

Eros And The Romantics Sexual Love As A Theme In Coleridge Shelley And Keats

□□□□□□□□ - 1974

Romanticism, Nationalism, and the Revolt

Against Theory - David Simpson 1993-06

Why has Anglo-American culture for so long regarded "theory" with intense suspicion? In this important contribution to the history of critical theory, David Simpson argues that a nationalist myth underlies contemporary attacks on theory. Theory's antagonists, Simpson shows, invoke the same criteria of common sense and national solidarity as did the British intellectuals who rebelled against "theory" and "method" during the French Revolution. Simpson demonstrates the close association between "theory" and "method" and shows that by the mid-eighteenth century, "method" had acquired distinctly subversive associations in England. Attributed increasingly to the French and the Germans, "method" paradoxically evoked images both of inhuman rationality and unbridled sentimentality; in either incarnation, it was seen as a threat to what was claimed to be authentically British. Simpson develops these paradigms in relation to feminism, the gendering of Anglo-American culture, and the emergence of literature and literary criticism as antitheoretical discourses. He then looks at the Romantic poets' response to this confining ideology of the cultural role of literature. Finally, Simpson considers postmodern theory's claims for the radical energy of nonrational or antirationalist positions. This is an essential book not only for students of the Romantic period and intellectual historians concerned with the idea of "method," but for anyone interested in the historical background of today's debates over the excesses and possibilities of "theory."

Eros and the romantics - Gerald Enscoe
2015-07-24

Heaven and the Flesh - Clive Hart 1995-12-07

Do angels make love? Will the souls of ordinary

people feel sexual pleasure in the next world? Is the aspiration to spiritual salvation helped or hindered by sexual experience? In *Heaven and the Flesh* Clive Hart and Kay Stevenson explore the opinions of poets and painters on such questions, from the high Renaissance to the birth of romanticism. Hart and Stevenson analyse the work not only of canonical writers and artists, such as Milton and Michelangelo, but also of lesser-known figures such as John Gore and Richard Tompson, and the sometimes anguished speculations of philosophers and theologians. As the evidence of witty pornographic poems and drawings demonstrates, the relationship between sexual desire and spiritual ascension was not always treated with full seriousness. This wide-ranging survey offers sometimes surprising insights into material both familiar and unfamiliar.

La Belle Dame Sans Merci & the Aesthetics of Romanticism - Barbara Fass Leavy 1974

Encyclopedia of the Romantic Era, 1760-1850 - Christopher John Murray 2004

"Written to stress the crosscurrent of ideas, this cultural encyclopedia provides clearly written and authoritative articles. Thoughts, themes, people, and nations that define the Romantic Era, as well as some frequently overlooked topics, receive their first encyclopedic treatments in 850 signed articles, with bibliographies and coverage of historical antecedents and lingering influences of romanticism. Even casual browsers will discover much to enjoy here."--"The Top 20 Reference Titles of the Year," *American Libraries*, May 2004.

Selected Studies in Romantic and American Literature, History, and Culture - Charles J. Rzepka 2016-04-01

Gathered together for the first time, the essays in this volume were selected to give scholars ready access to important late-twentieth and

early twenty-first-century contributions to scholarship on the Romantic period and twentieth-century literature and culture. Included are Charles J. Rzepka's award-winning essays on Keats's 'Chapman's Homer' sonnet and Wordsworth's 'Michael' and his critical intervention into anachronistic new historicist readings of the circumstances surrounding the composition of "Tintern Abbey." Other Romantic period essays provide innovative interpretations of De Quincey's relation to theatre and the anti-slavery movement. Genre is highlighted in Rzepka's exploration of race and region in Charlie Chan, while his interdisciplinary essay on The Wizard of Oz and the New Woman takes the reader on a journey that encompasses the Oz of L. Frank Baum and Victor Fleming as well as the professional lives of Judy Garland and Liza Minnelli. Taken together, the essays provide not only a career retrospective of an influential scholar and teacher but also a map of the innovations and controversies that have influenced literary studies from the early 1980s to the present. As Peter Manning observes in his foreword, "this collection shows that even in diverse essays the force of a curious and disciplined mind makes itself felt."

The Nature of Love, Volume 2 - Irving Singer
2009-02-20

An examination of ideas and ideals of medieval courtly love and the transition into later Romantic love, analyzing the work of Dante, Shakespeare, and Schopenhauer, among many others. Review, "monumental" (Boston Globe), "one of the major works of philosophy in our century" (Nous), "wise and magisterial" (Times Literary Supplement), and a "masterpiece of critical thinking [that] is a timely, eloquent, and scrupulous account of what, after all, still makes the world go round" (Christian Science Monitor). In the second volume, Singer studies the ideas and ideals of medieval courtly love and nineteenth-century Romantic love, as well as the transition between these two perspectives. According to the traditions of courtly love in the twelfth century and thereafter, not only God but also human beings in themselves are capable of authentic love. The pursuit of love between man and woman was seen as a splendid ideal that ennoble both the lover and the beloved. It was something more than libidinal sexuality and

involved sophisticated and highly refined courtliness that emulated religious love in its ability to create a holy union between the participants. Adherents to Romantic love in later centuries, affirmed the capacity of love to effect a merging between two people who thus became one. Singer analyzes the transition from courtly to Romantic by reference to the writings of many artists beginning with Dante and ending with Richard Wagner, as well as Neoplatonist philosophers of the Italian Renaissance, Descartes, Spinoza, Rousseau, Hume, Kant, Hegel, and Schopenhauer. In relation to romanticism itself, he distinguishes between two aspects—"benign romanticism" and "Romantic pessimism"—that took on renewed importance in the twentieth century.

