Cranky Pants - Kayt Miller

Maggy Fitzgerald is happy. She works at her best friend's flower shop with the full knowledge that this is probably as good as its going to get.

That is until that same friend talks her into going out to a biker bar so they can "live on the wild side" for a night. Nate Black is cranky. He has a right to be. At least that's what he thinks. Spending an evening now and then, drinking a beer with the guys EasyRiders, is one of the only things that he enjoys, sort of. Then, he meets

her. A sexy, curvy woman who makes him smile. Laugh. A dangerous woman. Good thing he's an a**hole because getting rid of her the next morning is easy. The hard part? Forgetting her.

In our social interactions, human beings have always emphasized the importance of the introduction. Whether it's the greeting in polite conversation (Hello!) or a handshake (before 2020, of course), the first impression is crucial. First impressions are a million times more crucial in the world of dating and relationships. A sure way to seem attractive to the opposite sex is to be funny, and one-liners are the most accessible

form of comedy. Pickup lines are one-liners that are uniquely suited to the world of dating - whether you're trying to introduce yourself to the woman of your dreams at a bar, or you're trying to take a budding relationship to the next level, a well-chosen, classy pickup line can really set the tone for a great evening, and help you stand out amidst the competition. In the world of dating apps, of swipes on Tinder and Bumble, and of greater access to a huge dating pool than ever before, all of us get only 15 seconds to make a great first impression. Within this book, you will find some of the most successful pickup lines of all time; you can either read it to get inspiration for your own romantic conquests, or for light entertainment, and set aside its lessons for a time in the future when they will definitely benefit you. Confidence and a great pickup line - these can transform any ordinary man into a legend.

These pickup lines are almost guaranteed to get any girl laughing. And, as you know, if you can make a girl smile you can make her do nearly anything! What Kind of Pickup Lines?* Dirty Pickup Lines* Funny Pickup Lines* Cheeky Pickup Lines* Naughty Pickup Lines* Cheesy Pickup Lines* Offensive Pickup Lines* Flattering Pickup Lines* And Much, Much More...WARNING: ADULT MATERIAL Dating advice for men who want to know EXACTLY how to attract women and how to get a girlfriend who makes heads turn...Do you want to walk into any bar or club and know exactly what to say to walk out with a beautiful woman on your arm? Would you like to know exactly how to get a girlfriend who is amazing and beautiful without resorting to cheesy pickup lines? Then this book is for you. Written by international

men's coach Jake D. Ryan Dating Advice for Men: Unlike PUA books, Charm her Pants Off, line isn't about tricks, lies, or manipulation. Whether you want to get your ex back, attract women to date regularly, or learn exactly how to get a girlfriend who makes heads turn, the lessons in this book can help you stand out in any room. You'll never have to hesitate or feel like you've run out of things to say. You'll bleed confidence in any social situation, captivate the room, and know how to attract women that you most desire. Whether you want to know how to get a girlfriend or just date around, The Charm her Pants off has the answers that have worked for tons of men. The girl of your dreams is out there...will you get her? Charm her Pants Off is the ultimate and only guide to getting girls and to understand women once and for all. This is why guys that read it don't read or recommend anything else. Because the few men who "get it" spend the rest of their lives enjoying sexy girls in

abundance - and so can you. You can learn to get ANY girl you want, the same way that all men who are naturally good with women have. The only difference is that you may learn it much FASTER, instead of wasting tons of time and money on fruitless dates or a new car/haircut/shirt that you BELIEVE will make you more attractive - but really doesn't. You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is man-made, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional

dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family,

Men will teach you how. If you struggle with dating, welcome to the club. Dating is not in our human DNA. It has only existed in Western culture for a few generations, and in the East - not even there yet.

Nevertheless, we live in a world where dating skills are essential for finding companionship, love, and sex. 98% of all men struggle with the most basic aspects of dating. Fears of doing something wrong, looking foolish, getting rejected, or becoming a #MeToo casualty permeate the minds of most men. These fears typically manifest in playing it safe and doing nothing at all, or at best, in clumsy, ineffective attempts at approach. The all too common outcome of repeated failures leaves many men feeling defective and unlovable. For the majority of his life, Dr. Glover was one of these guys. He assumed the good women he wanted just weren't interested in him. When he did get a girlfriend, he typically hung on way too long for fear of having to enter

the dating world all over again. But that all changed when he became single in his mid-forties. Dr. Glover decided to approach dating as if it were a scientific experiment. To his surprise, he quickly found that getting women to talk to him, give him their numbers, date him, and have sex with him was nowhere nearly as difficult as he had thought. When women started approaching him, propositioning him for sex, and getting naked on first dates, he often wondered what planet he had landed on. Many of his clients noticed his dating success and begged him to teach them what he was doing. Dating Essentials for Men arose from those requests. Dr. Glover has since taught thousands of men just like you how to interact confidently with women - get numbers, get laid, get amazing girlfriends, and create great relationships. As you practice the principles presented in Dating Essentials for Men, you will also be working on essential life skills: *Overcoming self-limiting beliefs. *Embracing your

masculinity. *Becoming more honest and authentic.

*Overcoming shyness and social anxiety. *Letting go of attachment to outcome.

*Becoming more conscious and mindful. *Developing confidence. *Overcoming your fear of rejection. *Creating healthy boundaries. Are you ready to expand every area of your life - and find love and sex too? Are you ready to start regularly wondering what planet you've landed on? If so, *Dating Essentials for Men* is the only dating guide you will ever need.
