After Hitchcock - David Boyd 2010-01-01

Alfred Hitchcock is arguably the most famous director to have ever made a film. Almost single-handedly he turned the suspense thriller into one of the most popular film genres of all time, while his Psycho updated the horror film and inspired two generations of directors to imitate and adapt this most Hitchcockian of movies. Yet while much scholarly and popular attention has focused on the director's oeuvre, until now there has been no extensive study of how Alfred Hitchcock's films and methods have affected and transformed the history of the film medium. In this book, thirteen original essays by leading film scholars reveal the richness and variety of Alfred Hitchcock's legacy as they trace his shaping influence on particular films, filmmakers, genres, and even on film criticism. Some essays concentrate on films that imitate Hitchcock in diverse ways, including the movies of Brian de Palma and thrillers such as True Lies, The Silence of the Lambs, and Dead Again. Other essays look at genres that have been influenced by Hitchcock's work, including the 1970s paranoid thriller, the Italian giallo film, and the post-Psycho horror film. The remaining essays investigate developments within film culture and academic film study, including the enthusiasm of French New Wave filmmakers for Hitchcock's work, his influence on the filmic representation of violence in the post-studio Hollywood era, and the ways in which his films have become central texts for film theorists.

American Cinema/American Culture - John Belton 2012-04-01

American Cinema/American Culture looks at the interplay between American cinema and mass culture from the 1890s to 2011. It begins with an examination of the basic narrative and stylistic features of classical Hollywood cinema. It then studies the genres of silent melodrama, the musical, American comedy, the war/combat film, film noir, the western, and the horror and science fiction film, investigating the way in which movies shape and are shaped by the larger cultural concerns of the nation as a whole. The book concludes with a discussion of post World War II Hollywood, giving separate chapter coverage to the effects of the Cold War, 3D, television, the counterculture of the 1960s, directors from the film school generation, and the cultural concerns of Hollywood from the 1970s through 2011. Ideal for Introduction to American Cinema courses, American Film History courses, and Introductory Film Appreciation courses, this text provides a cultural overview of the phenomenon of the American movie-going experience. An updated study guide is also available for American Cinema/American Culture. Whipping Girl - Julia Serano 2016-03-08

This classic manifesto is "a foundational text for anyone hoping to understand transgender politics and culture in the U.S. today." (NPR) *Named as one of 100 Best Non-Fiction Books of All Time by Ms. Magazine* In Whipping Girl, biologist and trans activist Julia Serano shares her experiences and insights—both pre- and post-transition—to reveal the ways in which fear, suspicion, and dismissiveness toward femininity shape our attitudes toward trans women, as well as gender and sexuality as a whole. Serano's well-honed arguments and pioneering advocacy stem from her ability to bridge the gap between the often-disparate biological and social perspectives on gender. In this provocative manifesto, she exposes how deep-rooted the cultural belief is that femininity is frivolous, weak, and passive. In addition to debunking popular misconceptions about being transgender, Serano makes the case that today's feminists and transgender activists must work to embrace and empower femininity—in all of its wondrous forms.

Reality Bites Back - Jennifer L. Pozner 2010-10-19

Nearly every night on every major network, "unscripted" (but carefully crafted) "reality" TV shows routinely glorify retrograde stereotypes that most people would assume got left behind 35 years ago. In Reality Bites Back, media critic Jennifer L. Pozner aims a critical, analytical lens at a trend most people dismiss as harmless fluff. She deconstructs reality TV's twisted fairytales to demonstrate that far from being simple "guilty pleasures," these programs are actually guilty of fomenting gender-war ideology and significantly affecting the intellectual and political development of this generation's young viewers. She lays out the cultural biases promoted by reality TV about gender, race, class, sexuality, and consumerism, and explores how those biases shape and reflect our cultural perceptions of who we are, what we're valued for,

and what we should view as "our place" in society. Smart and informative, Reality Bites Back arms readers with the tools they need to understand and challenge the stereotypes reality TV reinforces and, ultimately, to demand accountability from the corporations responsible for this contemporary cultural attack on three decades of feminist progress.

Changes - Thomas Newgen 2010-01-15

The latest book by Thomas Newgen and Barbara Deloto, "Changes" has five different stories about forced feminization. The authors of, the ever popular, "Virgin Bride - An Erotic Tale - A Husband becomes a Bride." and, "Shapeshifter" have now created five exciting stories of men being turned into women (almost) by their female transformers. "Neighborly Advice" is about a wife that talks with her psychiatrist neighbor about sexuality and through her advice brings excitement into their lives by teaching the wife to transform the husband into a woman and become like a girlfriend instead of a husband as they enjoy themselves immensely while he's dressed as a woman. "I Once Was a Man, Until My Wife Got Done with Me" is about a wife who wants her husband to understand how a woman wants to be treated by a man by turning him into a woman through her training of him. "Natasha's Weekend" is about a woman's special, monthly party, where she becomes a dom for a day and turns her husband into her sissy slave to serve at the party. "What Happened to Me!?" is about a husband that regularly came home after too many drinks one too many times until she takes control and literally puts her shoe on his foot along with other limiting, and life changing restraints and changes. "A New Job: Great Pay, But at What Price?" is about a man that is hired at an outrageously high salary by a beautiful, powerful, woman boss that makes him wear women's clothing on his first day of work and ultimately changes his life completely. All the stories are about men learning about the pleasures of dressing like a woman, femininity, sexuality, sensuality, and pleasing from the feminized side of life. All of them are highly erotic and incredibly titillating! Adults only! Don't miss this one.