Eros and the Romantics: Sexual Love as a Theme in Coleridge, Shelley and Keats - Gerald E. Enscoe 1962

Female Voices in Keats's Poetry - Argha Banerjee 2002

The Book, Female Voices In Keats'S Poetry Studies Some Major Women Figures In John Keats'S Poetry In The Light Of Recent Criticism Of Sexual Ambiguity In Keats. Sexual Ambiguity, As Scholars Have Discussed, Refers To The Sexual Identity Or Fragmented Poetic Self As Reflected In John Keats'S Verse. It Examines Some Central Women Characters Of Keatsian Verse In The Light Of This Dual Strand: First, As To How Far These Women Figures Are Projections Of Keats'S Own Poetic Self; And Secondly, What Do They Reveal, As Regards Attitudes Of A Male Poet Towards Women. A Study Of These Women Figures Provides Interesting Observations On Feminine Projections Besides Trying To Correlate The Shaping Of These Attitudes With The Psychological And Biographical Strands Of The Poet'S Life. The Study Of Keatsian Verse Complicates The Issue Of Gender, Has Already Been Highlighted By Recent Criticism. The Book Examines The Female Characters In His Poetry In The Light Of Deeper Conflicts, Complexities

And Confusions Within Keats'S Own Poetic Self.
The Contours of Masculine Desire - Marlon
Bryan Ross 1989

This is the first extended study of the role gender plays in the writing, reading, publishing, and reviewing of poetry in late 18th-century and early 19th-century Britain. Ross examines the ways in which Romanticism has been constructed, from the Romantic period to the present, as a masculine enterprise. He then traces the growth of a "feminine" poetic tradition from 1730 to 1830, showing the importance of this previously neglected tradition in the understanding of 19th-century British culture, and the development of current literary history, theory, and taste.

Text World Theory and Keats' Poetry - Marcello Giovanelli 2013-10-17

Uses and further develops text world theory via stylistic exploration of Keat's poetry.

Eros and the Romantics - Gerald Enscoc
1967-01-01

Imageless Truths - Karen A. Weisman
2016-11-11

In *Imageless Truths*, Karen A. Weisman offers a new reading of Shelley's work in the context of the poet's changing constructions of poetic fictions. Shelley's understanding of language in general, and of the fictions and their rhetorical trope in particular, evolved throughout his career, and Weisman argues that it is in his self-consciousness over these transformations that we can find the primary motivating factor in the poet's philosophical and literary development. Weisman discerns in Shelley an ongoing quest for a mode of fiction-making that can accommodate both the poet's belief in a "metaphysical ultimate" and his anxiety over the implications of grounding poetic fictions too firmly in the details of everyday life. If Shelley's awareness of fictionality is a major element in the poetry, it is an awareness that comes with the troubled sense of the limits of fiction. Weisman contends that it is this persistent, double-edged anxiety that distinguishes Shelley from the other English Romantics. Her point is not intended to deny the validity or the

continuing relevance of the deconstructionist perspective, nor the value of its various claims for Shelley; she is simply concerned that the instability of poetic fictions was eventually perceived as a "given" by Shelley, as the beginning premise which he acknowledged and then tried to move beyond. *Imageless Truths* will be of interest to students and scholars of English literature.

Time of Beauty, Time of Fear - James Holt McGavran 2012-05-10

Displaying careful scholarship, sophisticated use of contemporary literary theory, and close readings of texts while recovering and analyzing materials from more than two centuries of British and other Anglophone cultural history, this collection of new essays traces the evolution of the Romantic child. The contributors play off one another, both within the three traditional historical periods--Romantic, Victorian, and modern/postmodern--and across intellectual and disciplinary categories.

Keats's Boyish Imagination - Richard Marggraf Turley 2012-12-06

For many readers, John Keats's achievement is to have attained a supreme poetic maturity at so young an age. Canonical poems of resignation and acceptance such as 'To Autumn' are traditionally seen as examples par excellence of this maturity. In this highly innovative study, however, Marggraf Turley examines how, for Keats, an insistence on 'boyishness' in the midst of apparent mature imagery is the very essence of his political contestation of the literary establishment.

Samuel Taylor Coleridge - Harold Bloom 2010
"A complex critical portrait of one of the most influential writers in the world, Samuel Taylor Coleridge"--Provided by publisher.

Reading The Eve of St. Agnes - Center for Advanced Study Professor of English Jack Stillinger, PH D 1999

Agnes," Jack Stillinger examines the continuous inexhaustibility of this one poem, theorizing about the reading process, the nature and whereabouts of "meaning" in complex works, and the connection between multiple meanings and canonical status in literature."--BOOK JACKET.
