A Week at the Airport - Alain de Botton

2010-12-09

In the summer of 2009, Alain de Botton will be invited by the owners of Heathrow airport to become their first ever Writer in Residence. He will be installed in the middle of Terminal 5 on a raised platform with a laptop connected to screens, enabling passengers to see what he is writing and to come and share their stories. He will meet travellers from around the world, and will be given unprecedented access to wander the airport and speak with everyone from window cleaners and baggage handlers to air traffic controllers and cabin crew. Working with

the renowned documentary photographer Richard Baker, de Botton will produce an extraordinary meditation upon the nature of place, time, and our daily lives. He will explore the magical and the mundane, personal and collective experiences and the interactions of travellers and workers all over this familiar but mysterious site. Like all airports, Heathrow (the 15th century village of Heath Row lies beneath the short stay car park) is a 'non-place' that we by definition want to leave, but it also provides a window into many worlds - through the thousands of people it dispatches every day. *A Week at the Airport* is sure to delight de Botton's

large following, and anyone interested in the stories behind the way we live.

Kiss & Tell - Alain de Botton 1997-05-15

Dr. Samuel Johnson observed that everyone's life is a subject worthy of the biographer's art.

Accused by a former girlfriend of being unable to empathize, the narrator of Alain de Botton's *Kiss & Tell* takes Johnson's idea to heart and decides to write about the next person who walks into his life. He meets Isabel Rogers, a production assistant at a small stationery company in London, apparently an ordinary woman. But as the biographer's understanding of Isabel deepens, she becomes remarkable. Her smallest quirks, private habits, and opinions become worthy of the most painstaking investigation-and unexpectedly attractive to her biographer.

On Love - Alain De Botton 1993

In this dazzlingly original first novel, Alain de Botton tells of a young man smitten by a woman on a Paris-London flight. *On Love* plots the

course of their affair from the initial delirium of infatuation to the depths of suicidal despair, as the beloved, inexplicably, begins to drift away. "A tour de force pleasure of a first novel".Kirkus Reviews.

How to Think More About Sex - Alain de Botton 2012-12-24

THE SCHOOL OF LIFE IS DEDICATED TO EXPLORING LIFE'S BIG QUESTIONS IN HIGHLY-PORTABLE PAPERBACKS, FEATURING FRENCH FLAPS AND DECKLE EDGES, THAT THE NEW YORK TIMES CALLS "DAMNABLY CUTE." WE DON'T HAVE ALL THE ANSWERS, BUT WE WILL DIRECT YOU TOWARDS A VARIETY OF USEFUL IDEAS THAT ARE GUARANTEED TO STIMULATE, PROVOKE, AND CONSOLE. We don't think too much about sex; we're merely thinking about it in the wrong way. So asserts Alain de Botton in *How to Think More About Sex*, a rigorous and supremely

honest book designed to help us navigate the intimate and exciting---yet often confusing and difficult---experience that is sex. Few of us tend to feel we're entirely normal when it comes to sex, and what we're supposed to be feeling rarely matches up with the reality. This book argues that twenty-first-century sex is ultimately fated to be a balancing act between love and desire, and adventure and commitment.

Covering topics that include lust, fetishism, adultery, and pornography, Alain de Botton frankly articulates the dilemmas of modern sexuality, offering insights and consolation to help us think more deeply and wisely about the sex we are, or aren't, having.

Essays In Love - Alain de Botton 2014-12-15

A unique love story and a classic work of philosophy, rooted in the mysterious workings of the human heart and mind. With an introduction by Sheila Heti. 'De Botton is a national treasure.' - Susan Hill, author of *The Woman in Black*
Perhaps it is true that we do not really exist until

there is someone there to see us existing, we cannot properly speak until there is someone who can understand what we are saying in essence, we are not wholly alive until we are loved. A man and a woman meet over casual conversation on a flight from Paris to London, and so begins a love story - from first kiss to first argument, elation to heartbreak, and everything in between. Each stage of the relationship is illuminated with startling clarity, as Alain de Botton explores emotions often felt but rarely understood. With the verve of a novelist and the insight of a philosopher, de Botton uncovers the mysteries of the human heart. *Essays In Love* is an iconic book - one that should be read by anyone who has ever fallen in love.

