The Korean Word For Butterfly James Zerndt 2013-12-16 Set against the backdrop of the 2002 World Cup and rising anti-American sentiment due to a deadly accident involving two young Korean girls and a U.S. tank, *The Korean Word For Butterfly* is told from three alternating points-of-view: Billie, the young wanna-be poet looking for adventure with her boyfriend who soon finds herself questioning her decision to travel so far from the comforts of American life; Moon, the ex K-pop band manager who now works at the English school struggling to maintain his sobriety in hopes of getting his family back; And Yun-ji, a secretary at the school whose new feelings of resentment toward Americans may lead her to do something she never would have imagined possible. *The Korean Word For Butterfly* is a story about the choices we make and why we make them. It is a story, ultimately, about the power of love and redemption. *Warning: This book deals with the following themes and may not be suitable for those preferring a "light" read: racism, abortion, alcoholism, and child abuse

The Girl Who Drew Butterflies Joyce Sidman 2018-02-20 In this beautiful nonfiction biography, a Robert F. Sibert Medal winner, the Newbery Honor-winning author Joyce Sidman introduces readers to one of the first female entomologists and a woman who flouted convention in the pursuit of knowledge and her passion for insects. One of the first naturalists to observe live insects directly, Maria Sibylla Merian was also one of the first to document the metamorphosis of the butterfly. Richly illustrated throughout with full-color original paintings by Merian herself, *The Girl Who Drew Butterflies* will enthrall young scientists. Bugs, of all kinds, were considered to be "born of mud" and to be "beasts of the devil." Why would anyone, let alone a girl, want to study and observe them? *The Girl Who Drew Butterflies* answers this question. Sport Mick Cochrane 2001-01-13 Mick Cochrane follows up his critically acclaimed debut novel, *Flesh Wounds*, with *Sport*, the story of a boy's search for order and belonging in a world where the rules keep changing. It is 1967. Harlan Hawkins is a wise and wily kid with a passion for baseball. He plays first base on his summer league team, obsessively collects baseball cards, and avidly follows the fortunes of his beloved hometown Minnesota Twins. And then his world is suddenly, inexplicably shaken when his mother is diagnosed with multiple sclerosis, and his hard-drinking, explosive father abandons them. The Hawkins family quickly descends into a kind of awkward struggle for survival, for love and safety, for belonging and self-knowledge, through a series of adventures that are sometimes terrifying, sometimes funny, often both. At the center of *Sport* is the boy's mother, shrewdly, crankily intelligent, full of defiant wisecracks and bitter wisdom, driven by her fierce love for her son. She introduces him to the pleasures of dangerous fun and implores him to swing from the heels and hit away, to make his mistakes loud and large. Harlan is cautiously befriended by George Walker, his baseball coach and neighbor, who does what he can to bring a measure of stability to the boy's life. And when Mr. Walker offers him what looks like a way out, the boy must take stock of what he's learned and make a decision regarding who he is and where he belongs. *Sport* is about the tension between two worlds: the world as we wish it to be and the world as it is-- frail and broken, dangerous and doomed, terrible and beautiful. *Sport* is about learning to love the broken world.

The Soul Of A Butterfly Hana Yasmeeen Ali 2015-07-31 In this poignant, moving book, Muhammad Ali shares the beliefs he has come to live by and which he has passed on to his children. Some of the wisdom is his own; some comes from the teachings of true Islam, from his spiritual studies, and from people he has met in the course of his extraordinary life. Here, as he recalls his early days as a young warrior in Louisville, Kentucky, and his meteoric rise to fame as Heavyweight Champion of the World, a title he won three times, he tells of the many battles he won and lost, both inside and outside the ring and his conversion to Islam in the 1960s. Now, working tirelessly as a worldwide ambassador for peace, he talks of the damage caused when religion is used to tear people apart, the essential need for unity in this troubled world, and how his faith sustains him on this, the most important journey of his life - the journey to forgiveness and peace. Together with his daughter Hana, in this timely spiritual memoir Ali draws upon his rich reserve of notes, tapes and journals, and writes with compassion, warmth and, of course, humour on how we can liberate mind, body and spirit when we pursue and embrace the one essential truth - love.

My Bookstore Ronald Rice 2017-04-11 In this enthusiastic, heartfelt, and sometimes humorous ode to bookshops and booksellers, 84 known authors pay tribute to the brick-and-mortar stores they love and often call their second homes. In My Bookstore our greatest authors write about the pleasure, guidance, and support that their favorite bookstores and booksellers have given them over the years. The relationship between a writer and his or her local store and staff can last for years or even decades. My Bookstore collects the essays, stories, odes and words of gratitude and praise for stores across the country in 81 pieces written by our most beloved authors. It's a joyful, industry-wide celebration of our bricks-and-mortar stores and a clarion call to readers everywhere at a time when the value and importance of these stores should be shouted from the rooftops. Perfectly charming line drawings by Leif Parsons illustrate each storefront and other distinguishing features of the shops.

Legacy of Luna Julia Hill 2010-11-16 On December 18, 1999, Julia Butterfly Hill's feet touched the ground for the first time in over two years, as she descended from "Luna," a thousand-year-old redwood in Humboldt County, California. Hill had climbed 180 feet up into the tree high on a mountain on December 10, 1997, for what she thought would be a two- to three-week-long "tree-sit." The action was intended to stop Pacific Lumber, a division of the Maxxam Corporation, from the environmentally destructive process of clear-cutting the ancient redwood and the trees around it. The area immediately next to Luna had already been stripped and, because, as many believed, nothing was left to hold the soil to the mountain, a huge part of the hill had slid into the town of Stafford, wiping out many homes. Over the course of what turned into an historic civil action, Hill endured El Niño storms, helicopter harassment, a ten-day siege by company security guards, and the tremendous sorrow brought about by an old-growth forest's destruction. This story--written while she lived on a tiny platform eighteen stories off the ground--is one that only she can tell. Twenty-five-year-old Julia Butterfly Hill never planned to become what some have called her--the Rosa Parks of the environmental movement. She never expected to be honored as one of Good Housekeeping's "Most Admired Women of 1998" and *George* magazine's "20 Most Interesting Women in Politics," to be featured in *People* magazine's "25 Most Intriguing People of the Year" issue, or to receive hundreds of letters weekly from young people around the

world. Indeed, when she first climbed into Luna, she had no way of knowing the harrowing weather conditions and the attacks on her and her cause. She had no idea of the loneliness she would face or that her feet wouldn't touch ground for more than two years. She couldn't predict the pain of being an eyewitness to the attempted destruction of one of the last ancient redwood forests in the world, nor could she anticipate the immeasurable strength she would gain or the life lessons she would learn from Luna. Although her brave vigil and indomitable spirit have made her a heroine in the eyes of many, Julia's story is a simple, heartening tale of love, conviction, and the profound courage she has summoned to fight for our earth's legacy. *Adaptation* Malinda Lo 2014-04-03 Flocks of birds are hurling themselves at aeroplanes across America.
