Sex/Gender and Self-Determination - Zowie Davy 2021-06-17

This book presents a poignant account of the current policy approaches to self-determining sex and gender in the UK and beyond, showing how legal, medical and pedagogical policy developments are interconnected, and how policy is affected by transgender and diverse gender experiences and activism.

Routledge Companion to Women, Sex, and Gender in the Early British Colonial World - Kimberly Anne Coles 2018-10-03

All of the essays in this volume capture the body in a particular attitude: in distress, vulnerability, pain, pleasure, labor, health, reproduction, or preparation for death. They attend to how the body's transformations affect the social and political arrangements that surround it. And they show how apprehension of the body - in social and political terms - gives it shape.

Sex and Gender - John Archer 2002-07-11

Sex and Gender is a substantially revised second edition of a classic text. Adopting a balanced and straightforward approach to the often controversial study of sex differences, the authors aim to introduce the reader to the fundamental questions relating to sex and gender in an accessible way at the same time as drawing on research in this and related areas. New developments which are explored in this edition include the rise of evolutionary psychology and the influence of Social Role Theory as well as additional psychoanalytic and ethno-methodological approaches which have all contributed to a greater understanding of the

complex nature of masculinity and femininity.

Paying for Sex in a Digital Age - Teela Sanders 2020-02-26

Providing one of the first comprehensive, cross-cultural examinations of the dynamic market for sexual services, this book presents an evidence-based look at the multiple factors related to purchasing patterns and demand among clients who have used the internet. The data is drawn from two large surveys of sex workers' clients in the US and UK. The book presents descriptive baseline data on client engagement with online platforms, demographics and patterns of frequency in different markets, information on smaller niche markets and client reactions to exploitation, safety and changes in the law. The book makes clear that a variety of situational as well as individual factors affect the willingness and ability to purchase sexual services. The view that emerges shatters the stereotypes and generalisations on which much policy is based and demonstrates the complexities surrounding who pays for sex and the contours of sexual consumption in consumer culture.

Sexual Harassment in the UK Parliament - Christina Julios 2022-02-10

This book examines the phenomenon of sexual harassment in the UK Parliament and efforts to tackle it. The volume's in-depth research unveils a political culture where sexual transgressions thrive. Its intersectional feminist perspective furthermore highlights multiple systems of gendered oppression perpetuating inequality. Britain's experience is viewed against the global #MeToo movement and Hollywood's Weinstein

*Downloaded from

sex scandal. The book identifies ways to redress the status quo and challenges ahead, including a gender power gap, misuse of non-disclosure agreements to silence victims, and misogynistic organisational cultures.

Sexuality and Gender at Home - Brent Pilkey
2020-05-27

Sexuality and Gender at Home is the first book to explore the meanings and experiences of home through the framework of sexuality. Looking at a broad spectrum of sexuality, gender and domesticity, it examines the many ways in which home is constructed, performed and experienced in relation to sexuality and gender. Considering identity issues such as age, class, ethnicity and gender, the authors problematize intimacy and question conventional ways of thinking about allegedly 'private' home space. Comprehensive introductions to each of the book's three sections - on Intimacy and Home, Queering Home, Beyond Home - provide a coherent overview of the existing literature as well as additional historical and cultural context. Fourteen chapters present ground-breaking research and insights into sexuality, gender and home across culture, time and space. Written by academics from a range of subject disciplines, chapters are based on research covering countries including Australia, France, Sweden, the UK, the USA, Guyana, Israel, and Singapore. This highly original text is the ideal starting point for anyone wishing to get to grips with the emerging field of sexuality, gender and home and will particularly appeal to researchers and students in anthropology, architecture, gender studies, sociology, and human geography.

