The Supernatural Revamped - Barbara Brodman 2016-04-20

Medieval Studies and the Ghost Stories of M. R. James - Patrick J. Murphy 2017-03-08

Montague Rhodes James authored some of the most highly regarded ghost stories of all time—classics such as “Oh, Whistle, and I’ll Come to You, My Lad” that have been adapted many times over for radio and television and have never gone out of print. But while James is best known as a fiction writer and storyteller, he was also a provost of King’s College, Cambridge, and Eton College, and a legendary and influential scholar whose pioneering work in the study of biblical texts and medieval manuscripts, art, and architecture is still relevant today. In *Medieval Studies and the Ghost Stories of M. R. James*, Patrick J. Murphy argues that these twin careers are inextricably linked. James’s research not only informed his fiction but also reflected his anxieties about the nature of academic life and explored the delicate divide between professional, university men and erratic hobbyists or antiquaries. Murphy shows how detailed attention to the scholarly inspirations behind James’s fiction provides considerable insight into a formative moment in medieval studies, as well as into James’s methods as a master stylist of understated horror. During his life, James often claimed that his stories were mere entertainments—pleasing distractions from a life largely defined by academic discipline and restraint—and readers over the years have been content to take him at his word. This intriguing volume, however, convincingly proves otherwise.

Contemporary Women’s Ghost Stories - Gina Wisker 2022-06-02

This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth century

and contemporary female writers; including Shirley Jackson, Angela Carter, Toni Morrison, Ali Smith, Susan Hill, Catherine Lim, Kate Mosse, Daphne du Maurier, Helen Dunmore, Michele Roberts, and Zheng Cho. Through the ghostly body, possessions and visitations, women’s ghost stories expose links between the political and personal, genocides and domestic tyrannies, providing unceasing reminders of violence and violations. Women, like ghosts, have historically lurked in the background, incarcerated in domestic spaces and roles by familial and hereditary norms. They have been disenfranchised legally and politically, sold on dreams of romance and domesticity. Like unquiet spirits that cannot be silenced, women’s ghost stories speak the unspeakable, revealing these contradictions and oppressions. Wisker’s book demonstrates that in terms of women’s ghost stories, there is much to point the spectral finger at and much to speak out about.

Ghost Faces - David Greven 2016-02-09

Combines psychoanalysis, queer theory, masculinity studies, and cultural studies to explore contemporary manhood in film. Ghost Faces explores the insidious nature of homophobia even in contemporary Hollywood films that promote their own homo-tolerance and appear to destabilize hegemonic masculinity. Reframing Laura Mulvey's and Gilles Deleuze's paradigms and offering close readings grounded in psychoanalysis and queer theory, David Greven examines several key films and genre trends from the late 1990s forward. Movies considered range from the slasher film *Scream* to bromances and beta male comedies such as *I Love You, Man* to dramas such as *Donnie Darko* and *25th Hour* to Rob Zombie's remake of the horror film *Halloween*. Greven also traces the disturbing connections between torture porn found in such films as *Hostel* and gay male Internet pornography.
