Too Soon Old, Too Late Smart - Gordon Livingston Md 2010-07-01

Out of a lifetime of experience psychologist Gordon Livingston has extracted 30 bedrock truths. For everyone who feels a sense of urgency that the clock ticks and we still aren't the person we'd like to be, it offers solace, guidance and hope. From a psychiatrist who has spent the past thirty years listening to other people's most intimate secrets and troubles—an eloquent, incisive, and deeply perceptive book about the things we all share—and which every one of us grapples with as we strive to make the most of the life we have left. After service in Vietnam as a surgeon for the 11th Armored Cavalry Regiment in 1968-69, at the height of the war—Dr Gordon Livingston returned to the US and began work as a psychiatrist. In that capacity, he has listened to people talk about their lives—what works, what doesn't, and the limitless ways (most of them self-inflicted) that we have found to be unhappy. He is also a parent twice bereaved—in one thirteen-month period, he lost his eldest son to suicide, his youngest to leukaemia. Out of a lifetime of experience, Livingston has extracted thirty bedrock truths: We are what we do. Any relationship is under the control of the person who cares the least. The perfect is the enemy of the good. Only bad things happen quickly.

Forgiveness is a form of letting go, but they are not the same thing. The statute of limitations has expired on most of our childhood traumas. 'Gordon Livingston has been through many kinds of hell and come back with wisdom and kindness that are to be revered. To read him is to trust him and to learn, for his life has been touched by fire, and his motives are absolutely pure' - Mark Helprin, author of *A Soldier of the Great War* and *Winter's Tale* Author Biography Gordon Livingston, MD, a graduate of West Point and the Johns Hopkins School of Medicine, has been a physician since 1967. He is a psychiatrist and writer who frequently contributes to the *Washington Post*, *San Francisco Chronicle*, *Baltimore Sun* and *Reader's Digest*. Awarded the Bronze Star for valour for his service in the Vietnam War, he is the author of *Too Soon Old, Too Late Smart*, *And Never Stop Dancing* and *Only Spring: On Mourning the Death of My Son*. He lives and works in Columbia, Maryland, USA. **Disabled Village Children** - David Werner 1987

... A book of information and ideas for all who are concerned about the well-being of disabled children. It is especially for those who live in rural areas where resources are limited ... Written by [the author] with the help of disabled persons and pioneers in rehabilitation in many countries, this book ... gives a wealth of clear, simple, but detailed information concerning most common disabilities of children: many different physical disabilities, blindness, deafness, fits, behavior problems, and developmental delay. It gives suggestions for simplified rehabilitation, low-cost aids, and ways to help disabled children find a role and be accepted in the community. Above all, the book helps us to realize that most of the answers for meeting these children's needs can be found within the community, the family, and in the children themselves. It discusses ways of starting small community rehabilitation centers

and workshops run by disabled persons or the families of disabled children.-Back cover.

MRI of the Upper Extremity - Bethany U. Casagranda 2021-10-09

This book systematically discusses the anatomy and pathology of three specific regions of the upper extremity: the elbow, wrist, and hand. Divided into three sections, by body part, chapters cover anatomy and pathology. The anatomy chapters give a comprehensive view of each body part and normal variants found there. Although the primary modality emphasized will be MRI, illustrations and other modalities, including plain radiograph and CT, will be used to comprehensively discuss the anatomy of each region. Liberally illustrated, the pathology chapters then cover both traumatic and non-traumatic causes for imaging and detail how to perform and interpret each MRI. Specific examples include: osseous trauma, soft tissue trauma, and tumor imaging. Chapters are written with the deliberate intention to be of value to all levels of radiology training while remaining a reliable resource for attending radiologists.

Potential Boyfriend - Roopesh Kumar 2020-10-31

Love stories around the world are simple. Boy and Girl meet. They fall in love. They have good understanding. They make a perfect relationship. In India, it takes something more to be called a perfect relationship. Boy and Girl meet. They fall in love. They have good understanding. Boy is ready to marry girl. Girl is ready to sleep with boy. They make a perfect relationship. Welcome to Potential Boyfriend, a story about Vardan Awasthi and Niti Handa. Vardan doesn't believe in true love. He has had thirteen girlfriends in the past. And the biggest misery of his life is he is still a virgin. He is desperately looking for a relationship where he can get rid of his virgin-tag. His best friends, Sejal and Adithya, suggest him to become a Potential Boyfriend before making a move. The turning point in his life is when he meets Niti and starts falling in love with her. Will he ever tell her what he feels for her? If he does, will she ever accept him? And if she does, will he ever get what he expects out of a relationship? Will he ever become a potential boyfriend? From the author of bestselling novel 'I'm An Average Looking Boy...will you be my girlfriend' comes

another witty tale of love, friendship and romance.

