Mrs. Astor Regrets - Meryl Gordon 2009

The fate of Brooke Astor, the endearing philanthropist with the storied name, has generated worldwide headlines since her grandson Philip sued his father, Anthony Marshall, in 2006, alleging mistreatment of Brooke. Shortly after her death in 2007, Anthony was indicted on charges of looting her estate. New York journalist Meryl Gordon has interviewed not only the elite of Mrs. Astor's social circle but also the large staff who cared for her during her declining years. The result is the behind-the-headlines story of the Astor empire's unraveling, filled with never-before-reported scenes. This powerful, poignant saga takes the reader inside the gilded gates of an American dynasty to tell of three generations' worth of longing and missed opportunities and is filled with secrets of the sort that have engaged Americans from the era of Edith Wharton to the more recent days of Truman Capote. Even in this territory of privilege, no riches can put things right once they've been torn asunder. Mrs. Astor Regrets is an American epic of the bonds of money, morality, and social position.

The Body Shape Bible - Susannah Constantine 2007

WHICH BODY SHAPE ARE YOU? A Skittle, Goblet, Hourglass, Cornet, Cello, Apple, Column, Bell, Vase, Brick, Lollipop or a Pear.... Trinny & Susannah have identified 12 classic women's body shapes. In each case, it is proportion, not size, that matters. So whether you are a skinny, average or larger Skittle, Cello, Apple or Pear, the same principles of

dressing will apply. Using real-life women, they analyse in depth each shape and show how to choose the clothes that fit and flatter it. They show the most common dressing mistakes and the three best looks. They select the 10 key garments to make up a capsule wardrobe, and show how these basics can be built upon to vary the look. And they show how to make the most of what you already have: what you can do with an ill-fitting or expensive mistake to bring it back to life. It includes Trinny & Susannah's fabulous 22 city directory of shops, outlets and services and other must-have addresses across the UK.

The Book of Womanhood - Amy F Davis Abdallah 2016-06-30

There are many questions that surround Christian womanhood: What does it mean? When does it happen; at a certain age, status, or maturity? How do we know we're no longer girls? And when we've figured that out, how will others know how to recognise us as a woman rather than a girl? After all, Christian women don't usually get a rite of passage in which they are named a woman. Seeing this need, Amy Davis Abdallah has created such a rite, and this book accompanies it; there is no need to go through her rite of passage, however, to name yourself a woman. The Book of Womanhood creates a path through the confusion that surrounds the identity of women by its flexible framework, developing the reader's understanding of a woman's relationship with God, their self, others and creation. Amy writes simply as one perhaps further along in her journey of womanhood than most, and she doesn't write alone; she includes the stories of Biblical women, of friends young and old, and even more. The diverse voices come together as a cloud of witnesses encouraging us in our individual journeys. The Book of Womanhood is about recognition, reaching out not only to women, but also to men who seek to understand and empower their wives, daughters, and friends to be the women God has formed them to be. Read for empowerment; read for transformation. Read and become the woman of God you were created to be.

What Your Clothes Say about You - Trinny Woodall 2006

The Triumph of Individual Style - Carla Mason Mathis 2002

This text aims to teach the reader how to assess her body type and then choose clothing. The process involves what the authors call an individual's design pattern. This pattern is made up of lines, shapes, proportions, body particulars, scale, colours and textures. How they fit together in harmony and how an individual infuses them with her innate creativity is what authors call 'style'.

Street Game - Christine Feehan 2010

River of Teeth - Sarah Gailey 2017-05-23

A Finalist for the 2017 Nebula Award for Best Novella Sarah Gailey's wildfire debut *River of Teeth* is a rollicking alternate history adventure that Charlie Jane Anders calls "preposterously fun." In the early 20th Century, the United States government concocted a plan to import hippopotamuses into the marshlands of Louisiana to be bred and slaughtered as an alternative meat source. This is true. Other true things about hippos: they are savage, they are fast, and their jaws can snap a man in two. This was a terrible plan. Contained within this volume is an 1890s America that might have been: a bayou overrun by feral hippos and mercenary hippo wranglers from around the globe. It is the story of Winslow Houndstooth and his crew. It is the story of their fortunes. It is the story of his revenge. Punk 57 - Penelope Douglas 2016

"MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no

time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the

chances? F*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com
