How To Attract Women With Humor - Leonard Bustos
2013-09-16

I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have

an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women

desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing

with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that

you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.

Men are from Mars, Women

are INSANE - Chris Mauns
Does your woman do things that go against all rhyme and reason? Is she a smoldering volcano always ready to explode? And why does she keep on buying shiny things? This little guide to women will teach you how to be in a relationship and still keep at least SOME of your sanity/freedom. We start from the very beginning by explaining what a woman really IS by comparing her to better known everyday objects like a Computer, a Rock, and a Parrot. Learn about: different types of women common relationship problems fending off marriage/kids signs that your relationship is heading for doom how hormones screw up your sanity why marriage is a

scam and much, much more! After reading this book you will also know how to choose the best specimen, what love really is, and how to ensnare a beautiful woman using only your beard! I know it all sounds too good to be true, but don't take my word for it! Here are some other people's opinions: "Hilarious Book! Every guy should read this! Chris tells some very funny stories and has a good solution to dealing with 1/2 of the world's population." John Holley "This book was a hilarious and pretty accurate read. I look forward to reading more books by you. Good job!" Charli W "I haven't laughed so much in years. Being female I must admit some of the laughter was evil as I recognized other women I know (not me). Definitely a great read. I would recommend it to anyone who likes to at least smile." Author Linda Arditto "Don't buy it!! I FORBID YOU! It's a waste of \$2.99!!" Your woman, just before she flew off to buy yet another \$50 handbag (using YOUR money!) Buy this book

Funny Things Happen - Beryl Clark 2002-11

The daughter of missionaries, Dorothea Chambers Blaisdell spent her childhood and early adult life in Adana, Turkey from 1900 to 1922. She witnessed the upheavals of revolutionary movements against the Ottoman Empire, the tumult in Turkey during the First World War, and the wrenching changes brought about by the establishment of

the Turkish Republic. These were extraordinary times. In these memoirs, she sets these dramatic events against the warmth and intimacy of her missionary home, her girlhood friendships and dreams. We share her growth from a young girl, absorbed with her family and childhood activities, to a mature young woman of courage, charm and skill, fluently working among French, Armenian, Turkish, American and British societies as they struggled to realign their relations following the First World War. Throughout her story, one experiences two levels of existence, one the daily life of a close knit expatriate community, the other, the ever present threat of political, religious and sectarian strife.
