Hoover's War on Gays - Douglas M. Charles
2015-09-18

At the FBI, the “Sex Deviates” program covered a lot of ground, literally; at its peak, J. Edgar Hoover’s notorious “Sex Deviates” file encompassed nearly 99 cubic feet or more than 330,000 pages of information. In 1977–1978 these files were destroyed—and it would seem that four decades of the FBI’s dirty secrets went up in smoke. But in a remarkable feat of investigative research, synthesis, and scholarly detective work, Douglas M. Charles manages to

fill in the yawning blanks in the bureau's history of systematic (some would say obsessive) interest in the lives of gay and lesbian Americans in the twentieth century. His book, *Hoover's War on Gays*, is the first to fully expose the extraordinary invasion of US citizens' privacy perpetrated on a historic scale by an institution tasked with protecting American life. For much of the twentieth century, when exposure might mean nothing short of ruin, gay American men and women had much to fear from law enforcement of every kind—but none so much as the FBI, with its inexhaustible federal resources, connections, and its carefully crafted reputation for ethical, by-the-book operations. What *Hoover's War on Gays* reveals, rather, is the FBI's distinctly unethical, off-the-books long-term targeting of gay men and women and their organizations under cover of "official" rationale—such as suspicion of criminal activity or vulnerability to blackmail and influence. The book offers a wide-scale view of this policy and

practice, from a notorious child kidnapping and murder of the 1930s (ostensibly by a sexual predator with homosexual tendencies), educating the public about the threat of "deviates," through WWII's security concerns about homosexuals who might be compromised by the enemy, to the Cold War's "Lavender Scare" when any and all gays working for the US government shared the fate of suspected Communist sympathizers. Charles's work also details paradoxical ways in which these incursions conjured counterefforts—like the Mattachine Society; ONE, Inc.; and the Daughters of Bilitis—aimed at protecting and serving the interests of postwar gay culture. With its painstaking recovery of a dark chapter in American history and its new insights into seemingly familiar episodes of that story—involving noted journalists, politicians, and celebrities—this thorough and deeply engaging book reveals the perils of authority run amok and stands as a reminder of damage done

in the name of decency.

Queer Icons From Gay to Z - Patrick Boyle

2019-09-10

The LGBTQ+ community is a loving family. As such, this colorful book celebrates our most iconoclastic sisters and brothers (and gender-nonbinary friends) across history. This beautiful book is an illustrated and alphabetic celebration of LGBTQ+ activists, artists, comedians, writers, philosophers, musicians, poets, and Olympic gold medalists. These icons of the queer community have collectively championed civil rights, radically increased queer visibility and provided a means of escapism through their soul-affirming artistry. Just some of the trailblazers featured in Queer Icons from Gay to Z include Josephine Baker, Laverne Cox, Ellen DeGeneres, Keith Haring, Neil Patrick Harris, Marsha P Johnson, Harvey Milk, Martina Navratilova, Cynthia Nixon, Frank Ocean, Ruby Rose, and so on--all the way to Z. Loaded with trivia and factoids about each icon, this

colorfully illustrated book unites pop-culture icons of the current day with the activists and revolutionaries who fought (sometimes literally to the death) for the right to be who they are, and the right to love whoever they damn well please.

The Gay Metropolis, 1940-1996 - Charles Kaiser 1998

An utterly compelling social and political history of modern gay life, this Lambda Book Award finalist is filled with dazzling characters, tragedies, and happy endings. of photos.

Conversations with Edmund White - Will Brantley 2017-09-05

Conversations with Edmund White brings together twenty-one interviews with an author known for chronicling gay culture. Ranging from a 1982 discussion of his early works to a new and unpublished interview conducted in 2016, these interviews highlight White's predilections, his major achievements, and the pivotal moments of his long, varied career. Since the

