Gaming Masculinity - Megan Condis
2018-05-01

In 2016, a female videogame programmer and a female journalist were harassed viciously by anonymous male online users in what became known as GamerGate. Male gamers threatened to rape and kill both women, and the news soon made international headlines, exposing the level of abuse that many women and minorities face when participating in the predominantly male online culture. *Gaming Masculinity* explains how the term "gamer" has been constructed in the popular imagination by a core group of male online users in an attempt to shore up an embattled form of geeky masculinity. This latest form of toxicity comes at a moment of upheaval in gaming culture, as women, people of color, and LGBTQ individuals demand broader access and representation online. Paying close attention to the online practices of trolling and making memes, author Megan Condis demonstrates that, despite the supposedly disembodied nature of life online, performances of masculinity are still afforded privileged status in gamer culture. Even worse, she finds that these competing discourses are not just relegated to the gaming world but are creating rifts within the culture at large, as witnessed by the direct links between the GamerGate movement and the recent rise of the alt-right during the last presidential election. Condis asks what this moment can teach us about the performative, collaborative, and sometimes combative ways that American culture enacts race, gender, and sexuality. She concludes by encouraging designers and those who work in the tech industry to think about how their work might have, purposefully or not, been developed in ways that are marked by gender.

Post Memes - Daniel Bristow 2019

Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, trololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticos alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES: SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a

My Therapist Says - My Therapist Says 2020-10-06

From the team behind the super-popular Instagram @MyTherapistSays comes this humorous guide that chronicles the exhausting task of navigating the daily, anxiety-ridden struggle that we fondly call life. Including

hilarious memes MTS is known and loved for, along with checklists, prompts, questions from readers, and more, My Therapist Says is the guide you need to achieve your goals, one wrong turn at a time. Have you ever wanted something, pursued it (albeit not quite as gracefully as you would've hoped), failed, and then genuinely asked yourself the question, "Am I delusional?" Well, that's how I began penning this magnum opus. Like the Buddhist's have their Tripitaka, you have...moi. And my therapist, though it's unlikely she'll admit this in public. On the receiving end of a ghosting session? Needing a way to leave a work function without looking like a buzzkill? Having a hard time developing amnesia about your last relationship? Fear not, as I cover everything from circumstantial etiquette to blissful delusion when necessary. So, grab a pen, a box of tissues, a glass of wine, and your bestie, because sh*t is about to get real. And remember, be yourself, be kind, and all that jazz, unless you're a Susan*. If that's the case, try to be literally anyone else. Ugh, my therapist hates that I wrote that. *Susan: Noun and verb. Unpleasant, annoying, and delusional, the Susan is somebody who is literally awful in every way, is liked by no one, but has no clue, no matter how many open clues you give her. If you roll your eyes at this, you're probably a Susan. Uses: Susaning, Susanism. For even more on navigating the mystical tornado of life, get the companion coloring book: My Therapist Says...to Color: Ignore Reality and Color Over 50 Designs Because You Can't Even.

How To Earn More Than \$100 Making Memes - Malik Jordan 2020-04-06

"A useful, short, affordable book that teaches you how to earn more money with memes has finally been written!" -Malik Jordan My name is Malik McCotter-Jordan, but you can call me Malik Jordan. I am the author of this book. How To Earn More Than \$100 Making Memes in 4 Simple Steps 2020 is quite frankly nothing but a short book showing aspiring professional funny meme creators how to make money on fiverr.com. Most authors overpromise and under deliver when they write their book introduction. That is not what I am about to do. In this introduction I will tell you how to earn more than \$100 making memes in 4 simple steps. My advice will be practical and straight to the point. Let's Be Honest Book introductions are basically a form of marketing to get people to buy the book. In this book introduction I am going to be very transparent with you. I'll be so transparent with you that you may lose interest in this book and choose not to buy it and that is fine with me. Did I write this introduction to market it to you and to get book sales? The answer is yes, but I do not want just anyone to buy this book. I want this book to be bought by people who are serious about earning money with memes. Why I Wrote

This Book's Introduction I wrote this book's introduction to get sales and weed out the people who would be wasting their time if they bought this book. I am not like all of the other writers out there. I am not desperate for your money. This book is not for everybody and I knew this before I even began writing it. This is not the book for you if you do not already know how to make memes. This book is for people who already have experience in making memes. This book is for people who would like to know how to go about earning money with their already established meme creating abilities. This book does not teach you how to make a meme. This book doesn't take more than a week to read and it isn't expensive at all. This Book Is Cheap! For just the low price of \$2.99 you can learn how to earn more than \$100 making memes. According to CollegeBoard.com, the national average for college textbooks is \$1,137 per year. You purchasing this book will be an inexpensive investment in your future and if you practice the 4 SIMPLE steps in this book it will pay for itself. 3 Reasons Why This Book Is So Cheap The first reason why this book is so cheap is because most people who would be interested in a book like this are millennials. Millennials are the poorest generation so far. That's why I made this book \$2.99 and not \$14.99 when I self-published it. The second reason this book is so cheap is because it is SUPER short. Usually when you hear advice that is straight to the point it is short. The truth is usually short, straight to the point, and simple, just like this book. The third reason why this book is so cheap is because it didn't take a lot of money to write and self-publish this book in the first place. I don't owe a book publishing company money so I'm not about to charge you over \$10 for a book like this. What You Are Being Sold I'm not selling you the perfect book because the perfect book doesn't exist, no matter how much work I put into it or hire someone else to put into it. I'm selling you a book with practical, easy to understand steps on how to earn more than \$100 making memes. QUICK DISCLAIMER Before I get into the 4 steps that will be taught to you, I want to let you know a few things. This is not a scam. No, the steps will not be easy, but they are not hard either. The 4 steps are SIMPLE. If you aren't satisfied you can get your

money back. Usually, when people do research on how to create an extra stream of income, they come across things like affiliate marketing and making YouTube videos. This book is most likely the first book to ever teach people how to turn their passion for memes into an additional stream of income. Don't Cheat The System The most challenging steps are steps one, two, and four. Step three is the part I am sure you will like the most. Unfortunately, if you do not do steps one and two you will not be able to do the rest of the steps so do not try to cheat this system. You will only be wasting your own time. Can I Earn More Than \$100 Making Memes? I know what you're probably thinking and the answer is yes. You can earn more than \$100 making memes. I have done it before. There is no limit to how much money you can earn making memes. What this book focuses on the most is teaching you and everyone else who buys this book how to earn their FIRST \$100 dollars making memes. As long as you have a talent for making memes and self-efficacy you will be able to earn more than \$100 making memes. Elephant In The Room Now let's address the elephant in the room. You most likely doubt I earned \$100 making memes and that is okay. It is perfectly normal to be skeptical. If I were you I would be suspicious too. I have proof that I earned \$100 making memes. Just visit the following web address <https://tinyurl.com/y972bmoo>. The elephant in the room has finally been addressed and now it is time for you to take action. QUICK SUMMARY STEP ONE - BUILD CREDIBILITY THROUGH CONTENT MARKETING. STEP TWO - EARN MORE THAN \$100 BY STARTING A BUSINESS. STEP THREE - COLLECT YOUR REVENUE AND GET PAID. STEP FOUR - TAKE EVERYTHING YOU HAVE LEARNED AND TURN IT INTO A BOOK THAT YOU CAN SELF PUBLISH ON AMAZON.COM ACT NOW! Do you or do you not want to know how to earn more than \$100 making memes?