Brian Masters, Mail on Sunday 'De Botton not only has a complete understanding of Proust's life . . . but what is particularly charming about this small, readable book is its tongue-in-cheek benignity, its lightly held erudition and its generous way of lending itself to what is not only the greatest book of the century but also the darkest and the most eccentric' Edmund White, Observer 'It contains more human interest and play of fancy than most fiction . . . de Botton, in emphasizing Proust's healing, advisory aspects, does us the service of rereading him on our behalf, providing of that vast sacred lake a sweet and lucid distillation.' John Updike, New Yorker 'De Botton's little book is so charming, amusing and sensible that it may even itself change your life.' Allan Massie, Daily

We invest it with an authority and importance which used to be the preserve of religion - but what does it do for us? Mixing current affairs with philosophical reflections, de Botton offers a brilliant illustrated guide to the precautions we should take before venturing anywhere near the news and the 'noise' it generates. Witty and global in reach, The News will ensure you'll never look at reports of a celebrity story or political scandal in quite the same way again.

NUMBER ONE INTERNATIONAL BESTSELLER

From one of our greatest voices in modern philosophy, author of *The Course of Love*, *The Consolations of Philosophy*, *The Art of Travel* and *The School of Life* 'A serious and optimistic set of practical ideas that could improve and alter the way we live' Jeanette Winterson, *The Times* 'A beautiful, inspiring book... offering a glimpse of a more enlightened path' *Sunday Telegraph* 'Smart, stimulating, sensitive. A timely and perceptive appreciation of how much wisdom is embodied in religious traditions and how we godless moderns might learn from it' *Financial Times* 'There isn't a page in this book

that doesn't contain a striking idea or a stimulating parallel' Mail on Sunday Alain de Botton takes us one step further than Dawkins or Hitchens ventured - into a world of ideas beyond the God debate... All of us, whether religious, agnostic or atheist, are searching for meaning. And in this wise and life-affirming book, non-believer Alain de Botton both rejects the supernatural claims of the major religions and points out just how many good ideas they sometimes have about how we should live. And he suggests that non-believers can learn and steal from them. Picking and choosing from the thousands of years of advice assembled by the world's great religions, Alain de Botton presents a range of fascinating ideas and practical insights on art, community, love, friendship, work, life and death. He shows how they can be of use to us all, irrespective of whether we do or don't believe.

The Architecture of Happiness - Alain de Botton 2007-03-29

Downloaded from
legacy.opendemocracy.net on
2019-10-28 by guest

Bestselling author Alain de Botton has written about love, travel, status and how philosophy can console us. Now he turns his attention to one of our most intense but often hidden love affairs: with our houses and their furnishings. He asks: What makes a house truly beautiful? Why are many new houses so ugly? Why do we argue so bitterly about sofas and pictures ♦ and can differences of taste ever be satisfactorily resolved? Will minimalism make us happier than ornaments? To answer these questions and many more, de Botton looks at buildings across the world, from medieval wooden huts to modern skyscrapers; he examines sofas and cathedrals, tea sets and office complexes, and teases out a host of often surprising philosophical insights. The *Architecture of Happiness* will take you on a beguiling tour through the history and psychology of architecture and interior design, and will forever alter your relationship with buildings. It will change the way you look at your

current home ♦ and help you make the right decisions about your next one.

The Pleasures and Sorrows of Work - Alain de Botton 2010

We spend most of our waking lives at work ♦ in occupations often chosen by our unthinking sixteen-year-old selves. And yet we rarely ask ourselves how we got there or what it might mean for us. Equally intrigued by work's pleasures and its pains, Alain de Botton here heads out into the under-charted worlds of the office, the factory, the fishing fleet and the logistics centre, ears and eyes open to the beauty, interest and sheer strangeness of the modern workplace. Along the way he tries to answer some of the most urgent questions we can ask about work: Why do we do it? What makes it pleasurable? What is its meaning? And why do we daily exhaust not only ourselves but also the planet? Characteristically lucid, witty and inventive, Alain de Botton's 'song for occupations' is a celebration and exploration of

an aspect of life which is all too often ignored and yet as central to us as our love lives.

On Love - Alain de Botton 2015-11-03

The New York Times–bestselling author’s modern classic that “takes a conventional love story and textures it with philosophical ruminations” (Kirkus Reviews). A man and a woman meet over casual conversation on a flight from Paris to London, and so begins a love story—from first kiss to first argument, elation to heartbreak, and everything in between. Each stage of the relationship is illuminated with startling clarity, as novelist and philosopher Alain

de Botton explores young love and its emotions, often felt but rarely understood. With a brilliant new introduction by Sheila Heti, the New York Times–bestselling author of *How Should a Person Be?*, *On Love* is a contemporary classic from an author “who seems to have been born to write” (The Boston Globe). “Smart and ironic...The book’s success has much to do with its beautifully modeled sentences, its wry humor, and its unwavering deadpan respect for the reader’s intelligence.” —Francine Prose, *New Republic* “Witty, funny, sophisticated...full of wise and illuminating insights.” —P.J. Kavanagh, *Spectator*
