Entiendes? - Emilie L.

Bergmann 1995

"¿Entiendes?" is literally

translated as "Do you

understand? Do you get it?"

But those who do "get it" will also hear within this question a subtler meaning: "Are you

queer? Are you one of us?" The

issues of gay and lesbian

identity represented by this

question are explored for the

first time in the context of

Spanish and Hispanic literature

in this groundbreaking

anthology. Combining intimate knowledge of Spanish-speaking

cultures with contemporary

queer theory, these essays

address texts that share both a

common language and a

concern with lesbian, gay, and

bisexual identities. Using a

variety of approaches, the

contributors tease the

homoerotic messages out of a

wide range of works, from

chronicles of colonization in

the Caribbean to recent Puerto

Rican writing, from the work of

## **Art Gender And Sexuality New Readings Of Cernudas Later Poetry**

Cervantes to that of the most outrageous contemporary Latina performance artists. This volume offers a methodology for examining work by authors and artists whose sexuality is not so much open as "an open secret," respecting, for example, the biographical privacy of writers like Gabriela Mistral while responding to the voices that speak in their writing. Contributing to an archeology of queer discourses, *¿Entiendes?* also includes important studies of terminology and encoded homosexuality in Argentine literature and Caribbean journalism of the late nineteenth century. Whether considering homosexual panic in the stories of Borges, performances by Latino AIDS activists in Los Angeles, queer lives in turn-of-the-century Havana and Buenos Aires, or the mapping of homosexual geographies of 1930s New York in Lorca's "Ode to Walt Whitman," *¿Entiendes?* is certain to stir interest at the crossroads of sexual and

~~national identities while~~ proving to be an invaluable resource.

Reference Guide to World Literature - Tom Pendergast 2003

Covers writers from the ancient Greeks to 20th-century authors. Includes biographical-bibliographical entries on nearly 500 writers and approximately 550 entries focusing on significant works of world literature. Each author entry provides a detailed overview of the writer's life and works. Work entries cover a particular piece of world literature in detail.

*Spanish Poetry of the Twentieth Century* - Andrew Debicki 2021-12-14  
Twentieth-century Spanish poetry has received comparatively little attention from critics writing in English. Andrew Debicki now presents the first English-language history published in the United States to examine the sweep of modern Spanish verse. More important, he is the first to situate Spanish poetry in the context of European modernity, to trace its trajectory from the symbolists to the postmodernists. Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories, Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject. He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences. He then traces

Poetry

the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern, especially the poetics of text as process rather than as product. By centering his study on major periods and examining within each the work of poets of different ages, Debicki develops novel perspectives. The late 1960s and early 1970s, for example, were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound, intertextual, and often self-referential lyricism. This book will be essential reading for specialists in modern Spanish letters, for advanced students, and for readers inter-ested in comparative literature.  
**Art, Gender, and Sexuality** - Philip Martin-Clark 2000  
This study opens up new avenues of inquiry into the work of Luis Cernuda. It

## Art Gender And Sexuality New Readings Of Cernudas Later

analyses the representation of aesthetics, gender, and sexuality in his last four books of poetry by drawing on work in aesthetics, feminism, gay/lesbian studies, and psychoanalysis. The central concern is to examine the terms in which Cernuda represents particular identities, including the poet's identity, masculinity, femininity, and male homosexuality. The study explores Cernuda's creation of a collective mythology of freedom to change contemporary Spanish culture and examines his many-sided portrayal of gender, including the potential of women's identity to disrupt masculinity. It also discusses male homosexuality through the lenses of perversion and self-shattering.

*Luis Cernuda* - Aurora Maura Ocampo 2006

~~*Children of the Mire* - Octavio Paz 1991~~

Octavio Paz launches a far-ranging excursion into the "incestuous and tempestuous" relations between modern poetry and the modern epoch. From the perspective of a Spanish-American and a poet, he explores the opposite meanings that the word "modern" has held for poets and philosophers, artists, and scientists. Tracing the beginnings of the modern poetry movement to the pre-Romantics, Paz outlines its course as a contradictory dialogue between the poetry of the Romance and Germanic languages. He discusses at length the unique character of Anglo-American "modernism" within the avant-garde movement, and especially vis-à-vis French and Spanish-American poetry. Finally he offers a critique of our era's attitude toward the concept of time, affirming that we are at the "twilight of the idea of the future." He proposes that we are living at the end of the avant-garde, the end of that

Poetry

vision of the world and of art  
born with the first Romantics.

**Mitos cristianos en la poesía  
del 27** - Rocío Ortuño

Casanova 2014-05-21

‘Y el ángel del Señor anunció a  
María: puede pasar el primero’.  
Con estas palabras acaba el  
poema ‘La muerte o antesala  
de consulta’ de Vicente  
Aleixandre, mientras Luis  
Cernuda elogia a Lorca a  
mando que ‘la sal de nuestra  
tierra eras’ en el poema ‘A un  
poeta muerto. F. G. L.’. ¿Por  
qué una generación de  
escritores que nunca ha sido  
especialmente conocida por su  
poesía religiosa incluye  
referencias bíblicas en sus  
poemas? ¿Ocurre con todos los  
poetas de la generación? ¿De  
dónde procede esa tendencia?  
Este libro parte de estas y  
otras preguntas para realizar  
un recorrido por la poesía de  
los famosísimos miembros de la  
generación del veintisiete, y la  
de otros miembros no tan

conocidos: mujeres que  
escribieron en la misma época  
que Lorca y Cernuda como son  
Martínez Sagi, Lucía Sánchez  
Saornil, Ernestina de  
Champourcin, Elisabeth  
Mulder o Pilar de Valderrama.  
El estudio examina la aparición  
de mitos bíblicos en poemas no  
religiosos, una estrategia  
literaria mediante la cual se  
busca de nir la función del  
poeta en la convulsa sociedad  
española del primer tercio del  
siglo XX. Un interesante  
recorrido y una perspectiva  
sorprendentemente novedosa  
para una generación literaria  
que tanto sigue dando que  
hablar.