Beyond Sex and Gender - Wendy Cealey Harrison
2002-05-21

'This book has proved invaluable for my sex-gender paper in social anthropology and I recommend it for anybody studying gender theory. I picked it up quite randomly off a shelf, it was not on any of my reading lists, maybe you also have come across this book by chance, but it really should be recommended reading. Studying at university, trying to labour through books written by theorists such as Strathern, Riley and Foucault for example, cause me to long for the relatively straight forward textbooks of A-level. This book is somewhere in between. It is

extensive but spends most of its time going through theories on the relationship between sex and gender. The issues it discusses are generally quite complicated. For the subjects I have studied in some capacity before reading this book I find it the perfect level of complexity, condensing, ordering and expanding my knowledge' - Amazon.co.uk (Gender Studies Student) 'Beyond Sex and Gender goes beyond most texts not simply in the range of authors discussed, but also in the way in which it makes a radical departure from the terminology of "sex" and "gender". This is a complex and challenging work, which goes beyond issues of gender to considerations of deeper mysteries of language, embodiment and social understanding. Wendy Cealey Harrison's treatment of an astonishingly varied range of authors is critical, in the best sense, and generous. The book is dedicated to its co-author, John Hood-Williams who was killed in a road accident in 1999; it is a worthy memorial' - David H J Morgan, Emeritus Professor of Sociology, University of Manchester The central argument of this book is that the sex/gender distinction is invalid and must be transcended. To this end, the work of Foucault, Connell, Goffman, Garfinkel, Butler, Freud, Derrida, Saussure, Lacquer and Kessler and McKenna is woven into a rich and compelling set of arguments. The sex/gender distinction is attacked for producing a series of irresolvable traps. However much one tries to think one's way out of the dichotomy, one ends up being suckered back into its imponderables and blind alleys. The book attempts to comprehensively reorientate the field and redefine the terrain.

Sex, Gender and Social Change in Britain since 1880 - Lesley A. Hall
2017-09-16

Sexual attitudes and behaviour have changed radically in Britain between the Victorian era and the twenty-first century. However, Lesley A. Hall reveals how slow and halting the processes of change have been, and how many continuities have persisted under a façade of modernity. Thoroughly revised, updated and expanded, the second edition of this established text: • explores a wide range of relevant topics including marriage, homosexuality, commercial sex, media representations, censorship, sexually transmitted diseases and sex education •

features an entirely new last chapter which brings the narrative right up to the present day

- provides fresh insights by bringing together further original research and recent scholarship in the area. Lively and authoritative, this is an essential volume for anyone studying the history of sexual culture in Britain during a period of rapid social change.

Sex/Gender and Self-Determination - Zowie Davy
2021-06-17

This book presents a poignant account of the current policy approaches to self-determining sex and gender in the UK and beyond, showing how legal, medical and pedagogical policy developments are interconnected, and how policy is affected by transgender and diverse gender experiences and activism.

Beyond Sex and Gender - Wendy Cealey
Harrison 2002-07-24

The central argument of this book is that the sex//gender distinction is invalid and must be transcended. To this end, the work of Foucault, Connell, Goffman, Garfinkel, Butler, Freud, Derrida, Saussure, Lacquer and Kessler and McKenna is woven into a rich and compelling set of arguments. The sex//gender distinction is attacked for producing a series of irresolvable traps. However much one tries to think one's way out of the dichotomy, one ends up being suckered back into its imponderables and blind alleys. The book attempts to comprehensively reorientate the field and redefine the terrain.

The Every Body Book - Rachel E. Simon
2020-06-18

AASECT Book Award for Children under 18 years old American Library Association 2021 Rainbow Book List Top 10 Title for Young Readers This vibrant and beautifully illustrated book teaches children sex, gender and relationships education in a way that is inclusive of all sexual orientations and gender identities. Covering puberty, hormones, pregnancy, consent, sex, babies, relationships and families, it uses gender-neutral language throughout and celebrates diversity in all its forms, including race, ethnicity, faith, bodies, gender and sexuality. For use with children aged 8-12, it will help answer their questions and spark open discussion with parents, carers and teachers. With informative illustrations and further resources and a guide for adults, *The Every*

Body Book is the ultimate sex, gender and relationships education resource for children.

