tourism destination. As the first full-length ethnography of sex tourism in Brazil, this pioneering study treats sex tourism as a complex and multidimensional phenomenon that involves a range of activities and erotic connections, from sex work to romantic transnational relationships. Erica Lorraine Williams explores sex tourism in the Brazilian state of Bahia from the perspectives of foreign tourists, tourism industry workers, sex workers who engage in liaisons with foreigners, and Afro-Brazilian men and women who contend with foreigners' stereotypical assumptions about their licentiousness. She shows how the Bahian state strategically exploits the touristic desire for exotic culture by appropriating an eroticized blackness and commodifying the Afro-Brazilian culture in order to sell Bahia to foreign travelers.

This is London - Ben Judah 2016

London is a global city. More than half of those who live in the UK's capital came from somewhere else - and most arrived in the last ten years. Migration is transforming London, for better and for worse. Ben Judah turns his reporter's eye on home, immersing himself in the hidden world of the city's immigrants - from the richest to the poorest - to discover the complex and varied individuals who are making London what it is today.

Sex Addiction as Affect Dysregulation: A Neurobiologically Informed Holistic Treatment (Norton Series on Interpersonal Neurobiology) - Alexandra Katehakis 2016-09-20

Examining the neurobiological underpinnings of sex addiction. Neuroaffective science—studying the integrated development of the body, brain, and mind—has revealed mechanisms linking psychological and biological factors of mental disorders, including addiction. Indeed, its paradigm-shifting theoretical umbrella demonstrated that substance and behavioral dependencies share identical neurobiological workings, and thus that problematic repetitive behaviors are genuine addictions—a state increasingly understood as a chronic brain disorder. Clinical experience strongly suggests that sex addiction (SA) treatment informed by affective neuroscience—the specialty of Alexandra Katehakis—proves profoundly transformative. Katehakis's relational protocol, presented here, blends neurobiology with psychology to accomplish full recovery. Her Psychobiological Approach to Sex Addiction Treatment (PASAT) joins therapist and patient through a relationally-based psychotherapy—a holistic, dyadic dance that calls on the body, brain, and mind of both. Written with clarity and compassion, this book integrates cutting-edge research, case studies, verbatim session records, and patient writings and art. Katehakis explicates neurophysiological, psychological, and cultural forces priming and maintaining SA, then details how her innovative treatment restores patients' interpersonal, sexual, and spiritual relationality.

Working Sex - Annie Oakley 2007-12-28

Being a sex worker isn't something to write home about for most women (and men) in the \$12 billion-a-year sex industry. Prostitutes, strippers, and adult film stars put themselves, and what they do for a living, out on the street, stage, and TV screen every day, but they often keep their working lives hidden from friends, family, and other employers. They do this because sex work is widely considered illegal, unhealthy, and immoral. Edited by Annie Oakley, *Working Sex*, *New Voices from a Changing Industry* features stories and contributions from sex workers—strippers, prostitutes, domes, film stars, phone sex operators, and internet models—who are speaking out. This provocative anthology showcases voices from a vibrant community intent on unmasking the jobs they do with dignity and pride. Contributors tackling issues of class, gender, race, labor, and sexuality with blazing insight and critical observations include Michelle Tea, Stephen Elliot, Nomy Lamm, Ana Voog, Vaginal Davis, and Mirha-Soleil Ross.

Transpacific Attachments - Lily Wong 2018-02-06

The figure of the Chinese sex worker—who provokes both disdain and desire—has become a trope for both Asian American sexuality and Asian modernity. Lingering in the cultural imagination, sex workers link sexual and cultural marginality, and their tales clarify the boundaries of citizenship, nationalism, and