1973 publication of his first novel, *Forgetting Elena*, Edmund White (b. 1940) has become a major figure in literature and gay culture. White is, however, more than just a celebrated gay writer. He is an international man of letters, and his work crosses several genres. White's fiction includes an autobiographical trilogy: *A Boy's Own Story*, *The Beautiful Room Is Empty*, and *The Farewell Symphony* along with more recent novels such as *Jack Holmes and His Friend* and *Our Young Man*. White's love of French literature and culture is evident in biographies of Jean Genet, Marcel Proust, and Arthur Rimbaud, and his antipathy to American Puritanism suffuses his collected essays and memoirs and is on full display in two early nonfiction works that helped define the era of gay liberation: *The Joy of Gay Sex*, coauthored with Charles Silverstein, and *States of Desire: Travels in Gay America*. A professor of creative writing at Princeton University, White has earned many distinctions, including the National

Book Critics Circle Award and the Lambda Literary Foundation's Pioneer Award. White has been a generous interviewer, sharing his time and insights not only with major publications such as the *Paris Review*, but also with smaller online publications for more limited audiences. A lively commentator, White has never been afraid to speak his mind, even when the result has been public feuds with literary peers on both sides of the Atlantic.

Books in Print - 1991

Statistical Timeline and Overview of Gay Life - Zachary Chastain 2014-09-29

The history of the lesbian, gay, bisexual, and transgender (LGBT) community is one of pride and a rich sense of heritage in the midst of prejudice, oppression, and misunderstanding. Seeing the development of the LGBT identity and community over time, a person is struck by the bravery of individual LGBT people and the community itself in its struggle for dignity, civil

rights, and acceptance by society. It is a story of human suffering, secret lives, and rejection—but ultimately one of a fight for freedom and visibility that is a part of the proud heritage of expanding civil rights and "the pursuit of happiness" that is the story of America at its best.

Flowers of war - Llŷr Gwyn Lewis 2022-08-12

When the author is given a small package, containing letters and papers relating to his grandfather's brother, who was killed in Syria during the Second World War, it leads him on an extended personal journey. An exploration of history, imagination and the process of memory, shifting imperceptibly from autobiography to travelogue, from letters and diaries to official records, from text to visual image. In his first prose work Lewis reveals a rare and consummate literary talent. Deeply rooted in his Welsh identity, this young writer locates his own and his family's experience within the wider European world in a thoughtful, mature and highly original book. *Flowers of War* is a

translation of *Rhyw Flodau Rhyfel* (Y Lolfa, 2014), which won the Creative Non-Fiction category in the 2015 Wales Book of the Year award.

Sex, Love & Homophobia - Vanessa Baird 2004

Includes 26 entries (from 'Against Nature' through 'XXYY' to 'Zapatistas'). This book enables readers to confront prejudice.

What Was Stonewall? - Nico Medina 2019-03-12

How did a spontaneous protest outside of a New York City bar fifty years ago spark a social movement across America? Find out about the history of LGBTQ rights in this Who HQ title. In the early-morning hours of June 28, 1969, police arrived at the Stonewall Inn's doors and yelled, "Police! We're taking the place!" But the people in this New York City neighborhood bar, members of the LGBTQ community, were tired of being harassed. They rebelled in the streets, turning one moment into a civil rights movement

and launching the fight for equality among LGBTQ people in the United States.

How To Be Gay - David M. Halperin 2012-08-21

A pioneer of LGBTQ studies dares to suggest that gayness is a way of being that gay men must learn from one another to become who they are. The genius of gay culture resides in some of its most despised stereotypes—aestheticism, snobbery, melodrama, glamour, caricatures of women, and obsession with mothers—and in the social meaning of style.

The Beautiful Room Is Empty - Edmund White 2010-09-08

When the narrator of White's poised yet scalding autobiographical novel first embarks on his sexual odyssey, it is the 1950s, and America is "a big gray country of families on drowsy holiday." That country has no room for a scholarly teenager with guilty but insatiable stirrings toward other men. Moving from a Midwestern college to the Stonewall Tavern on the night of

the first gay uprising--and populated by eloquent queens, butch poseurs, and a fearfully incompetent shrink--The Beautiful Room is Empty conflates the acts of coming out and coming of age. "With intelligence, candor, humor--and anger--White explores the most insidious aspects of oppression.... An impressive novel."--Washington Post book World

