Female Orgasm Michael Bush 2018-04-10 To satisfy a woman on bed especially for those with a small penis might be quite difficult if you don't understand the basics behind making a woman orgasm. Before writing this masterpiece, I spoke to more than 500 women who have experienced orgasm. The statistics are written below; 51% said that they anticipated the sex so badly that they climaxed few minutes after the man started thrusting. 30% said that the man started out with a fantastic foreplay and hit the right spots when he started thrusting. 19% said that they had no idea what the man did, but the sex was wonderful. The question is where exactly is the right spot? If you know about the G-spot but have no idea how to hit it right during sex, then there is a problem. This book will show you exactly how you can make a woman anticipate sex so bad that you would have a field day getting her to climax The right way to go about foreplay,

Lesbian Sex Secrets for Men Jamie Goddard 2002-11-07 'The aim of Lesbian Sex Secrets for Men is to teach men what lesbians know about pleasing women. This is more than a primer on body parts and oral sex (though yes, there's plenty of that). It's also about how to talk (the best way to find out what your partner likes), how to listen, how to open up, and how to get your mind off your member. The chapter entitled "Foreplay? Honey, It's All Play!" should make women cheer. The writing is clever, graphic, intimate, and festive. No subject is off limits: sex toys, sex during menstruation ("When the Moon Is Between Her Legs"), "Finger Love (Becoming a Digital Master)," "The Lowdown on Going Down," anal play ("Ass-istance for Two"), and much more. In many short quotes, women frankly discuss their likes and dislikes. Notes of special importance, titled "Honey, Come Closer," include: "Quit thinking of the clitoris as a little pea-sized bump.... It is actually a whole system of erectile tissue, spongy tissue, muscles, nerve endings, blood vessels, and glands." "By taking your time, not only do you create steamy anticipation in your partner; you also get to check out the territory and get a good sense of where everything is so there is no clumsy fumbling." "A steady hand is worth a thousand orgasms." If men understood what great sexual tools their brains, mouths, and hands were, say the authors, they'd see sex and pleasure differently and communicate in new ways. This book is guidebook and roadmap--and very entertaining besides! (Warning: If you're offended by slang terms for sex and sexual parts, this book isn't for you.)' --

Really Satisfy a Woman? Then read on...Based on empirical evidence, women in same sex encounters report more pleasure and satisfaction. According to the groundbreaking Shere Hite report on Female Sexuality (described as one of the 100 key books of our time by the Times) 52% of women in the UK ALWAYS orgasm when with a woman!! In Australia and New Zealand that's even higher! 60 % and 61% respectively.

Furthermore when asked 'are you curious or would you like to try a sexual relationship with a woman'. . . .71% of UK women said yes! And in Australia and New Zealand its 78% and 80%.Furthermore ancient texts advocate the immense sexual

potential of women, in fact in 15AD a spiritual leader in the East declared that when God was giving out sexual desire one tenth went to men, and a whopping nine tenths went to women!

Through it all, one truth has remained - women inherently know how to please and satisfy women in a way that, until now, has received little recognition. The Kama Sutra, Ananga Ranga, The Perfumed Garden, and The Tao have all touched upon these areas, but none have fully explored the process and learning to be gained by women who love women.Intense desire, coupled with a not so fulfilling bedroom life, means a tide of sexual frustration sweeping many women!However the situation is not as bleak as it seems. In discussions with numerous bisexual and lesbian women a number of factors have been isolated which may hold the key to bringing pleasure and satisfaction to many women.- Develop a great appreciation of your partners body. Large, small, simply show your appreciation in words or touch, make her feel truly admired. - Facilitate relaxation. In other words take the time to relax the lady in your life - talk, give her a massage, rub her hands, play some music. Remember relaxation precedes arousal - therefore the more relaxed the lady, the greater will be her arousal, and response to your touch.- Increase your foreplay