internationalism. In *Transpacific Attachments*, Lily Wong studies the mobility and mobilization of the sex worker figure through transpacific media networks, illuminating the intersectional politics of racial, sexual, and class structures. *Transpacific Attachments* examines shifting depictions of Chinese sex workers in popular media—from literature to film to new media—that have circulated within the United States, China, and Sinophone communities from the early twentieth century to the present. Wong explores Asian American writers' articulation of transnational belonging; early Hollywood's depiction of Chinese women as parasitic prostitutes and Chinese cinema's reframing the figure as a call for reform; Cold War-era use of prostitute and courtesan metaphors to question nationalist narratives and heteronormativity; and images of immigrant brides against the backdrop of neoliberalism and the flows of transnational capital. She focuses on the transpacific networks that reconfigure Chineseness, complicating a diasporic framework of cultural authenticity. While imaginations of a global community have long been mobilized through romantic, erotic, and gendered representations, Wong stresses the significant role sex work plays in the constant restructuring of social relations. "Chineseness," the figure of the sex worker shows, is an affective product as much as an ethnic or cultural signifier.

The Pimping of Prostitution - Julie Bindel 2019-06-15

This book examines one of the most contested issues facing feminists, human rights activists and governments around the globe - the international sex trade. For decades, the liberal left has been conflicted as to whether pro-prostitution activists or abolitionists hold the correct view, and debates are ongoing as to who holds the key to the solutions facing the women and girls involved. Over the course of two years, Bindel conducted 250 interviews in almost 40 countries, cities and states, traveling around Europe, Asia, North America, Australia, New Zealand, and East and South Africa. Visiting legal brothels all around the world, Bindel got to know pimps, pornographers, survivors of the sex trade, and the women being sold by men classed as 'business entrepreneurs'. Whilst meeting feminist abolitionists, pro-prostitution campaigners, police and government officials, and the men who drive the demand, Bindel uncovered the lies, mythology and criminal activity that shroud this global trade, and suggests here a way forward for the women seeking to abolish the oldest oppression. Informed by the lived human experience of those interviewed, this book will be of great interest to feminists, students, criminal justice advocates, criminologists and human rights activists.

Cinnamon - Brad Gosse 2020-09-02

Cinnamon wins all the races. He puts smiles on people's faces. Cinnamon has a good career. Retirement will soon be near. Until cinnamon broke his leg. And now he will be forced to peg. Lady horses all day long. Cinnamon will be used for his dong. As he gets ready for his daily jerk. He realizes. That this is sex work. Once he was the star of the show. Cinnamon has become a ho

An Economist Walks into a Brothel - Allison Schrager 2019-04-02

A Financial Times Book of the Month pick for April! Is it worth swimming in shark-infested waters to surf a 50-foot, career-record wave? Is it riskier to make an action movie or a horror movie? Should sex workers forfeit 50 percent of their income for added security or take a chance and keep the extra money? Most people wouldn't expect an economist to have an answer to these questions--or to other questions of daily life, such as who to date or how early to leave for the airport. But those people haven't met Allison Schrager, an economist and award-winning journalist who has spent her career examining how people manage risk in their lives and careers. Whether we realize it or not, we all take risks large and small every day. Even the most cautious among us cannot opt out--the question is always which risks to take, not whether to take them at all. What most of us don't know is how to measure those risks and maximize the chances of getting what we want out of life. In *An Economist Walks into a Brothel*, Schrager equips readers with five principles for dealing with risk, principles used by some of the world's most interesting risk takers. For instance, she interviews a professional poker player about how to stay rational when the stakes are high, a paparazzo in Manhattan about how to spot different kinds of risk, horse breeders in Kentucky about how to diversify risk and minimize losses, and a war general who led troops in Iraq about how to prepare for what we don't see coming. When you start to look at risky decisions through Schrager's new framework, you can increase the upside to any situation and better mitigate the downside.

How to Build a Hookers Army - Natalie West 2021-02-09

The most comprehensive personal essay collection by sex workers available, demanding change in a world where bodies, sex, and difference are increasingly policed and politicized.

Revolting Prostitutes - Molly Smith 2018-11-06

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

Nothing But My Body - Tilly Lawless 2023-01-10

A thought-provoking, discomfiting and beautiful novel about love, obsession, community and friendship.