Before Stonewall - Vern L Bullough 2014-02-04

Explore the early history of the gay rights movement! In the words of editor Vern L. Bullough: "Although there was no single leader in the gay and lesbian community who achieved the fame and reputation of Martin Luther King, there were a large number of activists who put their careers and reputations on the line. It was a motley crew of radicals and reformers, drawn together by the cause in spite of personality and philosophical differences. Their stories are told in the following pages." Before Stonewall: Activists for Gay and Lesbian Rights in Historical Context illuminates the lives of the courageous

individuals involved in the early struggle for gay and lesbian civil rights in the United States. Authored by those who knew them (often activists themselves), the concise biographies in this volume examine the lives of pre-1969 barrier breakers like Harry Hay, Henry Gerber, Alfred Kinsey, Del Martin, Phyllis Lyon, Jim Kepner, Jack Nichols, Christine Jorgensen, Jose Sarria, Barbara Grier, Frank Kameny, and 40 more. To anyone with an interest in the history of the gay/lesbian rights movements in the United States, these names will be familiar, but did you know that in addition to their groundbreaking activism: Prescott Townsend was a Boston Brahman Dorr Legg was a Log Cabin Republican Harry Hay was at one time a member of the Communist party Jim Kepner was a boy preacher Troy Perry was removed from the ministry of his church for homosexuality--and then founded the gay-friendly Metropolitan Community Church Reed Erickson--a transsexual millionaire who gave millions to the cause--kept

a pet leopard called Henry Barbara Gittings set up a kissing booth at the American Library Association convention and urged attendees to kiss a gay or lesbian! Before Stonewall is a perfect ancillary text for any gay/lesbian studies course, but more to the point, no one interested in these heroic figures and the movements they ignited should be without this book, which received an honorable mention in the 2004 Stonewall Book Awards.

**A New Generation of Homosexuality:
Modern Trends in Gay & Lesbian
Communities** - Bill Palmer 2014-09-29

Young people "coming out" as lesbian, gay, bisexual, and transgender (LBGT) in the twenty-first century are being welcomed into a community that is proud, diverse, and vibrant! This book examines the history of the LGBT community in America from its roots in the free-thinking seaport cities of the 1800s, through the social revolution of World War II, the early activists of the 1950s, the "gay pride"

*Downloaded from

2023-11-12 by guest*

movements of the 1970s, the AIDS crisis, and the mainstreaming of LGBT communities of the present day. It is a story of courage in the face of oppression, a demand for civil rights, and people making meaningful and authentic lives for themselves—and having fun, too. LGBT people today are the heirs of the hopes and dreams and hard work of past generations. This is an exciting and inspirational story of an American minority group that is still fighting for full acceptance in contemporary society.

The stone wall - Mary Casal 2021-10-21

O primeiro relato franco e corajoso de uma vida em desafio à heteronormatividade. Obra seminal

na afirmação LGBTQIA+. Mary Casal (pseudônimo) nasceu em 1864. Ainda criança começou a sofrer abusos sexuais que se seguiriam até a idade adulta, geralmente por parte de parentes ou professores. Desde menina sentia-se privada dos direitos dos meninos mas, sujeitando-se à norma social, fez-se esposa e tentou ser mãe. Após perder o segundo filho, assumiu sua identidade autêntica ainda que, por conta da pudicícia norte-americana, chegasse a se imaginar a única pessoa com “a natureza invertida”. Casou-se com uma mulher (um século antes de que isso fosse legalizado), a quem considerava “o amor de sua vida” e que, mais tarde, lhe partiria o coração. Empreendedora, artista, pioneira na educação sexual dos jovens, “Mary” escreveu suas memórias aos 65 anos, como testemunho sincero e corajoso, abrindo alas para a afirmação da pluraridade de gêneros em um ambiente de opressão heteronormativa. “Me vi demais na história dessa mulher que precisou usar outro nome para falar sobre

questões tão profundas e sinceras. E com uma riqueza de detalhes tão necessária para mim atualmente... imagine para as mulheres da época em que o livro foi publicado! Mary Casal tem um papel essencial na história da nossa comunidade

e certamente sua história merece ser conhecida. Se hoje estamos aqui celebrando nossa existência, e com força para lutar nossas batalhas, é porque mulheres como ela vieram antes.” Alexandra Gurgel.
