[The Great Dictionary English - Russian - Benjamin Maximilian Eisenhauer](#)

This dictionary contains around 60,000 English terms with their Russian translations, making it one of the most comprehensive books of its kind.

It offers a wide vocabulary from all areas as well as numerous idioms.

The terms are translated from English to Russian. If you need

translations from Russian to English, then the companion volume The

Great Dictionary Russian - English is recommended.

Chambers 21 Century Dictionary - Allied

[The Great Dictionary English - Dutch - Benjamin Maximilian Eisenhauer](#)

This dictionary contains around 60,000 English terms with their Dutch translations, making it one of the most comprehensive books of its kind.

It offers a wide vocabulary from all areas as well as numerous idioms.

The terms are translated from English to Dutch. If you need translations

from Dutch to English, then the companion volume The Great Dictionary

Dutch - English is recommended.

Sexing the Look in Popular Visual Culture - Kathy Justice Gentile 2020-05-15

With dramatic advances in media technology, the practice of sexing or erotically enhancing images has become an increasingly widespread phenomenon. The eroticized “look,” as both noun and verb, the thing or image that draws our look, and the look that we bestow on images that elicit our visual, physiological, and emotional attention, is the focus of the essays in this volume. Every day, whether we are out in the world or in the workplace or in the privacy of our homes, we enter visual fields that heighten and distort reality, distortions that often emphasize sexuality and erotic promise. The contributors for this collection look at the sexualization of visual culture from a range of disciplinary perspectives, including literature, film studies, history, philosophy, art history, and media studies, with gender and sexuality studies providing the encompassing critical framework that binds these essays into a coherent analytical project. The essays in this collection offer new theoretical conceptions of perception and representation, as well as rigorous reconsiderations of the polarized feminist debates over pornographic images. Essays on literature and film range from an interrogation of Baudrillard’s theory of seduction that posits femininity as a strategy of illusion and subversion to Bridget Jones’s challenge to the prevailing disciplinary regime that prescribes rigid standards for feminine beauty to a reevaluation of the subversive potential of sexy female robots. Other contributors consider the history of nudist images

in US periodicals, the proliferation of eroticized images of girls in new digital technologies, gentlemanly masculinity in men’s fashion in late Victorian England, and a rape prevention campaign’s unintentional reinforcement of persistent heterosexist misconceptions about rape.

[The Routledge Dictionary of Modern American Slang and Unconventional English - Tom Dalzell 2018-05-11](#)

The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that authenticate the words as well as offer examples of usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups.

Etymology, cultural context, country of origin and the date the word was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, The Routledge Dictionary of Modern American Slang and Unconventional English is an indispensable resource for language researchers, lexicographers and translators.

[The Nonsexist Communicator - Bobbye Sorrels Persing 1983](#)

Does the Bible Support Same-Sex Marriage? - Preston M. Sprinkle 2023-08-01

Many arguments are made for and against same-sex marriage that end with divisiveness and confusion instead of thoughtful conversation. New York Times–bestselling author Dr. Preston Sprinkle provides a resource that will encourage respectful and thoughtful conversations around the question “Does the Bible support same-sex marriage?” Equipped with thorough research, history, and biblical context, this book will enable you to wade into some of the main arguments against the historically Christian view of marriage: The biblical writers didn’t know about sexual orientation. Jesus never mentions homosexuality. Biblical teachings about women, slavery, and same-sex are on the same trajectory. Since some people are born gay, then being gay must be okay. The Bible has been mistranslated. Preston carefully answers 21 of the strongest cases for same-sex marriage and offers a humanizing and thoughtful response to each one.

[What's Right with the Trinity?](#) - Hannah Bacon 2016-02-11

The doctrine of the Trinity poses a series of problems for feminist theology. At a basic level, the androcentric nature of trinitarian language serves to promote the male as more fully in the image of God and as the archetype of humanity, pushing women to the margins of personhood. It is no surprise then that feminist scholarship on this doctrine has often focused on what's wrong with the Trinity, setting out the problems raised by the use of traditional androcentric trinitarian language. This book brings together a discussion of feminist theological methodology with a critical exploration of the doctrine of the Trinity. Focussing on what's right with the Trinity as opposed to what's wrong with the Trinity, it considers the usefulness of this doctrine for feminist theology today. It replaces a stress on trinitarian language with an emphasis on trinitarian thought, exploring how we might effectively think rather than speak God in light of feminist concerns. In particular, it asks how a trinitarian understanding of God might support, and be supported by, key values which underpin a feminist way of doing theology, specifically values which underpin the methodological use of women's experience in feminist theology. The central argument is that thinking God as Trinity need not serve to reinforce patriarchal values and ideals but may in fact promote the subjectivity and personhood of women.

[The Great Dictionary English - French](#) - Benjamin Maximilian Eisenhower
This dictionary contains around 130,000 English terms with their French translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to French. If you need translations from French to English, then the companion volume [The Great Dictionary French - English](#) is recommended.