Difficult Women - Helen Lewis 2020-02-27
Well-behaved women don't make history: difficult women do. 'This is the antidote to saccharine you-go-girl fluff. Effortlessly erudite and funny' Caroline Criado-Perez Strikers in saris. Bomb-throwing suffragettes. The pioneer of the refuge movement who became a men's rights activist. Forget feel-good heroines: meet the feminist trailblazers who have been airbrushed from history for being 'difficult' - and discover how they made a difference. Here are their stories in all their shocking, funny and unvarnished glory. ** Shortlisted in the 2020 Parliamentary Book Awards ** 'All the history you need to understand why you're so furious, angry and still hopeful about being a woman now. A book that is part intellectual weapon in your handbag, part cocktail with a friend' Caitlin Moran 'Compulsive, rigorous, unforgettable, hilarious and devastating' Hadley Freeman 'A great manifesto for all those women who have never been very good at being well-behaved.' Mary Beard 'Difficult Women is full of vivid detail, jam-packed with research and fizzing with provocation' Sunday Times

The Queer Outside in Law - Senthoran Raj
2020-11-30

This book contributes to current debates about "queer outsides" and "queer outsiders" that emerge from tensions in legal reforms aimed at improving the lives of lesbian, gay, bisexual, transgender, intersex, and queer people in the United Kingdom. LGBTIQ people in the UK have moved from being situated as "outlaws" - through prohibitions on homosexuality or cross-dressing - to respectable "in laws" - through the emerging acceptance of same-sex families and self-identified genders. From the partial decriminalisation of homosexuality in the Sexual Offences Act 1967, to the provision of a bureaucratic mechanism to amend legal sex in the Gender Recognition Act 2004, bringing LGBTIQ people "inside" the law has prompted enormous activist and academic commentary on the desirability of inclusion-focused legal and social reforms. Canvassing an array of current socio-legal debates on colonialism, refugee law, legal gender recognition, intersex autonomy and transgender equality, the contributing authors

explore “queer outsiders” who remain beyond the law’s reach and outline the ways in which these outsiders might seek to “come within” and/or “stay outside” law. Given its scope, this modern work will appeal to legal scholars, lawyers, and activists with an interest in gender, sex, sexuality, race, migration and human rights law.

Genderqueer and Non-Binary Genders - Christina Richards 2017-12-13

This book addresses the emerging field of genderqueer or non-binary genders - that is, individuals who do not identify as male or female. It considers theoretical, research, practice, and activist perspectives; and outlines a basis for good practice when working with non-binary individuals. The first section provides an overview of historical, legal and academic aspects of this phenomenon. The second section explores how psychotherapeutic, psychological and psychiatric theory and practice are adapting to a non-binary model of gender, and the third section considers the body related aspects, from endocrinology to surgery. This work will appeal to a wide readership, from practitioners working with non-binary individuals - including psychologists, surgeons, social workers, nurses, psychiatrists, endocrinologists, psychotherapists and counselors, lawyers, and healthcare workers - to researchers interested in the study of gender identities, to students and gender activists.

Sex, Gender and Society - Professor Ann Oakley 2015-03-28

What are the differences between the sexes? That is the question that Ann Oakley set out to answer in this pioneering study, now established as a classic in the field. Now newly reissued with a substantial introduction which highlights its continuing relevance, this work will continue to inform and shape dialogues around sex and gender for a new generation of scholars and students.

Sexuality, Citizenship and Belonging - Francesca Stella 2015-10-23

This book brings together a diverse range of critical interventions in sexuality and gender studies, and seeks to encourage new ways of thinking about the connections and tensions between sexual politics, citizenship and belonging. The book is organized around three interlinked thematic areas, focusing on sexual

citizenship, nationalism and international borders (Part 1); sexuality and "race" (Part 2); and sexuality and religion (Part 3). In revisiting notions of sexual citizenship and belonging, contributors engage with topical debates about "sexual nationalism," or the construction of western/European nations as exceptional in terms of attitudes to sexual and gender equality vis-à-vis an uncivilized, racialized "Other." The collection explores macro-level perspectives by attending to the geopolitical and socio-legal structures within which competing claims to citizenship and belonging are played out; at the same time, micro-level perspectives are utilized to explore the interplay between sexuality and "race," nation, ethnicity and religious identities. Geographically, the collection has a prevalently European focus, yet contributions explore a range of trans-national spatial dimensions that exceed the boundaries of "Europe" and of European nation-states.

