**Anal Sex Tips For Guys And Girls** - Angelicka Wallows 2013-07-19

I have always been interested in trying new sorts of pleasures, and obviously anal sex is one of them. I admit that I started quite early and got the chance to do it with two great partners the first time, who made me enjoy it straight away.

As I am getting a lot of questions about it on my blog, I decided to share my few years experience in the matter with you, as well as the testimonials I got from many readers. And thus Anal Sex Tips For Guys & Girls was born. It contains valuable tips to make anal sex a pleasurable experience. When done right, anal sex is extremely pleasurable, and a delicious way to spice up and diversify your sexual life. So why not give it a try? Warning: This 4000+ word sex guide contains explicit material and is exclusively intended for adults of both sex. Excerpt: A little bit of anatomy here guys! If you've got to stick your penis somewhere, you'd better understand how it is configured so that you know how to actually get it in. Unlike the vagina, the anus is not a straight path. It is more like an "S" shaped path. The entry of this path is guarded by two strong muscles: the internal and external anal sphincters. It is the contraction of these muscles that causes pain during anal penetration, and it is their relaxation that makes it a pleasurable act. The rule here is to keep them relaxed. You can achieve that by good preparation, generous lubrication, and by "pushing" gently, just like you do when you defecate (which is why I like to deep clean myself first, as it boosts my confidence in doing so). Pushing when you try to get a penis inside is can seem a bit contradictory (and that's probably why it is said to be against nature!), but doing so will tremendously facilitate the penetration. You can practice Kegel exercises, just like you do with your vagina, to master anal relaxation and become more aware of your backside. Download now to learn all about anal sex, how to do it right, how to enjoy it safely, how you can improve it and what you should and shouldn't do.

**Anal Sex** - Jennifer S. 2013-07-28

This book has been re-written and enlarged. Only one of the reviews were written since all four bonus books were included. This book contains 14 exciting original scenes and stories for male-female anal sex. Let's proceed with

your anal adventure. The couple needs to discover their preferred position(s) for anal sex. The missionary position can be good for anal sex. Alternatively if the woman is on top she can better control the amount of anal sex penetration. Spooning gives the man a good angle during anal sex. (In the sexual "spoons" position, the penetrative partner lies on one side, with knees bent.) Doggie-style might give better G-spot stimulation, as is also the case when the woman is either on all fours or has her head on the bed and buttocks in the air (sometimes called the "Foraging Anteater Pose"). To play it safe, the man should enter the woman's anus, stop, and wait for her to get used to the feeling. During anal penetration, the woman can squeeze the man's penis with her PC muscles. This book also comes with four additional bonus books (making it a \$34.75 total value!) Your books are presented in this order: 1) Anal Sex 2) The Absolutely Essential Guide to Erotic Breast Massage 3) Special Things To Do During 3 Hours of Sex; A Step-by-step Guide 4) THE PS-SPOT ORGASM: Women Don't Wait Any Longer For This Kind of Pleasure 5) Absolutely Essential Tips for Buying & Selling On eBay

**Publisher's Warning:** These adult books are sexually oriented and discuss and present sexual information and situations which include anal actions, anal sex, anal arts and romantic anal erotica.
