

# Sexual Ethics In Islam

Islamic Guide to Sexual Relations - Muhammad Ibn Adam al-Kawthari 2020-08-19

Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. *Islamic Guide to Sexual Relations* is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night. *Sexual Issues in Modern Era & It's Solution in Islam* - Mufti Allie Haroun Sheik 2008

*Islamic Ethics of Life* - Jonathan E. Brockopp 2003

A pioneering work on controversial issues within the Muslim world *Islamic Ethics of Life* considers three of the most contentious ethical issues of our time--abortion, war, and euthanasia--from the Muslim perspective. Distinguished scholars of Islamic studies have collaborated to produce a volume that both integrates Muslim thinking into the field of applied ethics and introduces readers to an aspect of the religion long overlooked in the West. This collective effort sets forth the relationship between Islamic ethics and law, clearly revealing the complexity and richness of the Islamic tradition as well as its responsiveness to these controversial modern issues. The contributors analyze classical sources and survey the modern ethical landscape to identify guiding principles within Islamic ethical thought. Clarifying the importance of pragmatism in Islamic decision making, the contributors also offer case studies related to specialized topics, including "wrongful birth" claims, terrorist attacks, and brain death. The case studies elicit possible variations on common Muslim perspectives. The contributors situate Muslim ethics relative to Christian and secular accounts of the value of human life, exposing surprising similarities and differences. In an introductory overview of the volume, Jonathan E. Brockopp underscores the steady focus on God as the one who determines the value of human life, and hence as the final arbiter of Islamic ethics. A foreword by Gene Outka places the volume in the context of general ethical studies, and an afterword by A. Kevin Reinhart suggests some significant ramifications for comparative religious ethics.

**Sexual Morality in Islam** - Ayatullah Murtadha Mutahhari 2017-01-11  
Islam and traditional sexual ethics, sexual freedom, sexual ethics in modern world, love, sexual discipline, and chastity.

**Marriage & Morals in Islam** - Sayyid Muhammad Rizvi 1990

*Marriage and Slavery in Early Islam* - Kecia Ali 2010-10-15

A remarkable research accomplishment. Ali leads us through three strands of early Islamic jurisprudence with careful attention to the nuances and details of the arguments.

**Sexual Ethics in Buddhism and Islam** - Amporn Marddent 2001

A Taste of Honey - Habeeb Akande 2015-08-12

*A Taste of Honey* provides a scholarly exposition on the prominent place that sexuality and erotology enjoyed in traditional Islam. The book is divided into two parts; part one presents a critical examination of sexual ethics and part two consists of a concise treatise on the art of seduction and lovemaking. The central aim of this book argues that Islam is a sexually enlightened religion which teaches that sensuality should not be devoid of spirituality. The book also argues that the loss of sacred sensuality afflicting modern society can be reclaimed by a revival of the classical erotological tradition. Drawing upon the Qur'an, hadith and traditional erotological literature, the book follows the style and composition of classical Eastern and Afro-Arab love texts such as the *Kama Sutra* and *Jalal ad-Din as-Suyuti's* erotic treatises. *A Taste of Honey* is a thought-provoking work on a highly sensitive, yet extremely important subject.

Marital and Sexual Ethics in Islamic Law - Roshan Iqbal 2023

Roshan Iqbal traces the intellectual legacy of the exegesis of Qur'an 4:24, which is used as the proof text for the permissibility of mut'a (temporary marriage) and asks if the use of verse 4.24 for the permissibility of mut'a marriage is justified within the rules and regulations of Qur'anic hermeneutics. Iqbal examines seventeen Qur'an commentaries, the chronological span of which extends from the first extant commentary to the present day in three major Islamicate languages. Iqbal concludes that doctrinal self-identity, rather than strictly philological analyses, shaped the interpretation of this verse. As Western academia's first comprehensive work concerning the intellectual history of mut'a marriage and sexual ethics, this work illustrates the power of sectarian influences on how scholars have interpreted verse 4:24. This book is the only work in English that includes a plurality of voices from minor schools (Ibadi, Ashari, Zaidi, and Ismaili) largely neglected by Western scholars, alongside major schools, and draws from all available sub-genres of exegesis. Further, by revealing ambiguities in the interpretation of mut'a, this work challenges accepted sexual ethics in Islamic thought--as presented by most classical and many modern Muslim scholars--and thus opens up space to theorize Islamic sexual ethics anew and contribute to this crucial conversation from the perspective of Muslim feminism.

*Contemporary Bioethics* - Mohammed Ali Al-Bar 2015-05-27

This book discusses the common principles of morality and ethics derived from divinely endowed intuitive reason through the creation of al-fitra (nature) and human intellect (al-'aql). Biomedical topics are presented and ethical issues related to topics such as genetic testing, assisted reproduction and organ transplantation are discussed. Whereas these natural sources are God's special gifts to human beings, God's revelation as given to the prophets is the supernatural source of divine guidance through which human communities have been guided at all times through history. The second part of the book concentrates on the objectives of Islamic religious practice - the maqasid - which include: Preservation of Faith, Preservation of Life, Preservation of Mind (intellect and reason), Preservation of Progeny (al-nasl) and Preservation of Property. Lastly, the third part of the book discusses selected topical issues, including abortion, assisted reproduction devices, genetics, organ transplantation, brain death and end-of-life aspects. For each topic, the current medical evidence is followed by a detailed discussion of the ethical issues involved.

