**Anybody Got a Clue about Guys?** Susie Shellenberger 1995 Offers advice with a Christian perspective on the psychological, social, and physical aspects of relationships between teenagers.

**How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two** Jon Knowles 2019-03-31 The ghosts that haunt our sexual pleasure were born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the invention of sin came the construction of women as subordinate beings to men. Despite the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Book Two of this two-part publication traces the

history of sex from the Victorian Era to present day. Interspersed with 'personal hauntings' from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to haunt us today. This book is a page-turner in simple and plain language about 'how sex got screwed up' for millennia. For Knowles, if we know the history of sex, we can get over it.

**Getting the Sex You Want** Sandra R. Leiblum 2003-09-01 Why are so many women eager to kindle or re-kindle their interest in sex and get the satisfaction they deserve? Sandra Leiblum, Ph.D. and Judith Sachs have been to the trenches to talk to women of all ages and all stages of life, and they know that sex is a topic of great concern. Women want pleasure but have no idea how to go about getting it. They may be uncomfortable in their bodies, tired at the end of the second shift, confused about their relationships with men and/or other women, and totally mystified as to how to turn themselves on. "GETTING THE SEX YOU WANT" will help you to understand the cycles of interest and boredom over your lifetime and discover--or rediscover--the joys of your sexuality. Leiblum and Sachs have synthesized the latest research into women's sexuality and desire with exciting results. As warmly intimate as it is savvy, this clear, accessible, inviting guide includes the voices of dozens of women speaking out for sex--hot, mysterious, elusive, but always delicious--at every stage of life.

Ending the Sex Wars Morley D. Glicken 2005-06 Written to help women understand the sometimes strange and perplexing behavior of the men in their lives, this practical yet entertaining book includes many stories and examples of men and women who have successfully resolved serious relationship issues.

A Woman'S Guide to the Male Mind Sam Geraldo 2011-01-14 A  
Womans Guide to the Male Mind is the indirect result of a blog  
that I wrote in 2005 How Do You Tell If a Guy Fancies You? The  
article was so popular, receiving more than 70 replies from  
women with lots more questions, that I launched my web site  
www.seducemen.co.uk. Since then, most of the advice Ive given  
in hundreds of published articles was based on my own  
experiences and those of my friends. To write the book, however,  
I adopted a more scientific approach. I performed a significant  
amount of research into recent discoveries by anthropologists,  
sociologists, psychologists and biochemists on topics ranging  
from basic sexual attraction to personality type and male/female  
communications strategies. Its my belief, therefore, that A  
Womans Guide to the Male Mind features the best of two worlds:  
common sense opinions backed by solid empirical evidence. By  
helping ladies understand the male point of view with regard to  
sex, dating and relationships; I hope to eliminate the senseless  
conflicts that so often erupt between lovers and would-be lovers.  
Once you understand a few fundamentals about the male mind  
and male behaviour, you will stop thinking of men as inscrutable  
blockheads and primitive misfits. You will no longer regard them  
as you would a small, nasty child or an alien race. Arming yourself  
with the wisdom in this book, youll increase your odds of finding  
happiness and harmony in romantic relationships, and you will  
help ensure that this bliss lasts a lifetime. By the time a man  
reaches maturity, he has passed through four evolutionary stages  
in his attitude toward women and relationships. Its very  
important to understand and identify these four stages, because it

What You Really Really Want Jaclyn Friedman 2011-10-25 Co-editor of Yes Means Yes gives young women the tools to decipher the modern world's confusing, hypersexualized, sometimes dangerous landscape so they can define their own sexual identity. In this empowering, accessible guide, Jaclyn Friedman-co-editor of Yes Means Yes-gives young women the tools to decipher the modern world's confusing, hypersexualized, sometimes dangerous landscape so they can define their own sexual identity. Friedman decries the hypocrisy and mixed messages of our culture (we're failures if we don't act sexy, but we're sluts if we actually pursue sex; we need to be protected from rapists lurking in bushes, but deserve "whatever we get" if we have a drink at a party and wear a skirt), and encourages readers to separate fear from fact, decode the damaging messages all around them, and discover a healthy personal sexuality.

**Sex Guides** Patty Campbell 2017-04-07 The history of the sex guide for adolescents documents the quite unconscious movement of Western culture's ideas about sex and youth, revealing the heritage of our own sexual beliefs and codes of behaviour. The first section of this book, first published in 1986, traces the development of the sex guide, examining 400 books from 1892 to the 1980s. The second section comprises a detailed analysis of the patterns, content and usefulness of all the contemporary manifestations of the genre. The history of the teen sex manual is a fascinating revelation of American attitudes towards adolescent sexuality.
