The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

What Women Want When They Test Men - Bruce Bryans 2015-08-13

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being

judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. Moyer uses the osprey as symbol of the many levels of predation in the game of crime & punishment Matt Toliver, a real estate agent falls in love with lovely Krystal Love Loftis, a ravishing beauty and married housewife seeking a prospective family home in an upscale development on Lake Murray's shoreline. Toliver shows her a lake view of the property that interested her. As passion between them heats up to the boiling point, a bizarre and hideous turn of events start the slow unstoppable spiral into tension, violence, and tautly-drawn drama in Ollie T. Moyer's North To Prosperity. This moving novel of tragic consequences resulting from a rash romance is peopled with predator and prey, hunters moving with nature that is ultimately a dance of violence and death. Near the novel's beginning, Toliver shows Krystal an osprey nest, and demonstrates how the sea eagle is the apex of the lake who will move north to Prosperity according to an internal compass. The direction that Toliver's life takes after the first engagement in accidental crime becomes the brutally fundamental drive for survival in the lakes' environs. Krystal and Toliver are discovered by a professional bass fisherman while making love. He breaks in on them and Toliver kills him. Krystal goes berserk and Toliver has no choice but to kill her. The first murder victim goes down into 150 feet of lake water; Krystal is buried in an abandoned house's well by Toliver. Guide Book To Attract The Right Man - Kandace Buzzanca 2021-07-10

The dating world is a minefield nowadays, especially for women who want a committed relationship and a family one day. Now, this book is full of generalisations but if you take them as principles rather than rules I think they can help you understand how your behaviour is perceived by men and what are some golden rules when it comes to the first month or two of dating. Bottom line, know what you want, have rules for your own behaviour, let the guy lead so you stop confusing men or attracting ones that will disrespect you, play games with you and ultimately can't or won't give you what you want. This book can save you a lot of time and emotional energy. It did so for me and I'd recommend it. I'd also recommend every woman out there to stick to her dating standards and to honour her own needs and wants even if it looks like there's no one around that's suitable or right for her. The right guy will come along and you will feel a hell of a lot better and your heart and body will be in a much healthier place if you wait for him and say no to the rest. Trust me, it is worth waiting. Here's what you're going to learn inside: -What to say when you want to "slow things down" with a guy without losing his interest in you. -The most seductive first date "good deed" that can CAPTURE a man's desire and make him desperate to see you again. -The #1 key to conquering a man's heart during the early dating stages. Game - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract

women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... -How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date -The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... - How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.
