Moustaches, Whiskers and Beards - Lucinda Hawksley 2014

Taking as her starting point images from the holdings of the National Portrait Gallery, London, writer and art historian Lucinda Hawksley explores the history of facial hair, from prehistoric times to the present day. By way of introduction, she investigates the Pharaonic beard in ancient Egypt, the work of

barbers in classical Greece and Rome, and the role of facial hair at the time of the Vikings and in Medieval and Renaissance Europe. With reference to portraits from the Gallery's collections and archives, Hawksley explains the Tudor beard tax and why Regency beaus grew whiskers. She also looks at the rise of the beard at the time of the Crimean War, the rules on facial hair in the army, navy and air force, the

hippies' penchant for long hair in the 1960s and the most recent fashion for facial hair in the twenty-first century. Lively and engaging feature pages include *The Widdowes Treasure* (a sixteenth-century book that contains a recipe to make "the haire of the bearde grow"), *Record Breakers* (the world's longest moustache and beard), and *Women and Facial Hair*; there are also explorations of how medical advances and the rise of advertising have affected male grooming. Entertaining and informative, this fascinating foray into our hairy past is the perfect gift for the pogonophile in your life--or indeed anyone interested in the long and curly history of moustaches, whiskers and beards.

Laxmi's Mooch - Shelly Anand 2021-03-02

A joyful, body-positive picture book about a young Indian American girl's journey to accept her body hair and celebrate her heritage after being teased about her mustache. Laxmi never paid much attention to the tiny hairs above her lip. But one day while playing farm animals at

recess, her friends point out that her whiskers would make her the perfect cat. She starts to notice body hair all over--on her arms, legs, and even between her eyebrows. With her parents' help, Laxmi learns that hair isn't just for heads, but that it grows everywhere, regardless of gender. Featuring affirming text by Shelly Anand and exuberant, endearing illustrations by Nabi H. Ali, *Laxmi's Mooch* is a celebration of our bodies and our body hair, in whichever way they grow.

Geniuses, Addicts, and Scribbling Women - Cynthia Cravens 2022

have influenced art, culture, and the representation of power for more than 2,000 years. What does the face of power look like? Who gets commemorated in art and why? And how do we react to statues of politicians we deplore?

God Has Your B.A.Q. - Mark Hamric 2013-12
Have you ever taken the time to ask God some important questions about life or personal matters, or just asked for a little help in understanding the Bible? These are real questions from people of all walks of life; some of these questions are of a serious nature, and some are challenges to faith. I believe God has helped me to answer them from a biblical perspective. My own rocky walk through this valley of the shadow of death has taught me many things. Even as a Christian who has learned to rely on God, I still have my challenges; however, I can say with some confidence that the Lord is indeed my shepherd, and the answers I provide in this book come

from that experience. My hope is that you will be awakened to deeper things and greater understanding of the God who loves you. Some topics of interest: Studying and Comprehending the Bible Prayer Morality Christianity Jesus Church Theology Other Religions Spiritual Gifts and the Supernatural Science and the Bible Sex, Marriage, and Relationships

Plucked - Rebecca M. Herzig 2016-11

"From using clamshell razors and homemade lye depilatories in the colonial era to using diode lasers and prescription pharmaceuticals in the twenty-first century, Americans have gone to great lengths to remove body hair deemed unsightly, unattractive, or unhealthy. In *Plucked*, Rebecca M. Herzig examines both the causes and consequences of routine hair removal in the U.S. *Plucked* illuminates some of the broad social and environmental effects of seemingly 'personal' choices: widespread experimentation on animals, exploitation of workers, exacerbation of racial divisions, and more. An

engrossing, multidimensional history of cultural attitudes toward body hair and the increasingly sophisticated tools used to remove it, Plucked reveals the complex political significance of even the most mundane activities of modern life."-- Back cover.

Plain Women - Margaret C. Reynolds 2001

Despite the great interest in "plain" groups in recent years, comparatively little has been written about women and the particular role they play in preserving traditional religious and cultural values in the modern world. In *Plain Women*, Margaret C. Reynolds portrays the women of the Old Order River Brethren, a significant branch of the Brethren in Christ located mainly in Pennsylvania. The members of this conservative offshoot of the Brethren are often confused with the Amish because of their plain attire, but, unlike the Amish, they have made some notable concessions to the modern world—including the use of automobiles, computers, and home appliances. Noting these

accommodations to modern American life, Reynolds examines the ceremonies and traditions that allow the Old Order River Brethren to remain "separate" from other plain groups and from contemporary mass culture. She describes, for example, the love feast communion, a service that involves footwashing and a breadmaking ritual (one unique to the Old Order River Brethren and solely performed by women). Reynolds focuses in particular on the gendered customs of dress, hair, and domesticity that shape women's lives and, in so doing, preserve the minority faith itself. *Plain Women* is the first volume in the new Pennsylvania German History and Culture Series, published in cooperation with the Pennsylvania German Society. This series is a continuation of the Society's annual volumes on Pennsylvania German scholarship in disciplines such as history, religion, folklore, literature, and arts.