The Intimate Adventures Of A London Call Girl - Belle de Jour 2010-03-25

The bestselling and infamous diary of a high-class call girl, as seen on the show starring Billie Piper. Belle de Jour is the nom de plume of a high-class call girl working in London. This is her story. From the summer of 2003 to the autumn of 2004 Belle charted her day-to-day adventures on and off the field in a frank, funny and award-winning web diary. Now, in her *Intimate Adventures*, Belle elaborates on those diary entries, revealing (among other things) how she became a working girl, what it feels like to do it for money, and where to buy the best knickers for the job. From debating the literary merits of Martin Amis with naked clients to smuggling whips into luxury hotels, this is a no-holds barred account of the high-class sex-trade, and an insight into the secret life of an extraordinary woman.

Sex Workers, Psychics, and Numbers Runners - LaShawn Harris 2016-06-15

During the early twentieth century, a diverse group of African American women carved out unique niches for themselves within New York City's expansive informal economy. LaShawn Harris illuminates the labor patterns and economic activity of three perennials within this kaleidoscope of underground industry: sex work, numbers running for gambling enterprises, and the supernatural consulting business. Mining police and prison records, newspaper accounts, and period literature, Harris teases out answers to essential questions about these women and their working lives. She also offers a surprising revelation, arguing that the burgeoning underground economy served as a catalyst in working-class black women TMs creation of the employment opportunities, occupational identities, and survival strategies that provided them with financial stability and a sense of labor autonomy and mobility. At the same time, urban black women, all striving for economic and social prospects and pleasures, experienced the conspicuous and hidden dangers associated with newfound labor opportunities.

To Live Freely in This World - Chi Mgbako 2016-01-08

Sex worker activists throughout Africa are demanding an end to the criminalization of sex work and the recognition of their human rights to safe working conditions, health and justice services, and lives free from violence and discrimination. *To Live Freely in This World* is the first book to tell the story of the brave activists at the beating heart of the sex workers' rights movement in Africa—the newest and most vibrant face of the global sex workers' rights struggle. African sex worker activists are proving that communities facing human rights abuses are not bereft of agency. They're challenging politicians, religious fundamentalists, and anti-prostitution advocates; confronting the multiple stigmas that affect the diverse members of their communities; engaging in intersectional movement building with similarly marginalized groups; and participating in the larger global sex workers' rights struggle in order to determine their social and political fate. By locating this counter-narrative in Africa, *To Live Freely in This World* challenges disempowering and one-dimensional depictions of "degraded Third World prostitutes" and helps fill what has been a gaping hole in feminist scholarship regarding sex work in the African context. Based on original fieldwork in seven African countries, including Botswana, Kenya, Mauritius, Namibia, Nigeria, South Africa, and Uganda, Chi Adanna Mgbako draws on extensive interviews with over 160 African female and male (cisgender and transgender) sex worker activists, and weaves their voices and experiences into a fascinating, richly-detailed, and powerful examination of the history and continuing activism of this young movement.

The Ethical Stripper - Stacey Clare 2022-03-03

'As educational as it is enlightening ... Read this' SARA PASCOE 'Passionately argued, meticulously researched and angry as hell ... leads the reader beyond the strip club and on to the battlefield where sex workers fight for their rights' KATE LISTER 'Deeply impressive ... An important book, sorely needed' CAROL LEIGH 'An unflinching takedown of inadequate working conditions ... A must read' JUNO MAC, co-author of *Revolt of Prostitutes* Forget everything you think you know about strippers In this powerful book, Stacey Clare, a stripper with over a decade of experience, takes a detailed look at the sex industry - the

reality of the work as well as the history of licensing and regulation, feminist themes surrounding sex work, and stigma. Bringing her personal knowledge of the industry to bear, she offers an unapologetic critique and searing indictment of exploitation, and raises the rights of sex workers to the top of the agenda. The *Ethical Stripper* rejects notions of victimhood, challenges stigma and shame, and unpacks decades of confusion and contradictions. It's about the sex-work community's fight for safety and self-determination, and it challenges you to think twice about every newspaper article, documentary and film you have seen about stripping and sex work.
