The Book of Shadows Brittany Nightshade 2016-04-26 EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from

witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcaster. -Brittany Nightshade-Brittany Nightshade

One Truth and One Spirit Keith Readdy 2018-12-01 Based upon academic research at the University of Amsterdam's Center for the History of Hermetic Philosophy and Related Currents, One Truth and One Spirit is a much-needed work that covers a previously unexplored history of the modern religious movement known as Thelema. This work details the theoretical framework of Aleister Crowley's spiritual legacy in the O.T.O. and the A?A? and covers the years of Thelema since Crowley's death in 1947. One Truth and One Spirit approaches a complex topic with a complex history, with exhaustive citations and sources, but it is written for anyone interested in the subject of Thelema. The author utilizes published source material as well as previously unavailable information, which makes this a unique contribution to the available literature. One Truth and One Spirit is expected to be of interest to the novice, the scholar, and the seasoned practitioner of Thelema. The work provides a general historical overview of Thelema from a theoretical vantage point, explores the historical development of the movement from the 1960s to the 1990s, and applies the author's own critical discussions on the topic itself.

The Magick of Lilith Baal Kadmon 2016-03-21 There has never been a Goddess in all the western traditions as maligned as the Goddess Lilith. She has been called the epitome of all that is evil in the world. She was considered wild, uninhibited, argumentative and sexually deviant. She has been called the temptress, the prostitute from hell and most popularly as the succubus that comes and not only steals the semen of men as they sleep but also killing them in the process. Some of these qualities might very well be true and some not so much. One thing we know for sure is that she is a very powerful and ancient goddess. In this book, we will discuss what we know of her from the Western traditions. I will present the information chronologically; I will start with the earliest known accounts of Lilith to the most recent. I must warn you however, much of the evidence we have about Lilith is very biased but despite this, I think we can learn much about her and put her "reputation" into the proper perspective. Although some may consider her evil, I consider her the quintessential goddess of the left-hand path. In this book, we will discuss the story of Lilith and more importantly; we will learn how to tap into her fierce energy so we too can walk the left hand path with her. She is not for the faint of heart...You have been warned. In this book we will preform 7 rituals: 1.To Place a curse on your enemy. 2.Bind someone to do your will. (It could be for any purpose) 3.To gain Seductive powers 4.To Gain Protection from Lilith (Read carefully) 5.To gain courage and Inner Strength 6. To Gain Occult Power and Wisdom. 7.Sexually Dedicate yourself to Lilith

This Goetia Magick is more powerful than the traditional Goetia, taught by thousands of books and ineffective. You'll never need to exhaustively repeat your evocations again, nor will you need to read huge conjurations and repeat them over and over again and, in the end, you don't get what you want. This book is no longer a book that was inspired by another book that is at the top of a long chain of books inspired by each other. The Rituals and Techniques I'm going to teach you have been copied from a 400-year-old manuscript and honed with years of study and practice. All magickal elements of this Goetia Magick System were copied straight from the source, and perfected by me. You now have a Goetia Magick System that truly manifests the results you desire.
