

Sex Pistols Documentary

Sex Pistols - Joel McIver 2006-07

Om indspilningen af Julien Temples dokumentarfilm om Sex Pistols The great rock 'n' roll swindle fra 1980

Sid Vicious Coloring Book - Johnny Jagger 2017-04-12

John Beverly, known as Sid Vicious, was an English bassist and vocalist, most famous as a member of the influential punk rock band the Sex Pistols. Vicious joined the Sex Pistols in early 1977 to replace Glen Matlock, who had fallen out of favour with the rest of the group. Due to intravenous drug use, Vicious was hospitalised with hepatitis during the recording of the band's only studio album *Never Mind the Bollocks, Here's the Sex Pistols*. Accordingly, his bass is only partially featured on one song from the album. Vicious would later appear as a lead vocalist, performing three cover songs, on the soundtrack to *The Great Rock 'n' Roll Swindle*, a largely fictionalised documentary about the Sex Pistols, produced by the group's former manager Malcolm McLaren and directed by Julien Temple.

Berlin Bromley - Bertie Marshall 2006

A revealing punk memoir from a member of the notorious Bromley Contingent. Bertie 'Berlin' Bromley cuts to the core of the 1976/77 punk sensibility, recounting his own adventures as a ubiquitous scenester and rent boy. The Bromley Contingent included Siouxsie Sioux, Steve Severin, Billy Idol and Jordan. Marshall, as a pivotal member of the Contingent, views the scene and its stars with the intimate eye of an insider, offering a vivid picture of the most important British music movement in the 20th century.

The Music Documentary - Benjamin Halligan 2013-06-26

The Music Documentary offers a wide-range of approaches, across key moments in the history of popular music, in order to define and interrogate this prominent genre of film-making. The writers in this volume argue persuasively that the music documentary must be considered

as an essential cultural artefact in documenting stars and icons, and musicians and their times - particularly for those figures whose fame was achieved posthumously. In this collection of fifteen essays, the reader will find comprehensive discussions of the history of music documentaries, insights in their production and promotion, close studies of documentaries relating to favourite bands or performers, and approaches to questions of music documentary and form, from the celluloid to the digital age.

Never Mind the Bollocks, Here's the Quotes of Sid Vicious - Hulk 2021-01-29

Simon John Ritchie (10 May 1957 - 2 February 1979), known professionally as Sid Vicious, was an English bassist and vocalist for the Sex Pistols, a British punk rock band. Vicious replaced Glen Matlock, who had fallen out of favour with the other members of the group. Due to intravenous drug use, Vicious was hospitalized with hepatitis during the recording of the Sex Pistols' only studio album, *Never Mind the Bollocks, Here's the Sex Pistols*; his bass is only partially featured on one song, "Bodies". Vicious later appeared as a lead vocalist, performing three songs, on the soundtrack to *The Great Rock 'n' Roll Swindle* (1980), a largely fictionalised documentary about the Sex Pistols. As the Sex Pistols were gaining attention, Vicious met Nancy Spungen, and the couple began a relationship that culminated in Spungen's death from an apparent stab wound while staying in New York City's Hotel Chelsea with Vicious. Under suspicion of murder, Vicious was released on bail; he was arrested again for assaulting Todd Smith, brother of Patti Smith, at a nightclub, and underwent drug rehabilitation on Rikers Island. He died in 1979 after overdosing on heroin. Less than four weeks after Vicious's death, *The Great Rock 'n' Roll Swindle* soundtrack album was released. On 15 December 1979, a compilation of live material recorded during his brief solo career was released as *Sid Sings*. Gary Oldman portrayed

Vicious in the biopic *Sid and Nancy* (1986). In 2006, Vicious, along with the four original members of the Sex Pistols, was inducted into the Rock and Roll Hall of Fame, although the band refused to attend.

Pretty Vacant - Phil Strongman 2008

Traces the history of punk music from its underground roots to the mainstream charts, from Britain to the U.S., including bands such as the Sex Pistols, the Buzzcocks, and the Talking Heads, and figures such as Sid Vicious and Iggy Pop.

I Swear I Was There - David Nolan 2016

David Nolan's 'I Swear I Was There' describes the early days of the Sex Pistols, their first gig at the Manchester Free Trade Hall in 1976 and the long-term effects of that first concert.

Lonely Boy - Steve Jones 2016-11-17

SOON TO BE A LIMITED SERIES DIRECTED BY DANNY BOYLE _____ Foreword

by Chrissie Hynde Without the Sex Pistols there would be no punk rock, and without Steve Jones there would be no Sex Pistols. It was Steve who formed Kutie Jones and his Sex Pistols, the band that eventually went on to become the Sex Pistols, with his schoolmate Paul Cook and who was its original leader. As the world celebrates the 40th anniversary of Punk - the influence and cultural significance of which is felt in music, fashion and the visual arts to this day - Steve tells his story for the very first time. Rising from the streets of Hammersmith, Steve Jones was once a lonely, neglected boy living off his wits and petty thievery. Given purpose by the glam art rock of David Bowie and Roxy Music, he became one of the first generation of punks taken under the wings of Malcolm McLaren and Vivienne Westwood. For the very first time Steve describes the neglect and abuse he suffered at the hands of his stepfather, and how his interest in music and fashion saved him from a potential life of crime. From the Kings Road of the early seventies, through the years of the Sex Pistols, Punk Rock and the recording of *Never Mind the Bollocks* (ranked number 41 in *Rolling Stone* magazine's Best Albums of All Time), to his self-imposed exile in New York and Los Angeles where he battled with alcohol, heroin and sex addiction - caught in a cycle of rehab and relapse - *Lonely Boy*, written with music journalist and author Ben Thompson, is the story

of an unlikely guitar hero who, with the Sex Pistols, changed history.

