Fifteen years later they have two young daughters, live in a beautiful London townhouse, and seem like they have it all. But one day, Pete leaves for work and never comes home. In a note Kate discovers, he confesses that he's been unhappy for a long time and that he's met someone else. Distraught, Kate later learns that he has left everything, including his mobile phone, behind and sets out to learn the truth about her husband's disappearance. But is she prepared for what she will learn? When nothing is as it seems, who can you trust? "There is a lot to absorb and I soaked it all up like a sponge, round each twist and turn finding myself completely engrossed in the lives of this couple, both together and apart. This is beautifully and cleverly created, different to any other book I've read; expertly written—especially for a debut—I was hooked from the first word right up until the very last and it's one of those novels which has played at the back of my mind ever since." —Grace J Reviewerlady