[Sexing the Mind](#) - Evelyne Ender 2019-06-07

In a book both brilliant and lucid, Evelyne Ender explores the issue of sexual identity in the fiction, criticism, and psychoanalytic writings of the nineteenth century. She focuses on the figure of the hysteric, which, she says, came to represent a mind haunted by the questioning of gender.

Chambers 21st Century Dictionary - Mairi Robinson 1999

This highly acclaimed dictionary is newly revised and offers language mavens a unique opportunity to delve into the most up-to-date, contemporary English usage. Comprehensive, easy-to-use, and free of jargon, the 21st Century Dictionary emphasizes the written and spoken English of everyday situations. The perfect reference for any word lover. Special features: Thumb Index. Clear definitions in straightforward English. Up-to-the-minute information on how words are used. Supported by Chambers Wordtrack and The British National Corpus 100 Million word database. Innovative page design gets you to the right information fast. Hundreds of usage notes, word histories, idioms, and help with pronunciation, spelling and grammar.

[The Great Dictionary English - Polish](#) - Benjamin Maximilian Eisenhower
This dictionary contains around 60,000 English terms with their Polish translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Polish. If you need translations from Polish to English, then the companion volume [The Great Dictionary Polish - English](#) is recommended.

[Sexing the World](#) - Anthony Corbeill 2020-03-31

From the moment a child in ancient Rome began to speak Latin, the surrounding world became populated with objects possessing grammatical gender—masculine eyes (oculi), feminine trees (arbores), neuter bodies (corpora). Sexing the World surveys the many ways in which grammatical gender enabled Latin speakers to organize aspects of their society into sexual categories, and how this identification of grammatical gender with biological sex affected Roman perceptions of Latin poetry, divine power, and the human hermaphrodite. Beginning with the ancient grammarians, Anthony Corbeill examines how these scholars used the gender of nouns to identify the sex of the object being signified, regardless of whether that object was animate or inanimate. This informed the Roman poets who, for a time, changed at whim the grammatical gender for words as seemingly lifeless as "dust" (pulvis) or "tree bark" (cortex). Corbeill then applies the idea of fluid grammatical gender to the basic tenets of Roman religion and state politics. He looks at how the ancients tended to construct Rome's earliest divinities as related male and female pairs, a tendency that waned in later periods. An analogous change characterized the dual-sexed hermaphrodite, whose sacred and political significance declined as the republican government became an autocracy. Throughout, Corbeill shows that the fluid

boundaries of sex and gender became increasingly fixed into opposing and exclusive categories. Sexing the World contributes to our understanding of the power of language to shape human perception.

[Lovemaps](#) - John Money 1986

[Sexing the Maple](#) - Richard Cavell 2006-09-14

Sexing the Maple is a unique sourcebook designed to raise issues of nationalism and sexuality in Canada through a rich and diverse selection of fiction, poetry, criticism, and history. Structured so as to provide an interactive study of these issues, the collection considers topics as wide-ranging as First Nations sexuality, censorship, assisted reproduction, and religion. Literary works by Alice Munro, Jane Rule, Timothy Findley, Leonard Cohen, Irving Layton, Lynn Crosbie, Michael Turner, and many others are juxtaposed with criticism and historical documents, many of which were previously out of print or unavailable. Selections include Marshall McLuhan's 1967 article "The Future of Sex" and excerpts from Stan Persky and John Dixon's *Kiddie Porn*, SKY Lee's *Disappearing Moon Cafe*, and Margaret Atwood's *A Handmaid's Tale*.

[Linguistics for Singers](#) - Gregory Camp 2023-08-22

Linguistics for Singers: An Introduction is a textbook and manual that provides singers with a foundation in linguistic features of four major singing languages—English, Italian, French, and German—and shows how these features can be used to inform vocal performance and interpretation. Going beyond the basics of lyric diction, a grounding in linguistics enables student musicians to understand language holistically and more fully comprehend the music they are learning. The comparative approach to four common languages allows readers to readily grasp similarities and apply principles across vocal repertoire. Beginning with the sounds of a language and gradually moving up through larger levels of linguistic structure, from words to full texts, the chapters illustrate concepts using real examples from art songs and opera. The clear explanations enable readers new to linguistics to connect these concepts with their own musical practice. Designed for flexible use in courses on language and singing, lyric diction, repertoire studies, and collaborative piano, this book provides a vital resource for singers, vocal instructors, and conductors.

[The New Partridge Dictionary of Slang and Unconventional English](#) -

Tom Dalzell 2015-06-26

Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, *The Dictionary of Slang and Unconventional English*, this two-volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term's use in print. hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge, commentary on the term's origins and meaning New to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and Australia New terms from the language of social networking Many entries now revised to include new dating, new citations from written sources and new glosses *The New Partridge Dictionary of Slang and Unconventional English* is a spectacular resource infused with humour and learning - it's rude, it's delightful, and it's a prize for anyone with a love of language.

[The Great Dictionary English - Spanish](#) - Benjamin Maximilian Eisenhower

This dictionary contains around 60,000 English terms with their Spanish translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Spanish. If you need translations from Spanish to English, then the companion volume [The Great Dictionary Spanish - English](#) is recommended.