Acme Attractions - Don Letts 2021-03-03

Acme Attractions tells the story of a place, and its people, that found themselves at the heart of one of the country's great cultural moments. While living and working through a now-legendary period of the capital's history, Don Letts and Jeannette Lee found themselves simultaneously experiencing the pleasures and pitfalls of youth while witnessing the birth and heady, early excitement of punk. Their story, told here through a conversation that is warm, intelligent and compelling, touches on the revolutionary feelings of that time, as fashion, politics, music and art were all re-made in real time and, as we now know, things would never be the same again.

Sex Pistols: The Graphic Novel - Jim

McCarthy 2011-01-01

From the creator of *Godspeed: The Kurt Cobain Graphic* and *Eminem: In My Skin* comes an explosive new graphic novel about the rise and fall of The Sex Pistols. Thanks to Steve Parkhouse's wonderfully vivid illustrations and Jim McCarthy's clever distillation of the script that rewrote rock 'n' roll and much else besides, the Pistols' story returns to the rough and tumble of the comic strip from which it derived so much of its initial inspiration. England's original punks explode from the pages with the same disrespect for authority that had the British establishment up in arms during the Queen's 25th anniversary jubilee. And no one would have enjoyed this take on the Pistols more than the tale's real casualty, Sid Vicious, who devoured comics almost as much as he did the destructive stuff.

I Swear I was There - David Nolan 2001-01

TV Tie-in with Major Granada Documentary In June 1976, a fledgling young band called the Sex Pistols played a gig at the Free Trade Hall in Manchester. Seemingly only 34 people were actually in the 'crowd' but the impact of that explosive performance has become the stuff of legends and is still being felt. Compiled by award-winning TV producer David Nolan this book tells the story of that seminal concert and reveals how it led directly to the Buzzcocks, Joy Division, Factory Records, the Hacienda, Madchester House Music, the rave scene and

Oasis. Illustrated with b/w photos.

England's Dreaming - Jon Savage 2005

This text is full of research, exclusive interviews and rare photographs. It tells the sensational story of the Sex Pistols and the turbulent period in England's history that they dramatised.

What Is Punk? - Eric Morse 2015-09-14

One of The Globe and Mail's Best Books of 2015

"A punk primer for the youngest set....Yi's incredibly detailed clay figures are a kinetic and inspired art choice. Their crazy creativity matches the expressive spirit of punk....As [Morse] points out, the best way to learn about punk it just to listen....If invested adults love the topic, a shared reading experience can't be beat." --Kirkus Reviews "Clay artist Yi molds...fantastically detailed Plasticine figures to create scenes of the birth of punk. Using a benign craft-project material for the skinny bodies and ragged clothing of Joey Ramone, Sid Vicious, and their rowdy, fist-waving audiences is very much in the spirit of punk (Plasticine is especially good for mohawks), and readers will spend long stretches inspecting her painstakingly modeled guitars, amplifiers, and safety pins." --Publishers Weekly "Why It's Wild: A history of punk music for kids illustrated in Gumby-esque claymation (minus the -mation)." --School Library Journal, 100 Scope Notes's "Wildest Children's Books of 2015" "What is Punk? is fun, sophisticated and beautifully illustrated introduction to the music genre for kids--or adults." --New York Daily News "Reading What is Punk? to [my kids] made me feel as if I was passing on something truly significant. Morse and Yi have created a comprehensive and articulate...documentary about the roots of punk rock." --The Globe and Mail "An essential way to pass down to your son or daughter the lesson that pop culture can be political." --The Globe and Mail, 100 Best Books of 2015 "A cool book of punk history for kids by Eric Morse, with great clay illustrations by Anny Yi." --Slate, Mom and Dad Are Fighting podcast "Eric Morse's book What Is Punk? explains the envelope-pushing genre to the younger set, and perhaps some adults, as well." --St. Louis Public Radio "Think Wallace and Grommit with liberty spikes and anarchy patches...While [Anny Yi's] images of Johnny Rotten and Henry Rollins are cute, they're presented as live action dioramas that