Beauty and the Mustache - Penny Reid

2014-08-24

There are three things you need to know about Ashley Winston: 1) She has six brothers and they all have beards, 2) She is a reader, and 3) She knows how to knit. Former beauty queen, Ashley Winston's preferred coping strategy is escapism. She escaped her Tennessee small town, loathsome father, and six brothers eight years ago. Now she escapes life daily via her one-click addiction. However, when a family tragedy forces her to return home, Ashley can't escape the notice of Drew Runous—local Game Warden, bear wrestler, philosopher, and everyone's favorite guy. Drew's irksome philosophizing in particular makes Ashley want to run for the skyscrapers, especially since he can't seem to keep his exasperating opinions— or his soulful poetry, steadfast support, and delightful hands—

to himself. Pretty soon the girl who wanted nothing more than the escape of the big city finds she's lost her heart in small town Tennessee. *Beauty and the Mustache* is book #4 in the *Knitting in the City* series, and book #0.5 in the *Winston Brothers* series. Each book is a standalone, full length (110k words), contemporary romantic comedy novel, and follows the misadventures and exploits of seven friends in Chicago, all members of the same knitting group.

Concerning Beards - Alun Withey 2021-02-11
"Through an exploration of the history of male facial hair in England, Alun Withey underscores its complex meanings, medical implications and socio-cultural significance from the mid-17th to the early 20th century. Withey charts the gradual shift in concepts of facial hair, and shaving - away from 'formal' medicine and practice - towards new concepts of hygiene and personal grooming"--

The Facial Hair Handbook - Jack Passion
2009-05

Reigning world champion of beards, Jack Passion, takes the reader through the lifecycle of growing, grooming, getting rid of facial hair. The decision to grow, how to style, and even what to say to women who don't like a beard are all topics covered in the most definitive guide to facial hair ever written.

Hiroshima - John Hersey 2019-06-05
Pulitzer Prize-winning journalist and bestselling author John Hersey's seminal work of narrative nonfiction which has defined the way we think about nuclear warfare. "One of the great classics of the war" (*The New Republic*) that tells what happened in Hiroshima during World War II through the memories of the survivors of the first atomic bomb ever dropped on a city. "The perspective [Hiroshima] offers from the bomb's actual victims is the mandatory counterpart to

any Oppenheimer viewing." —GQ Magazine
"Nothing can be said about this book that can equal what the book has to say. It speaks for itself, and in an unforgettable way, for humanity." —The New York Times
Hiroshima is the story of six human beings who lived through the greatest single manmade disaster in history. John Hersey tells what these six -- a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest -- were doing at 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city. Then he follows the course of their lives hour by hour, day by day. The New Yorker of August 31, 1946, devoted all its space to this story. The immediate repercussions were vast: newspapers here and abroad reprinted it; during evening half-hours it was read over the network of the American Broadcasting Company; leading editorials were devoted to it in uncounted newspapers. Almost four decades after the

original publication of this celebrated book John Hersey went back to Hiroshima in search of the people whose stories he had told. His account of what he discovered about them -- the variety of ways in which they responded to the past and went on with their lives -- is now the eloquent and moving final chapter of Hiroshima.

Karma Khullar's Mustache - Kristi Wientge
2017-08-15

Debut author Wientge tackles the uncomfortable--but all too relatable--subject of female body hair and self-esteem with this sweet and charming novel in the tradition of Judy Blume.

Grin and Beard It - Penny Reid 2016-05-31
From the NEW YORK TIMES, WALL STREET JOURNAL, & USA TODAY bestselling series Sienna Diaz is everyone's favorite "fat" funny lady. The movie studio executives can't explain it, but her films are out-grossing all the fit and trim headliners and Hollywood's most beautiful elite. The simple truth is, everyone loves plus-

Downloaded from
legacy.opendemocracy.net on
2019-09-11 by guest

sized Sienna. But she has a problem, she can't read maps and her sense of direction is almost as bad as her comedic timing is stellar. Therefore, when Sienna's latest starring role takes her to the Great Smoky Mountains National Park she finds herself continually lost while trying to navigate the back roads of Green Valley, Tennessee. Much to her consternation, Sienna's most frequent savior is a ridiculously handsome, charming, and cheeky Park Ranger by the name of Jethro Winston. Sienna is accustomed to high levels of man-handsome, so it's not Jethro's chiseled features or his perfect physique that make Sienna stutter. It's his southern charm. And gentlemanly manners. And habit of looking at her too long and too often. Sienna has successfully navigated the labyrinth of Hollywood heart-throbs. But can she traverse the tenuous trails of Tennessee without losing her head? Or worse, her heart? ***** Read the entire Winston Brothers series! Faces around the World - Margo DeMello

2012-02-14

This book provides a comprehensive examination of the human face, providing fascinating information from biological, cultural, and social perspectives. Our faces identify who we are—not

only what we look like and what ethnicities we belong to, but they can also identify what religions we practice and what personal ideologies we have. This one-of-a-kind A-Z reference explores the ways we change, beautify, and adorn our faces to create our personalities and identities. In addition to covering the basics such as the anatomical structure and function of parts of the human face, the entries examine how the face is viewed around the world, allowing students to easily draw connections and differences between various cultures around the world. Readers will learn about a wide variety of topics, including identity in different cultures; religious beliefs; folklore; extreme beautification; the "evil eye;" scarification; facial piercing and facial tattooing masks; social views about beauty including cosmetic surgery and makeup; how gender, class and sexuality play a role in our understanding of the face; and skin, eye, mouth, nose, and ear diseases and disorders. This

encyclopedia is ideal for high school and undergraduate students studying anthropology, anatomy, gender, religion, and world cultures.

