Mad Jones, Heretic Quin Hillyer 2017-12-05 Meet Mad Jones, a high school history teacher who, in the midst of unspeakable tragedy, literally nails religious theses to church doors. He does so with no expectation that they will be taken seriously, or even widely read - but, in this age of modern electronic communications and instant celebrity, young Madison Jones very quickly develops a large following and engenders significant levels of controversy. The media, quite typically, misunderstand and misrepresent his ultimate message; religious leaders debate his theses, at times with ulterior motives; and soon politicians are jumping in to comment from whichever standpoint best fits their partisan purposes. Mad Jones, Heretic delivers sharp satire on modern religion, politics, and media, all at the same time, along with insightful representations of the vagaries of today's celebrity culture and the lunacy of Internet comment threads.

Controversies surrounding race and sexual morality enter in as well. Additionally, its setting at the end of the 20th Century, in the midst of the Y2K computer scare, provides the perfect vehicle to dissect millennialist themes as well. Underlying all of this are some very serious theological reflections, woven naturally through a plot filled with sympathetic and memorable characters. Ultimately, true character - both good and bad - reveals itself, and both faith and human decency are tested once again. Grace and redemption, though, are always possible.

What Women Want When They Test Men Bruce Bryans

2015-08-13 Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man.

Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female

gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without

becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. That Time in Italy Kevin Zdrill 2022-04-05 A dream trip to Italy can only result in the best, most luxurious vacation with no unfortunate mistakes. Or maybe that's too much to hope for... Gus can't wait to get off the cramped flight from Canada to Italy and enjoy the bus tour across Naples, Rome, and other history- and wine-filled locations. Mitch, his eight-month-pregnant girlfriend, is less excited. And Thor? Well, being ten months old, it's not at the top of his to-do list. Still, this is the trip of a lifetime—and it's free! Except that after the somewhat disastrous flight, their decrepit old tour bus takes them four hours away from civilization to...Favola? Who's ever heard of such a town? After the worst night of their lives in a hotel room that's more like a jail cell, Gus and Mitch are taken in by an old-world Italian family whose highly religious matriarch is determined to get them married before they leave. Going home may be an issue, though, when their passports are accidentally thrown away. Now Gus must find a way to get his hands on fake ones before Mitch finds out the truth. Lost shoes, public nudity, and a police raid later, a mysterious stranger may be the answer to their troubles—or their biggest problem yet. That Time in Italy is an entertaining, humorous story of everything going wrong, how not to handle problems, and the growing pains of appreciating a strange new kind of life (even without extra-large coffees).

written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better

in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Glover 2022-02-18 Originally published as an e-book that became a controversial media phenomenon, No More Mr. Nice Guy! landed its author, a certified marriage and family therapist, on The O'Reilly Factor and the Rush Limbaugh radio show. Dr. Robert Glover has dubbed the "Nice Guy Syndrome" trying too hard to please others while neglecting one's own needs, thus causing unhappiness and resentment. It's no wonder that unfulfilled Nice Guys lash out in frustration at their loved ones, claims Dr. Glover. He explains how they can stop seeking approval and start getting what they want in life, by presenting the information and tools to help them ensure their needs are met, to express their emotions, to have a satisfying sex life, to embrace their masculinity and form meaningful relationships with other men, and to live up to their creative potential.
