Attached - Amir Levine 2012-01-05

"Over a decade after its publication, one book on dating has people firmly in its grip." —*The New York Times* We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller

scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

If you're in a relationship, you've definitely been caught off guard and left feeling completely dissatisfied after a terrific guy abruptly lost interest in you after initially being quite enthusiastic. Perhaps a long-term lover suddenly started drifting away from you, leaving you terribly distraught. Unfortunately, despite how awful these moments are in a relationship, most women have a tendency to react in ways that are ineffective and only serve to alienate their partner further—possibly permanently. How to Respond When Men Distance Themselves from You or Try to Ignore You No woman can change the fact that every male, no matter how receptive or involved he may seem initially, has the capacity to distance himself and lose interest in her at some point. Being in control of your feelings will make it simpler for you to win a man's heart and make him regard you as an irreplaceable, high-value woman, particularly when his actions endanger your future with him. interest and the things that scare them off from a developing relationship. How to Understand Men and Understand Male Dating Behavior The truth is that a woman may dramatically improve her odds of finding love by doing one straightforward thing: knowing men. Texts So Good He Can't Ignore - Bruce Bryans 2018-05-02

What to Text Him Back to Keep Him Hooked and Make Him BEG to See You Again Did you know that men secretly use texting as a way to "pre-screen" a woman's romantic value? A woman's texting habits can reveal a lot about her self-worth, confidence, intelligence, and even her level of class and emotional maturity. Because guys covertly appraise a woman's relationship potential this way, many women often have no idea that the way they communicate via text is actually sending the wrong message and thus, they unknowingly end up chasing men away. Discover the Secrets of Texting Men to Effortlessly Stand Out from EVERY Other

Woman Men have their own unique way of interpreting a woman's communication attempts. Therefore, although many women mean well, they often do things when texting men that sometimes makes them appear too easy, too needy, too bossy, or too boring...even if these things aren't necessarily true about them. Texting is the one medium of communication in which a great guy can easily get the wrong idea about you. And as these wrong ideas pile up inside his mind, they usually coalesce into a single romance-killing thought: That he can do better than you. So, what's a girl supposed to do then? Simple really. All she needs to do is understand exactly how men appraise female texting habits and how to use this knowledge to differentiate herself as being a high-value woman. Doing so will make it easy for her to stand out from EVERY other woman who texts him. How to Use Texting to Tease, Flirt, and Entice Your Way into Becoming His TOP Priority If you want to arouse the kind of long-term desire in a man that makes him eager to pursue you for dates, romance, commitment, and more, you must take advantage of texting and use it to make subtle and seductive displays of your high-status, and thus, your high-value. What to do (and what NOT to do) if a guy suddenly stops texting you or starts responding to your texts less and less. How to get him to CALL YOU instead of texting all the time. Love Letters to a Sacred Prostitute - Gary 2012-11-08

A spiritual and knowledgeable woman once told me that I was a Sacred Prostitute. She explained that a Sacred Prostitute is someone who soothes, nurtures and heals another and then sends them on their way to find their true destiny, a better, more emotionally complete person for the experience. I was initially confused, but eventually relieved and elated by this possibility. I sometimes felt guilty because it wasn't possible for me to ignore a woman who was strong or beautiful or talented or sweet. I had many deep but relatively short lived relationships. I was in love with many of these women. I respected and admired every single one of them. I found them simply amazing. I was never looking for notches on a bedpost, only searching for my one true Love. Many left me and moved on, found another. I was left alone, again and again, wondering...But maybe there was a reason for such an active lovelife. Maybe I really am a Sacred Prostitute! After all, very few of the women seemed to hate me when we parted. And most were married shortly after their time spent with me. I can't tell you why I was chosen as a Sacred Prostitute. I can't tell you how to become one yourself. But, in this book, I share the journeys, the thoughts and passions of 89 women that loved one, in their own words.

So Good They Can't Ignore You - Cal Newport 2016-12-01

Cal Newport's clearly-written manifesto flies in the face of conventional wisdom by suggesting that it should be a person's talent and skill - and not necessarily their passion - that determines their career path. Newport, who graduated from Dartmouth College (Phi Beta Kappa) and earned a PhD. from MIT, contends that trying to find what drives us, instead of focusing on areas in which we naturally excel, is ultimately harmful and frustrating to job seekers. The title is a direct quote from comedian Steve Martin who, when once asked why he was successful in his career, immediately replied: "Be so good they can't ignore you" and

that's the main basis for Newport's book. Skill and ability trump passion. Inspired by former Apple CEO Steve Jobs' famous Stanford University commencement speech in which Jobs urges idealistic grads to chase their dreams, Newport takes issue with that advice, claiming that not only is this advice Pollyannish, but that Jobs himself never followed his own advice. From there, Newport presents compelling scientific and contemporary case study evidence that the key to one's career success is to find out what you do well, where you have built up your 'career capital,' and then to put all of your efforts into that direction.

How to Get the Girl Ignore and Score: Dating Mindsets Explained - Robert Belland 2012-11-01

Our mindsets drive the emotions we have, the decisions we make, and the women we attract into our lives. This book outlines the very best dating mindsets I've tested, experienced, and found most successful. Getting the girl isn't just a Hollywood fantasy; attracting beautiful women isn't the sole domain of the super rich, the super hunk, or the outrageously gifted. Attracting and dating beautiful women isn't about magic and pickup lines, it's about your mindsets, basic human insights, and a little female psychology. This book outlines the FOUR FOUNDATIONS of successful dating: Attraction, Rapport, Leading, and Escalation. ATTRACTION is about tension and her emotional response to you. RAPPORT is about intimacy and her emotional connection with you. LEADING is about challenging your fears and taking action while communicating sincerity through your actions. ESCALATION is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go.