Women with Mustaches and Men Without Beards - Afsaneh Najmabadi 2005-04-25

"This book is groundbreaking, at once highly original, courageous, and moving. It is sure to have a tremendous impact in Iranian studies, modern Middle East history, and the history of gender and sexuality."—Beth Baron, author of *Egypt as a Woman* "This is an extraordinary book. It rereads the story of Iranian modernity through the lens of gender and sexuality in ways that no other scholars have done."—Joan W. Scott, author of *Gender and the Politics of History*

Tales To Twist Your Moustache - Dennis Warren 2020-06-08

"Tales To Twist Your Moustache" is the first short story anthology by author, illustrator, musician, and professional wrestling personality, Dennis Warren. This book includes all three of

Warren's early short stories and is the first to feature these supernatural tales of horror, hell, and the holidays together in print. Even if you don't have a mustache currently adorning your face, these stories will be sufficiently twisted to satisfy your crooked cravings for supernatural suspense! Find yourself lost on a lonely road where you must prepare for a most peculiar paranormal encounter in "Her Face". Meet a very good cop having a very bad day in "The Uninvited Guest", and find out what happens when one man takes on the end of the world. Holiday cheer comes any time of the year in "The Merry Christmas Ghost", where retribution finds a criminal when he attacks a woman inside a her haunted apartment on Christmas Eve. Also photos, illustrations, and "The Spectacular Secret Origin Of Dennis Warren", a not so brief autobiographical blurb detailing the author's background in heavy metal music, comic books, pro wrestling, and how he became a writer of books. So get comfortable, sit back, relax, and

prepare to be transported into the spooky, spine-tingling, mustache twisting tales created by Dennis Warren.

Your Money or Your Life - Vicki Robin

2008-12-10

A fully revised edition of one of the most influential books ever written on personal finance with more than a million copies sold "The best book on money. Period." -Grant Sabatier, founder of "Millennial Money," on CNBC Make It "This is a wonderful book. It can really change your life." -Oprah For more than twenty-five years, *Your Money or Your Life* has been considered the go-to book for taking back your life by changing your relationship with money. Hundreds of thousands of people have followed this nine-step program, learning to live more deliberately and meaningfully with Vicki Robin's guidance. This fully revised and updated edition with a foreword by "the Frugal Guru" (New Yorker) Mr. Money Mustache is the ultimate makeover of this bestselling classic,

ensuring that its time-tested wisdom applies to people of all ages and covers modern topics like investing in index funds, managing revenue streams like side hustles and freelancing, tracking your finances online, and having difficult conversations about money. Whether you're just beginning your financial life or heading towards retirement, this book will show you how to:

- Get out of debt and develop savings
- Save money through mindfulness and good habits, rather than strict budgeting
- Declutter your life and live well for less
- Invest your savings and begin creating wealth
- Save the planet while saving money
- ...and so much more!

"The seminal guide to the new morality of personal money management." -Los Angeles Times

Of Beards and Men - Christopher Oldstone-Moore 2017-03-21

Beards—they're all the rage these days. Take a look around: from hip urbanites to rustic outdoorsmen, well-groomed metrosexuals to

Downloaded from
legacy.opendemocracy.net on
2019-09-11 by guest

post-season hockey players, facial hair is everywhere. The New York Times traces this hairy trend to Big Apple hipsters circa 2005 and reports that today some New Yorkers pay thousands of dollars for facial hair transplants to disguise patchy, juvenile beards. And in 2014, blogger Nicki Daniels excoriated bearded hipsters for turning a symbol of manliness and power into a flimsy fashion statement. The beard, she said, has turned into the padded bra of masculinity. *Of Beards and Men* makes the case that today's bearded renaissance is part of a centuries-long cycle in which facial hairstyles have varied in response to changing ideals of masculinity. Christopher Oldstone-Moore explains that the clean-shaven face has been the default style throughout Western history—see Alexander the Great's beardless face, for example, as the Greek heroic ideal. But the

primacy of razors has been challenged over the years by four great bearded movements, beginning with Hadrian in the second century and stretching to today's bristled resurgence. The clean-shaven face today, Oldstone-Moore says, has come to signify a virtuous and sociable man, whereas the beard marks someone as self-reliant and unconventional. History, then, has established specific meanings for facial hair, which both inspire and constrain a man's choices in how he presents himself to the world. This fascinating and erudite history of facial hair cracks the masculine hair code, shedding light on the choices men make as they shape the hair on their faces. Oldstone-Moore adeptly lays to rest common misperceptions about beards and vividly illustrates the connection between grooming, identity, culture, and masculinity. To a surprising degree, we find, the history of men is written on their faces.