repertoire! For many couples there seem to be degree of focus on two strategic points. By expanding your vision to include often neglected areas such as the neck, back, forehead, eyes, hips, hands - you will be able to provide greater stimulation to her body, and increase arousal. Just make sure you keep this up for at least 20 - 30 minutes to create the desired effect.- Holistic seduction : Vary the stimulation when seducing your love object. Find out her likes and dislikes, interests, hobbies, and talk about them. Make her really feel listened to.. Now use your body language, words, questions, and atmosphere to create the seduction. Your body language should be open and relaxed; your words gentle and pleasing to the mind; the tone of your voice - deep, gentle and steady; slowly steer your line of questioning to sensual topics - i.e. her favorite food, types of massage she likes, the forms of art she admires. This will stimulate her inherent sensuality.- Holistic lovemaking : involve her mind, body and soul. The central idea here is to fundamentally create a sense of connection. By creating this feeling, you will be involving her mind, body and soul in the process, and thereby increase her response to you and her pleasure. Tantric exercise such as simply looking into each other's eyes - creates an intense bond, and fires neurons in the brain responsible for making us feel grounded, protected, and valued. Lye face to face, or sit face to face and simply gaze into each other's eyes. A variation of this is to sit, lie, or stand face to face (with eyes closed and foreheads touching) and simply feel the connection. Once you are familiar with these exercises try co-ordinating your breathing, to create an even greater feeling of connection.- Discover her body, find out her preferences! Is she a G-Spot or clitoral woman? Taylor you positions to give her - her favorite stimulation. As a general rule - positions which stimulate the clitoris are usually face to face, and those tha

and impressionable message, your strategy to seduce her and your sex. You will see my recommendations on your personal style. I will suggest you how to dress, act and how to make the first impression. After reading my book, you will become professional in sexual area. I do not doubt you have enough experience in this field, but there is somewhat unsaid in books and websites, which you have read. You will become familiar with woman anatomy, as long as it is the major part of your education. I will show you areas and zones on a woman body, which are mostly sensitive and give unforgettable pleasure to every woman. Your sexual health is a thing, which may make you pleased or sad with the quality of your sexual life. To be fully sexually happy, you need to be fully sexually fit. That is the chief rule you should memorize. Every time I write a new book, I try to help people and give them useful and helpful information. I am so sad when some men, who face sexual problems, decide to search the treatment in different websites, blogs and forums. I am sure that such men are so disappointed, when suggestions and advices from web do not help them and their problems still remain. Information given in websites is mere thoughts of the same problematic, non-professional men and they usually harm rather than help you. The guidelines given in forums are often very short and are not applicable to every individual person. My recommendations will help you to improve your relationship with women, your understanding and the quality of your sexual life. Information given in this book will be practical and helpful for every man, not depending on your age, race, religion, beauty, sexuality, education and financial status. Just read, contemplate, and apply the instructions in your life. After finishing reading this book, you will discover yourself more sexually and psychologically educated. You will obtain self-confidence and your self-estimation will considerably rise up. My book changes your worldview and your look at different things. Do not consider the book as a common sex guide, because it is not what you are anticipating to be. It is

totally universal book. It teaches you to be handsome and stylish, sexy and vogueish, professional and seductive. To succeed in any activity, you need to be morally and mentally prepared. That is why I began my book from chapters, which will prepare you mentally for your sexual success. To physically and morally satisfy a woman, you need to superbly know her psychology, complexes, wishes, aims, dreams and sexual secrets, which can be unsealed by the methods, taught in my book. When I started to write this book, I did not put an aim in front of myself to make a perfect seducer from you. No. I want to make you perfect and ideal man in the field of women communications. If you really understand what I tell you in this book, you will become a perfect friend, great seducer, superlative sexual partner for any woman. Women will idealize you as a real man. Further, while reading, you will discover that my information is original and unique. You will not find it elsewhere. I will tell you about different women types, moral and psychological portraits. You will learn how to analyze a woman, unseal her real character and apply suitable seduction methods.

The Perfect Sex Guide How to Make Her Explode Tino Mario 2017-02-21 Have you ever wondered what it was that appeals to woman about Italian men? French men also have a certain "je ne

