

The Sexual Teachings Of The White Tigress Secrets Of The Female Taoist Masters

The Sexual Teachings of the Jade Dragon - Hsi Lai 2002-10-01

Reveals how the sexual practices of the Taoist Jade Dragon can help men achieve "immortality" through the enhancement of their sexual prowess. • A companion guide to The Sexual Teachings of the White Tigress that focuses on the male side of White Tigress sexual practices. • Reveals the nine Jade Dragon exercises and other Taoist techniques for achieving the elixir of immortality. • Offers physical and spiritual solutions for the sexual issues facing men. Hsi Lai continues the work he began in The Sexual Teachings of the White Tigress by exploring more fully the male role in Taoist sexual transformation. As with those of the White Tigress, the techniques of the Jade Dragon are part of a disciplined sexual and spiritual practice. The goal for the Jade Dragon is health, longevity, and immortality through external and internal regimens for the enhancement and accumulation of the Three Treasures of Taoism--ching (sexual and physical energy), qi (breath and vital energy) and shen (spiritual and mental energy). The author presents the nine Jade Dragon exercises that strengthen erections, enlarge the penis, increase semen quantity and quality, prevent premature ejaculations, and enhance sexual energy. He also details herbal remedies for revitalization that address both physical and spiritual sexual components, as well as ancient Taoist breathing and meditative practices and sexual stimulation techniques that amplify sexual intensity in order to create the elixir of immortality. Concluding with the importance of the interactions between and interdependence of White Tigresses and Jade Dragons, Hsi Lai shows the reader how these ancient Taoist secrets can be incorporated into a contemporary lifestyle.

The Hermetic Link - Jacob Slavenburg 2012-04-01

Hermes is the Greek god of the Word, of thought and magic, the swift-moving messenger of the Divine and guardian of souls in the Afterlife. In Ancient Egypt he was the majestic god Thoth, the Recorder, the lord of measurement and science, the brother/husband of Isis. In Rome, he was of course Mercury, flying through the Empyrean at the speed of idea by the aid of his winged helmet and boots. In this broad survey of the Hermetic arts, author Jacob Slavenburg brings an unparalleled depth of insight to the subject. He examines the historical Hermetic literature and details its relevance to modern occultism, from the symbolism of architecture and art to the mysteries of Freemasonry. The heavenly mysteries of astrology are explored as are the healing arts which derive from the spirit of scientific inquiry embodied by Thoth/Hermes. Slavenburg examines the magical writings of the Greek papyri and their development into the contemporary magical practices of modern adepts. He sheds light on the workings of alchemy and the esoteric philosophy to the world of modern chemistry and physics. He explores the origin of evil and the realm of the afterlife, and the Hermetic doctrines of reincarnation and karma. In addition, the author provides a wealth of biographical data on the magi of Hermeticism, from Ficino to Agrippa, John Dee to Giordano Bruno.

White Tigress Green Dragon - Hsi Lai 2015-09-09

The modern perspective on sexuality is almost exclusively focused on procreational and recreational sex. Little attention has been given to the ancient Asian perspectives on the more profound restorative and transformative (spiritual) benefits of sexuality. This challenging material will definitely bring about a rethinking of sexual purpose and conduct. "White Tigress" refers to a female who follows the natural workings and forces of her sexuality to achieve beauty, youthfulness, longevity, and immortality. Her sexual practices all derive from teachings passed down through various consorts and female Taoist nuns and immortaleses. "Green Dragon" refers to the male surrogate sexual partners of a White Tigress, who provide her with heightened sexual energy and passion. A Green Dragon can also be a co-cultivator in a Tigress's practice, helping her engage in the deeper transformational practices so that they both can achieve restoration and illumination of body and spirit. The White Tigress and Green Dragon sexual-spiritual practices and philosophy revitalize sexual passion and compassion, demonstrating that there is much to learn about sexual energy and how it can greatly benefit the body and mind.

The Taming of the Demons - Jacob P. Dalton 2011-06-28

The Taming of the Demons examines mythic and ritual themes of violence, demon taming, and blood sacrifice in Tibetan Buddhism. Taking as its starting point Tibet's so-called age of fragmentation (842 to 986 C.E.), the book draws on previously unstudied manuscripts discovered in the "library cave" near Dunhuang, on the old Silk Road. These ancient documents, it argues, demonstrate how this purportedly inactive period in Tibetan history was in fact crucial to the Tibetan assimilation of Buddhism, and particularly to the spread of violent themes from tantric Buddhism into Tibet at the local and the popular levels. Having shed light on this "dark age" of Tibetan history, the second half of the book turns to how, from the late tenth century onward, the period came to play a vital symbolic role in Tibet, as a violent historical "other" against which the Tibetan Buddhist tradition defined itself. -- Georges Dreyfus

Sex, Health, and Long Life - 1999-03-02

The benefits of sexual bliss were not lost on the ancients, who knew well its powers to enhance health, concentration, and peace of mind. These ancient Chinese Taoist texts explain the transformative effects sex can have when properly and wisely practiced, demonstrating Taoism's emphasis on cultivating life's "three treasures"—vitality, energy, and spirit—in all the activities of daily life. The texts are part of the famous Mawangdui finds, Han Dynasty tombs that yielded the richest cache of ancient medical manuscripts ever found in China. The first three texts—Ten Questions, Joining Yin and Yang, and Talk on Supreme Guidance for the World—deal with physical health and sex lore, including diet, exercise, sleep, and techniques of lovemaking. The last two, A Course in Effectiveness and A Course in Guidance, concentrate on the psychological factors of good health and well-being, especially the reduction of stress and cultivation of wholesome social relations.

Dimensions of Buddhist Thought - Francis Story 2011-01-01

Yet, being a Teaching of Actuality, Buddhism has also dimensions extending to wide fields of human life and thought. Some of them are mirrored in the essays of this volume.