The Epidemiology of Aging - Anne Newman 2012-12-12

The average age of the world's population is increasing at an unprecedented rate and this increase is changing the world. This "Silver tsunami" emphasizes the need to provide advanced training in epidemiology and increase the cadre of experts in the study of aging. This book is designed to summarize unique methodological issues relevant to the study of aging, biomarkers of aging and the biology/physiology of aging and in-depth discussions of the etiology and epidemiology of common geriatric syndromes and diseases. Contributing authors in the book represent many disciplines, not only epidemiology and clinical geriatrics, but also demography, health services, research, cardiovascular disease, diabetes, psychiatry, neurology, social services, musculoskeletal diseases and cancer. The aim of the book is to provide a broad multidisciplinary background for any student/researcher interested in aging. The material in the book is organized and comprehensive. It represents the most up-to-date information on the scientific issues in aging research written by academics who specialize in research and training in the broad field of aging. The structure and organization of the book reflects our course series in the Epidemiology of Aging starting with the broad issues of demography and methodology, and then addressing specific health conditions and geriatric conditions common to older persons.

Sacred Games - Vikram Chandra 2011-03-03

An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of

terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

The Harṣa-carita of Bāṇa - Bāṇa 1993

Bana holds an unrivalled position in the galaxy of India's literary stars. He is a unique artist in the domain of Embellished Sanskrit prose.

Bana's Harsacarita is a historical romance which presents actual events of his sovereign-- Harsavardhana of Thanesar and Kanauj who ruled over northern India in the first half of the seventh century A.D. The present work is an English translation of Harsacarita by two eminent scholars E.B. Cowell and F.W. Thomas. It is a faithful rendering of the original Sanskrit text into English language. It preserves the characteristic features of the author's style. All the puns in the words and veiled allusions in the sentences are explained in the notes, not in the body of translation, out of consideration to the English reader. A short introduction, two appendices and an index of proper names etc. are also very useful.

Dangerous Curves atop Hollywood Heels: The Lives, Careers, and Misfortunes of 14 Hard-Luck

Girls of the Silent Screen - Michael G. Ankerich
Named a Top 10 Best Silent Film Book in 2010 by the San Francisco Examiner! "We were like dragonflies. We seemed to be suspended effortlessly in the air, but in reality, our wings were beating very, very fast." - Mae Murray "It is worse than folly for persons to imagine that this business is an easy road to money, to contentment, or to that strange quality called happiness." - Bebe Daniels "A girl should realize that a career on the screen demands everything, promising nothing." - Helen Ferguson
In Dangerous Curves Atop Hollywood Heels, author Michael G. Ankerich examines the lives, careers, and disappointments of 14 silent film actresses, who, despite the odds against them and warnings to stay in their hometowns, came to Hollywood to make names for themselves in the movies. On the screen, these young hopefuls became Agnes Ayres, Olive Borden, Grace Darmond, Elinor Fair, Juanita Hansen, Wanda Hawley, Natalie Joyce, Barbara La Marr, Martha Mansfield, Mary Nolan, Marie Prevost, Lucille Ricksen, Eve Southern, and Alberta Vaughn. Dangerous Curves follows the precarious routes these young ladies took in their quest for fame and uncovers how some of the top actresses of the silent screen were used, abused, and discarded. Many, unable to let go of the spotlight after it had singed their very souls,

came to a stop on that dead-end street, referred to by actress Anna Q. Nilsson as, Hollywood's Heartbreak Lane. Pieced together using contemporary interviews the actresses gave, conversations with friends, relatives, and co-workers, and exhaustive research through scrapbooks, archives, and public records, *Dangerous Curves* offers an honest, yet compassionate, look at some of the brightest luminaries of the silent screen. The book is illustrated with over 150 photographs.

The Girls' Guide to Hunting and Fishing - Melissa Bank 2005-05-26

Generous-hearted and wickedly insightful, *The Girls' Guide to Hunting and Fishing* is the New York Times bestselling novel by Melissa Bank. *The Girls' Guide to Hunting and Fishing* maps the progress of Jane Rosenthal as she sets out on a personal and spirited expedition through the perilous terrain of sex, love, relationships, and the treacherous waters of the workplace. Soon Jane is swept off her feet by an older man and into a Fitzgeraldesque whirl of cocktail parties, country houses, and rules that were made to be broken, but comes to realise that it's a world where the stakes are much too high for comfort. With an unforgettable comic touch, Bank skilfully teases out universal issues, puts a clever new spin on the mating dance, and captures in perfect pitch what it's like to come of age as a young woman. 'This chronicle of a New Yorker's relationships has a wit and perceptiveness that singles it out from the crowd' *Guardian* 'As hilarious as *Girls' Guide* is, there's a wise, serious core here' *Wall Street Journal* 'A sexy, pour-your-heart-out, champagne tingle of a read-thoughtful, wise, and tell-all honest. Bank's is a voice that you'll remember' *Cosmopolitan*