sais quoi" but do you know why this is? In this book, I will explain why the appeal is so universal among women and what it is that these men have that perhaps you don't. Ask a woman about a fantasy romance, and no doubt, the idea of making love with a passionate Italian may figure in her dreams. It's not that she's even interested in being with a man of another culture. It's just that Italians have long since learned the art of lovemaking and do it with panache. Men, on the other hand, may think of an Italian woman as being hot, but it's the combination of man and woman that makes them like that. So what is it in the approach that is different? What makes a woman explode with passion? Well, I have been studying the subject for a rather long time and my findings may not be what you expect to read. However, they are accurate, bearing in mind both the male and female point of view. You may think that your macro approach to sex is working, but you may actually be surprised to know that being macho is low on the list of priorities when it comes to pleasing a woman in bed. Macho men are all about proving what they can do. They are less interested in caring about what the woman thinks or feels. These are the guys who boast about knowing all the secret parts of a woman, but who are least likely to be in the know. Why? Well, the fact is that women don't usually discuss their delicate parts with someone who has this attitude. Thus, it will only be by a sheer fluke of nature that she may actually climax during lovemaking. Wouldn't you prefer that your approach was what made sure she would be satisfied? As you read through the book, be prepared to see that a traditionalist approach is not going to gain you any brownie points. If you really want to make a woman sexually stimulated and happy, you need to appreciate that her part in the whole act of lovemaking is every bit as vital as his. It's not just a case of how hard you are. Neither is it a case of how much thrust you have. It's a two-way process and she needs to feel secure enough to let go. That won't happen if you don't teach her that she can relax and be herself with you, and most women can't do

that, left to their own devices. It's an unfair world, though the classic view of a woman is that she doesn't have opinions when it comes to sex, or at least should not express them. If you are of this opinion, then this book is not written for you. It is written for those open minded enough to realize that the part a woman and man play in bed is equal or for those who wish it to be. I will show you what Italian men do that you may never have thought of! Here is a Preview of what You'll Learn... The Approach The purpose of foreplay The Different Types of Climax for a Woman The heavy uncontrollable climax Locating the G-spot Sex Toys.... And Much, Much More!

How to Satisfy a Woman Every Time Naura Hayden

The Art of Pleasure Ryan Darrel 2019-05-13 Do you know what it feels like to have your spouse do you - not just bringing you to orgasm or have intercourse - but really do you? Do you know what it feels like to do your spouse? The fine art of doing and being done. I've got news for you - equity has no place when it comes to eroticism and sex matters. The ability to take your partner (or be taken by them) embodies a lusty, lascivious eagerness for pleasure. This isn't crudeness - quite the opposite - it's a deliberate intent to arouse (and satisfy) passionate sex on the moon. If you're one of the many who've yet to experience this level of passion and eroticism in your relationships, or if you've had a taste of it but it faded over time, the Art of Pleasure will help you to activate and reawakened this passion once more. So how do you reach this level of eroticism and sexual passion? For many people, this part of themselves is yet to be born. When we climb into bed with our spouse, we each carry different expectations, hopes, plans, and passions to the experience about to unfold. Let's face it, on a basic biological level men and women are different. Arousal, pleasure, eroticism, power, even orgasms are different. Many men can be quite envious of a woman's orgasm. Look at the differences between us, when a man has an orgasm, while the

feeling is great it seems to pale in comparison to a woman's. A woman is capable of full body orgasms. It seems to pulsate like waves throughout her entire body. Plus, and the biggest source of male envy, a woman is capable of wave after wave. A man has to have some recovery time. Just look at the different faces and expressions between the two sexes and you'll get confirmation of the difference. So rather than focus on the differences that separate you and your spouse, what if you brought more of yourself to the party? And they brought more of themselves? Could you handle that? Many of you will quickly reply ... yes! Really though? Think about it this way, to my male readers, can you really handle a full grown woman? One who knows what she wants sexually and how she wants it? A woman in touch with her raw, animalistic nature? This will require more of you, perhaps MUCH more of you! It may mean that after you've experienced your orgasm you have to stay around for hers. It may mean you have to submit to her power, or you have to over-power her and truly take her. And to my female readers, are you ready for a full grown man? Someone in touch with his power. A man in tune with his raw, animalistic nature? This too, will require more of you. If you're interested in creating this part of you and your relationship, the Art of Pleasure will help you get started. Tapping into eroticism and new levels of passion requires tremendous personal integrity. It takes a great deal of integrity to face head on the demands and challenges of exploring your sexual potential. But you know what? Every one of us has some untapped sexual potential just waiting to be discovered. You can place two violins next to each other, pluck the string on one of them and the corresponding string on the other violin will vibrate. It recognizes its own wave. Marriage and sex can be the same. You and your spouse can resonate with each other, creating your own music together.