*Beyond Slavery* - Jacqueline L. Hazelton 2010-10-25

This book looks at a United States that continues to be driven by racial and cultural divisions, from the disproportionately high number of incarcerated African Americans to heartfelt disagreements over the true nature of marriage and the proper role of faith in public policy.

**Sexual Ethics in Islam and in the Western World** - Ayatullah Murtada Ayatullah Murtada Mutahhari 2017-10-07

Islam and traditional sexual ethics, sexual freedom, sexual ethics in modern world, love, sexual discipline, and chastity.

**Sexual Ethics in Islam and in the Western World** - Murtaza Mutahhari 1982

**Sexual Ethics and Islam** - Kecia Ali 2016-01-07

Stoning. Slavery. Honour Killings. Homosexuality. In the context of Islam, these topics are frequently discussed but little understood. When debated, such emotive issues often spark heated argument rather than reasoned deliberation. In this lucid and carefully constructed collection of essays, feminist academic Dr Kecia Ali examines classical Muslim texts and tries to evaluate whether a just system of sexual ethics is possible within an Islamic framework. Seeking to avoid polemical argument, Ali inspects key themes such as consent and control, which are crucial to any understanding of either traditional Islamic sexual ethics or the possibilities for progressive transformation in these ideals. Suitable for undergraduates and the interested reader alike, *Sexual Ethics and Islam* is an essential tool for understanding modern Islam in today's increasingly sexualised world.

Sexual Ethics in Islam and in the Western World - Ayatullah Murtadha Mutahhari 2017-05-20

This book is one of the many Islamic publications distributed by Mustafa

Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Mustafa Organization is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world, and it welcomes your involvement and support. Its objectives are numerous, yet its main goal is to spread the truth about the Islamic faith in general and the Shi`a School of Thought in particular due to the latter being misrepresented, misunderstood and its tenets often assaulted by many ignorant folks, Muslims and non-Muslims. Organization's purpose is to facilitate the dissemination of knowledge through a global medium, the Internet, to locations where such resources are not commonly or easily accessible or are resented, resisted and fought!

Homosexuality in Islam - Scott Siraj Al-Haqq Kugle 2010-01-01

Homosexuality is anathema to Islam - or so the majority of both believers and non-believers suppose. Throughout the Muslim world, it is met with hostility, where state punishments range from hefty fines to the death penalty. Likewise, numerous scholars and commentators maintain that the Qur'an and Hadith rule unambiguously against same-sex relations. This pioneering study argues that there is far more nuance to the matter than most believe. In its narrative of Lot, the Qur'an could be interpreted as condemning lust rather homosexuality. While some Hadith are fiercely critical of homosexuality, some are far more equivocal. This is the first book length treatment to offer a detailed analysis of how Islamic scripture, jurisprudence, and Hadith, can not only accommodate a sexually sensitive Islam, but actively endorse it.

**Sexuality in Islam** - Abdelwahab Bouhdiba 2013-02-01

Originally published in 1985. Beginning with the Qur'an, Abdelwahab Bouhdiba confronts the question of male supremacy in Islam, and the

strict separation of the masculine and the feminine. He gives an account of purification practices, of Islamic attitudes towards homosexuality, concubinage, legal marriage and of the sexual taboos laid down by the Qur'an. He assesses present-day sexual practice, including eroticism, misogyny and mysticism and concludes that the sexual alienation - and even oppression - of modern Muslim women is the result not of the Islamic vision of sexuality, but of social and economic pressures.

Sexual Ethics in Islam and in the Western World - Ayatullah Murtada Mutahhari 2015-07-12

Islam and traditional sexual ethics, sexual freedom, sexual ethics in modern world, love, sexual discipline, and chastity.

**Sexual Ethics in Islam and in the Western World** - Murtada Mutahhari 2011

Is there any conflict between traditional, conservative sexual mores and contemporary ideas of sexual freedom? Mutahhari responds to this question in an engaging dialogue where he takes on Bertrand Russell in his *Marriage and Morals*. From the vantage point of a consummate Islamic scholar, Mutahhari points out how the 'sexual revolution' in the West was a reaction to the Christian denial of man's natural desires, and explores whether, from a religious perspective, sexuality must be viewed as inherently evil. Hethen examines whether sexual values are inborn or learned, and whether social change should necessarily lead to changes in sexual values. He elaborates on the social, spiritual, and psychological consequences of unrestrained sexual freedom and explores the relationship between love and sexuality. This is essential reading for anyone who wants to know the Islamic perspective on sexuality.

*Sexual Violation in Islamic Law* - Hina Azam 2015-06-26

Centered on legal discourses of Islam's first six centuries, this book analyzes juristic writings on the topic of rape.