are adorable, accurate and engaging." --San Diego City Beat "While What Is Punk? is undeniably a children's book, it can serve as a history lesson for potential fans of any age....What Is Punk? exposes the reader to the rebellious sub-culture in a friendly, educative manner." --Alternative Press "A fun little book intended to serve as (rhyming) curriculum for little punks learning their Punk History 101....Sid, Glenn, and Milo meet Wallace and Gromit." --Razorcake "Pairing Yi's Wallace & Gromit-style clay pictorials with Morse's rhyming ride through the history of punk music across the globe, the children's book is ready to raise the next generation of riot grrrls....You're going to want to give What Is Punk? as a gift at every baby shower this year. Just don't be surprised if your niece ends up bleaching her hair blonde and tearing up her leather jacket at age 6." --Bustle "Written by Trampoline House founder Eric Morse in classically Suessical iambic, the book is lusciously illustrated with photographs of Play-Doh recreations of all mommy's and daddy's favorite punk heroes: the Ramones, Iggy and the Stooges--and Debbie Harry, David Byrne, David Johansen, Tom Verlaine, and Lou Reed all standing in front of CBGBs." --Bedford & Bowery What Is Punk? is a must-read pop-culture primer for children--an introduction to the punk revolution, recreated in vivid 3-D clay illustrations an

Only Anarchists are Pretty - Mick O'Shea 2005-05

A semi-fictionalized novel of the punk rock group, the Sex Pistols.

Young Flesh Required - Alan G. Parker 2011-07

When the late great Sean Body, founder of Helter Skelter, commissioned this book he wanted the style to be that of 'two mates having a chat over a pint'. Parker, with O'Shea, has captured that brief brilliantly in a book that features many unique anecdotes about the Sex Pistols from inception to (numerous) comeback gigs. Parker's close relationship to Malcolm McLaren, Glenn Matlock and Anne Ritchie gives him a privileged inside view of the band and both authors have grown up the Sex Pistols providing the soundtrack to their lives. The book has to cover the obvious ground, such as the infamous Grundy interview or the death of Sid

Vicious in New York, but it is the new anecdotes that will appeal to fans -- anecdotes supplied by people who were there, such as the roadie Roadent who quit working for the Clash for the Pistols and therefore is well placed to comment on the feud between the two bands. The many re-formations are also covered. Soundcheck Books is proud to have licensed this never before published work from Helter Skelter. First mooted in 2005, Parker's stock has since risen by his film work -- particularly as the director of *Who Killed Nancy*. He has fully updated the work, including a touching tribute to McLaren who died in 2010. There hasn't really been much of note written about the band since Jon Savage's *England's Dreaming*, making *Young Flesh Required* timely and relevant. The book has an 8 page plate section of colour and b/w images as well as 35 b/w images of memorabilia in with the text - many have never been seen in a book before.

Sex Pistols - Peter Smith 2018-11-15

The Sex Pistols simply, and seemingly effortlessly, blew away all that had come before them, setting an entirely new bar for rock acts that followed in their wake. Peter Smith explores the impact the band had on the launching of the punk movement as well as its embodiment of 1970s' disenfranchised youth and tense political climate.

The Filth and the Fury - Julien Temple 2000-03-16

The official companion to the Fine Line Features documentary film. The Sex Pistols burst onto the music scene in 1976 and smashed up everything they touched. Their revolutionary sound energized disaffected youth worldwide while their larger-than-life singer, John Lydon (aka Johnny Rotten), and bass player, Sid Vicious, captured headlines throughout the Pistols' twenty-six-month reign as the lads who created punk. For the first time, John Lydon, Paul Cook, Glen Matlock, Steve Jones, and Sid Vicious tell their story together in their own words through new interviews and archival material. Raw and

engaging, *The Filth and the Fury* captures the emotions and egos that fueled the Pistols' rise to fame and ultimately brought them down. Dive from the stage into *The Filth and the Fury*.

The filth and the fury - Paul Cook! 2009

The Press Gang - Godfrey Cheshire 2020-09-29

A dialogue about cinema's legacy and best directors through essays by three of the best long-form critics out there, collected from the legendary NYPress for the first time. Comprising of the kind of long-form criticism that is all too rare these days, the weekly film columns in the NYPress included polemics, reviews, interviews, festival reports and features. A far cry from what is often derisively termed the "consumer report" mode of criticism, Cheshire, Seitz and White were passionately engaged with the film culture of both their own time, and what had come before. They constituted three distinctly different voices: equally accomplished, yet notably individual, perspectives on cinema. Their distinctive tastes and approaches were often positioned in direct dialogue with each other, a constant critical conversation that frequently saw each writer directly challenging his colleagues. Dialogue is important in criticism, and here you can find a healthy example of it existing under one proverbial roof. This three-way dialogue between Cheshire, Seitz and White assesses the 1990s in cinema, along with pieces on New York's vibrant repertory scene that allow us to read the authors' takes on directors such as Hitchcock, Lean, Kubrick, Welles, Fassbinder and Bresson; as well as topics such as the legacy of Star Wars, film noir, early film projection in New York City, the New York Film Critics Circle, Sundance, the terrorist attacks of 9/11 and the emerging cinema of Iran and Taiwan.

Sex Pistols - Fred Vermorel 2006

The nearest the band got to telling their side of the story, 'The Sex Pistols' was first put together at the height of the punk rock explosion of the late 1970s. Allowed unique and continuous access to the band, Fred and Judy Vermorel tell the story of a band at the peak of their powers.
