

Boys Themselves A Return To Single Sex Education

Understanding A Separate Peace - Hallman Bryant 2001-11-30

Since its publication in 1959, *A Separate Peace* has acquired the reputation of a minor classic of American literature. This insightful analysis helps young readers relate to the themes of disillusionment, guilt and betrayal, and the fear of failure and intergenerational conflicts experienced by the teenaged characters in the novel. This casebook also situates *A Separate Peace* against the backdrop of World War II, enabling students to see the connections between the fictional world of the novel and the real World as it existed for young people. Moving well beyond a standard literary treatment, this interdisciplinary casebook provides a collection of historical primary documents drawn from official records, War Department orders, institutional histories, personal memoirs and letters, and poignant interviews. With commentary by Knowles himself, the casebook takes readers from the prep school setting of the novel to the impact of wartime on American students and their schools. *You're in the Army Now* explores the difficult transitions through induction and military training. *The Combat Zone* graphically confronts the realities of war with interviews of two former P.O.W.'s who experienced firsthand the terrors and tragedies of WWII. The volume also examines some of the contemporary issues of the novel including current controversies in athletic programs, gender issues in education, and Post Traumatic Stress Disorder. Teachers and librarians will find helpful suggestions for oral discussion, research projects, and further suggested readings on these important topics.

Taking Sides - James Wm Noll 2007

[This] is a debate-style reader designed to introduce students to controversies in education. The readings, which represent the arguments of leading educators and social commentators, reflect opposing positions and have been selected for their liveliness and substance and because of their value in a debate framework. For each issue, the editor provides a concise introduction and postscript summary. The introduction sets the stage for the debate as it is argued in the "yes" and "no" readings. The postscript briefly reviews the opposing opinions and suggests additional readings on the controversial issue under discussion.--Back cover

Children's Literature - Francelia Butler 1972

Narrative Goes to School, Boys Themselves as Educational Research - 2001

Narrative Goes to School - Chris Higgins 2001

On My Honor - Jay Mechling 2004-05

In a timely contribution to current debates over the psychology of boys and the construction of their social lives, *On My Honor* explores the folk customs of adolescent males in the Boy Scouts of America during a summer encampment in California's Sierra Nevada. Drawing on more than twenty years of research and extensive visits and interviews with members of the troop, Mechling uncovers the key rituals and play events through which the Boy Scouts shapes boys into men. He describes the campfire songs, initiation rites, games, and activities that are used to mold the Scouts into responsible adults. The themes of honor and character alternate in this new study as we witness troop leaders offering examples in structure, discipline, and guidance, and teaching scouts the difficult balance between freedom and self-control. What results is a probing look into the inner lives of boys in our culture and their rocky transition into manhood. *On My Honor* provides a provocative, sometimes shocking glimpse into the sexual awakening and moral development of young men coming to grips with their nascent desires, their innate aggressions, their inclination toward peer pressure and violence, and their social acculturation. *On My Honor* ultimately shows how the Boy Scouts of America continues to edify and mentor young men against the backdrop of

controversies over freedom of religious expression, homosexuality, and the proposed inclusion of female members. While the organization's bureaucracy has taken an unyielding stance against gay men and atheists, real live Scouts are often more open to plurality than we might assume. In their embrace of tolerance, acceptance, and understanding, troop leaders at the local level have the power to shape boys into emotionally mature men.

Handbook of Interview Research - Professor of Sociology and Chair Jaber F Gubrium 2002

Aimed at professionals in market research and journalism as well as researchers, academics and students, this handbook is both an encyclopedia providing discussions of methodological issues and a story of a particular tale of interviewing.

The Debatabase Book - 2007

"An invaluable resource for debaters, *The Debatabase Book* provides background, arguments and resources on 125 debate topics in areas as diverse as science and technology environment, politics, religion, sports, culture, and education All topics have been updated and 26 new topics added for the third edition." "Each entry presents an introduction placing the question in context, arguments pro and con, sample motions, and web links and print resources for further research Organized in a handy A-Z format, the book also includes a topical index for easy searching."--BOOK JACKET.

American Book Publishing Record - 1996-05

Contemporary Authors - Julie Keppen 2004-09

Find biographical information on more than 115,000 modern novelists, poets, playwrights, nonfiction writers, journalists and scriptwriters. Sketches typically include personal information, addresses, career history, writings, work in progress, biographical and critical sources, authors' comments and informative essays about their lives and work. A softcover cumulative index is published twice per year (included in subscription).

The Publishers Weekly - 1997

Thinking Themselves Free - Cynthia Miller Coffel 2011

Thinking Themselves Free presents humane, tender portraits of a small group of teen mothers trying to finish high school, and describes the ways in which reading, writing, and schooling shaped these young women's lives. The book suggests ways in which deeply held ideas about class, appropriate gender roles, and the expression of emotion in school affect educators' relationships with students who are different from the middle-class norm. Teachers of teen mothers describe with poignancy the young women's struggles to balance motherhood, work, and school, and suggest how schools could change to become more open to the diversity of life choice these women express. Because this book addresses the problems of struggling readers, working class students, and the teachers who serve them, its greatest audience will be among pre-service and in-service teachers and teacher educators interested in literacy education, qualitative research, education reform, gender equity, social justice, and the teaching of young adult literature.

Issues and Controversies on File - 2006

Same, Different, Equal - Rosemary C. Salomone 2008-10-01

Although coeducation has been the norm within private and public schools since the 1970s, single-sex education has staged a comeback in recent years as a means of addressing the academic and social problems faced by some students. Single-sex education raises controversy on ideological grounds, and in 1996 the Supreme Court struck down the all-male admissions policy at the Virginia Military Institute in a decision that has cast a legal cloud over public initiatives. In this timely book, Rosemary Salomone offers a

reasoned educational and legal argument supporting single-sex education as an alternative to coeducation, particularly in the case of disadvantaged minority students. Salomone examines the history of women's education and exclusion, philosophical and psychological theories of sameness and difference, findings on educational achievement and performance, the research evidence on single-sex schooling, and the legal questions that have arisen. Correcting many of the current misconceptions about single-sex education, she argues that it is a viable option and that the road to gender equality should be paved with diverse educational opportunities for all students—regardless of race, class, or gender.

The Deatabase Book - International Debate Education Association 2004

"An invaluable resource for debaters, The Deatabase Book provides background, arguments and resources on more than 125 debate topics in areas as diverse as business, science and technology, environment, politics, religion, culture, and education. All topics have been updated and 15 new topics added for the revised edition." "Each entry presents: an introduction placing the topic in context; arguments pro and con; sample motions; and Web links and print resources for further research. Organized in a handy A-Z format, the book also includes a topical index for easy searching."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Gender in Policy and Practice - Amanda Datnow 2013-10-23

This book exposes the complexity of single-sex schooling, and sheds new light on how gender operates in policy and practice in education. The essays collected in this volume cover a wide range of institutions, including K-12 and higher education, public and private schools, and schools in the US and beyond.

Detailing the educational experiences of both young men and women, this collection examines how schooling shapes-and is shaped by- the social construction of gender in history and in contemporary society.

[Separate Sexes, Separate Schools](#) - Bárbara Cruz 2000

Examines the pros and cons of single-sex education, its risks, benefits, and results, specifically discussing both girls-only and boys-only schools.

Articulations of Gender in Public School Reform - Elisabeth Legare Woody 2001

Boys Themselves - Michael Ruhlman 1997-09-15

A portrait of University School in Cleveland, Ohio, an all-boys' day school, follows a year in the lives of the male students, teachers, and headmaster, and explores the benefits of single-sex education
