The point of our struggles is to use them as an opportunity for growth and perhaps to help others later in life. This book is poignant, philosophical and humorous. Next to penicillin laughter is the best medicine.

*It Takes Tea to Tango* Melissa Crosby 2022-03-11 Slightly jaded middle-aged woman with a hint of bitterness. That's how I would describe myself. Twenty-four years ago, I did the rumpy-pumpy in the back seat of Darren's dad's car. Nine months later... well, you know how it goes. All things considered, my life turned out pretty good. But then Darren messed up. I walked in on him, dressed as a tiger, about to shag a unicorn. (I'll explain that part later.) So, I took our cat, Oscar (the Grouch), and moved to a small town called Rainbow Valley, where it sounded like only good things ever happened. I wanted to start over and find myself. I even bought a quaint little tea shop with the divorce money. The journey hasn't been all red roses and yellow tulips, though. My daughter, Aimee, will vouch for that. She's had to come to my rescue a few times. And don't even get me started on Tom Apperley, the ex-vet (veterinarian, not veteran) who owns the dog grooming business next to my shop. There were some hard truths staring me square in the face, but before I could deal with any of them, there was one very important question I needed an answer to. And that was: How the heck do I start over? *It Takes Tea to Tango* is a chick lit / rom-com set in a fictional town in the Wairarapa region in Wellington, New Zealand. **Better Than the Movies** Lynn Painter 2022-07-26 A USA TODAY and New York Times bestseller Perfect for fans of Kasie West and Jenn Bennett, this “sweet and funny” (Kerry Winfrey, author of *Waiting for Tom Hanks*) teen rom-com follows a hopelessly romantic teen girl and her cute yet obnoxious neighbor as they scheme to get her noticed by her untouchable crush. Perpetual daydreamer Liz Buxbaum gave her heart to Michael a long time ago. But her cool, aloof forever crush never really saw her before he moved away. Now that he's back in town, Liz will do whatever it takes to get on his radar—and maybe snag him as a prom date—even befriend Wes Bennet. The annoyingly attractive next-door neighbor might seem like a prime candidate for romantic comedy fantasies, but Wes has only been a pain in Liz's butt since they were kids. Pranks involving frogs and decapitated lawn gnomes do not a potential boyfriend make. Yet, somehow, Wes and Michael are hitting it off, which means Wes is Liz's in. But as Liz and Wes scheme to get Liz noticed by Michael so she can have her magical prom moment, she's shocked to discover that she likes being around Wes. And as they continue to grow closer, she must reexamine everything she thought she knew about love—and rethink her own ideas of what Happily Ever After should look like.

**Dating Tips from a Woman's Point of View** Elizabeth Meadows 2014-09-24 If you are looking for how to get laid on the first date, that's easy, take her to a bar, get her drinking, but not to the point of throwing up. After she's pretty intoxicated, giggling at everything you say, try a few advances, touching her arm, or shoulder, and see if she responds. Dance with her, and do a little grinding, and see if she grinds back. If the answers to these are yes, then offer her, since she can't drive, to come back to your place. Once she's at your place, continue with just a little more alcohol for the nerves. Don't mix alcohol. If she was doing shots at the bar, don't give her beer or wine coolers at your place, or she'll be spending the night with your toilet, not you. Give her just a few more shots, and then do the final move with a kiss. The kiss will tell it all. If she pushes you away, and doesn't take your advances, don't get discouraged, you still have a chance. Offer her to put a movie on, get a pillow and a blanket, if you have a pull out couch, great, or one big enough for you two to snuggle on. If not, let her lay back to watch the movie. Let her put her feet on your lap. I don't know many woman who would turn down a foot massage. Massaging is a great way to lead to sex. After both feet, work your way up to her calves. Hint: use lotion. It makes her feel more like it's a massage, not you just trying to grope her up. If when you get to her calves, and she's still allowing you to massage, continue on, and then get the thighs. I'm pretty sure you know where to go from there.

**Attached** Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

**Summary of Rosalind Wiseman's Queen Bees and Wannabes** Everest Media, 2022-05-21T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Parents give their children access to technology so easily because they believe that if their child has a cell phone, they can reach them at any time and know where they are at all times. However, they don't realize the other consequences of this technology, including the spread and intensity of gossip, humiliation, and drama. #2 The effects of technology on our society are widespread and far-reaching. It allows people to be mean and vicious without ever having to face the consequences. #3 You should know your child's password, and make sure they don't share it with anyone. You can check to see if your child is texting at 2 A. M. by looking at your phone or cable bill. #4 The rules of engagement are the same for technology and for your children. You must not use it to humiliate, embarrass, send personal information, misrepresent yourself or someone else, or use passwords without their permission.

**Mesmerized Love** Mannat Hela Love is the source of all happiness, joy, and tranquilly. As a result, if we wish to appreciate this trip known as life, we must first understand what true love is. True love is more than a kiss; it is happiness. True love from the Divine Soul comes from the time we are born as love for our parents, love for our friends, and continues until we die, just as white light flows through raindrops to produce a rainbow of seven hues. Emotional love, sensual love, and intellectual love are all examples. The dead body, on the other hand, cannot love since it is the Soul, the Spirit, who loves. Love is essential if we actually wish to live a spiritual life. “Mesmerized Love” consists of several co-authors from all over the globe who have dedicated their inked verses as a poem, quote, micro tale or a short story which revolves around the open theme. We are hoping for the great success of this book, a free anthology launched by The Little Booktique Hub Publication in which none of the co-authors are charged a single penny throughout the publishing process.

**5 Habits to Lead from Your Heart** Johnny Covey 2016-01-01 In 5 Habits to Lead from Your Heart, author and coach, Johnny Covey presents a powerful new way to change how we perceive experiences; how we make decisions and how we interpret events. Often we filter experiences through a lens that does not include our hearts. Harmful habits can form when we act out of fear or self-preservation (our head) instead of using our heart. But habits can be changed. Johnny illustrates how to understand better our human nature and unleash its potential; to lead from your heart, live courageously and create the life you want. So many times we are in a reactive mode, not thinking about what we are doing. Have we ever stopped and asked: What is holding me back? Why don't I have relationships that I want? Why am I stuck in my head, worried about what others think of me? How can I free myself from ruts and routines? How might I choose to live courageously in my heart? How can I consciously create the life I am meant to live? Johnny helps us understand the genesis of our results—our mind—and our own system of checks and balances—our conscience. By combining what we currently know with Covey's 5 Habits, we will have everything we need to elevate our thinking, take the next step—and succeed. "5 Habits to Lead from Your Heart is a rare wake-up call in our search for meaning." ~Greg Link, Co-author of Smart Trust, Co-founder CoveyLink "Another winner in the Covey tradition." ~Doug Conant, former CEO, Campbell Soup and Chairman, Avon Products "If you want a book that is bone honest, practical, personal and profound, this is it." ~Scott C. Hammond, author of Lessons of the Lost: Finding Hope and Resilience in Work/Life "This is an extraordinary book! Journey from doing to being, from planning to achieving, and from success to significance." ~Dr Nido Qubein, President, High Point University; Chairman, Great Harvest Company

So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.
