On a tropical island vacation, virgin Sophie Walker turns up the heat with British Tycoon Clayton Sinclair. But is his possessive side too much for her to handle? Bored with life, my two best friends and I take off for a much needed vacation to the Maldives Island! I was ready for

All four books from The Mad Love Series is included in this box set! Mad Love Madly Addicted Mad Love 2 Madly in Love *Be a Man!* - Larry Richards 2009-09-15 Men are rediscovering the importance of the spiritual life. And Father Larry Richards is helping them do it. While some writers apply a one-size-fits-all approach to the Christian life, Father Richards draws on his many years of ministry and his own experience as a man to inspire other men as men. In *Be a Man!*, he recounts his struggles to learn true manhood, as well as the inspiring stories of others he has served in his decades as a priest. He tells men how to focus on the right goal, how to live as a beloved son of God, of the need to acknowledge one's faults and to live according to the Holy Spirit, to be a man of true love and of wisdom, to appreciate properly the differences between men and women, to pursue holiness, and to make a difference in the world. Not preachy but direct, Father Richards challenges men to be strong, without putting on a mask of false strength or machismo. He calls men to admit their weaknesses and limitations, while urging them to find strength in faith and genuine love to overcome their sins and faults. Although a celibate priest, he minces no words when it comes to the place of sexuality for the unmarried man as well as for the married man. He shows that true manliness is not opposed to love but thrives on it. Father Richards stresses that a relationship with Christ reveals the meaning of a man's life and his identity as a man. He inspires men to become the true heroes they long to be men of authentic courage, compassion and integrity. This is a highly readable book for men by a man who knows how to talk to men about the things that matter most.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral

to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Easiest Way to Meet and Pick Up Girls-Ever!! - Dusty White 2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

and that something he thought he could never get back, that was until he noticed his brothers interest in a certain intriguing young woman that he could barely get a glimpse of. Every time he saw them together from a far, he'd find himself glued to her every movement, even something as small as the slight breeze blowing through her short curly hair. She wore shades most of the time but he could never shake the feeling that for some reason she was what he had been waiting for. The only problem was his little brother was growing attached to her. Falling for her. Young Brandon Wells had often felt second best to his famous brother that was until he met Len. Len was the type of girl that was down to earth, spoke her mind, and liked him for who he was and not whom he was related to. That was quite refreshing for a young college student like Brandon Wells who was always referred to by the female species as CJ Wells cute little brother. Len was beautiful, sexy, and easy to talk to. He was really feeling her, but she was still stuck in the past and he was determined to break through that wall and make her his future. Braylen had left her heart in Chicago a long time ago and it hadn't beat since but why was it that every time Brandon's brother pulled up she felt a slight twitch of her heart something she hadn't felt in almost six years. Why was it that every time she looked into Brandon's eyes she felt she was looking at someone else. Braylen had to stay focused on her studies and making a better life for her and her young son. She had no time for dates and wondering what lied in Brandon's eyes. She knew Brandon was looking for more in their friendship but she didn't have anything else to give. She felt guilty for stringing him along but truth be told she was lonely and he reminded her of someone she never forget and thought she never see again. However, life had other plans for her.

Living an Extraordinary Life - Robert White 2008-10

In this long-awaited first book, founder of Lifespring, ARC International and Extraordinary People Robert White looks at why some people live fulfilled, successful lives; while for others, contentment and real success always seem to be just out of reach. How is it that some people know what they want and go for it, while others flounder and struggle and never seem to discover their real goals and purpose in life? Why are some people able to live extraordinary and joyful lives while, for others, life seems repetitive, flat, a giant yawn, an exercise in high drama or run by fear? Robert White does not pretend to have all the answers. However, after over thirty years founding and leading companies that have graduated over one million participants from high-impact personal and