Sexuality and Gender for Mental Health Professionals - Christina Richards 2013-10-15

Questions of sexuality and gender affect everyone and therefore have an inevitable relevance in the consulting room. Yet with interpretations and manifestations of both varying greatly from person to person, understanding the inherent complexities of sexuality and gender can be a daunting task for the health professional. Breaking down these complexities this practical guide familiarises the reader with all of the common and many of the less common sexualities, genders and relationship forms, and explains experiences and issues relating to each. The book contains: - Explanations of various forms of sexuality, gender and relationship structures -Common concerns relating to specific groups -Key practises relating to specific groups -The treatment of specific groups in contemporary Western society -Details of some rules and ideals that are commonly found within specific groups - Suggestions for professional practice with these groups Ideal for all members of the multidisciplinary team, this accessible book is relevant to practitioners across theoretical backgrounds. Whether you are a trainee or qualified psychotherapist, counsellor, nurse, medic, psychiatrist, social worker or applied psychologist, this is a vital text for your

professional practice. CHRISTINA RICHARDS is Senior Specialist Psychology Associate at the West London Mental Health NHS Trust (Charing Cross) Gender Identity Clinic. MEG BARKER is a senior lecturer in psychology at the Open University and a sex and relationship therapist.

Gender, Sex, and Subordination in England

1500-1800 - Anthony Fletcher 1995-01-01

During the early modern period, men and women in England lived their lives within a social and gender framework inherited from biblical times. Patriarchy - the social and cultural dominance of the male - has long been a feature of western civilization, and this work attempts to provide a portrait of the origins and operation of the system over a long stretch of the English past.

God, Sex, and Gender - Adrian Thatcher 2011-05-02

Engagingly and clearly written by a highly respected theologian, *God, Sex, and Gender* is the first comprehensive introduction to a theology of both sexuality and gender available in a single volume. Makes a theological contribution to understanding the unprecedented changes in sexual and gender relationships of the last fifty years. Discusses many topics including: sexual difference; sexual equality; gender and power; the nature of desire; the future of marriage in Christian sexual ethics; homosexuality and same-sex unions; the problems of sexual minorities; contraception in a time of HIV/AIDS; the separation of sexual experience from marriage; and offers new arguments for marriage and for chastity. Offers a consistent and engaging introduction at the

cutting edge of theological inquiry, which is contemporary, undogmatic, questioning, and relevant to readers' experience, interests, and needs. Written lucidly and engagingly by an established and respected academic who has published widely in this area.

Sex vs Gender - Nate Altera 2020-12-27

A complicated topic made short, simple and clear. This book will be of interest to everyone. It will help you to understand the difference between a person's biological sex, gender identity and sexual orientation. Interesting life stories will allow you to experience what it is like to be "different". You will be able to personally participate in the gender and sexual orientation choices made by every non-binary, trans or non-heterosexual person. Bringing together scientific facts from the fields of biology and history, statistical data from different countries, and the latest news on this topic, will make it possible to understand what the "gender identity" of a person is. You will discover how its variations were, and are, treated throughout the world. A supplementary guide, 'How to create a gender neutral environment', will support organisations and individuals to implement or/and improve a gender equality policy. These practical recommendations will help reduce levels of stress and discrimination for trans and non-binary people and create a work environment in which all customers, visitors, colleagues and employees will feel comfortable and welcome. This book does not contain medical advice. Please consult a trained medical professional for any matter relating to your health.
