War as Performance Lindsey Mantoan 2018-07-31 This book examines performance in the context of the 2003 Iraq War and subsequent conflicts with Daesh, or the so-called Islamic State. Working within a theater and performance studies lens, it analyzes adaptations of Greek tragedy, documentary theater, political performances by the Bush administration, protest performances, satiric news television programs, and post-apocalyptic narratives in popular culture. By considering performance across genre and media, *War as Performance* offers an interdisciplinary approach to the study of culture, warfare, and militarization, and argues that spectacular and banal aesthetics of contemporary war positions performance as a practice struggling to distance itself from appropriation by the military for violent ends. Contemporary warfare has infiltrated our narratives to such an extent that it holds performance hostage. As lines between the military and performance weaken, this book analyzes how performance responds to and potentially shapes war and conflict in the new century.

Bendición Tato Laviera 2014 "i think in spanish / i write in english / i want to go back to puerto rico / but I wonder if my kink could live / in ponce, mayaguez and carolina." Born in Puerto Rico but raised in New York City, Tato Laviera's poetry reflects his bilingual, bicultural Nuyorican existence while celebrating the universality of the human condition and his European, indigenous and African roots. Tato Laviera explores identity, community, urban life, oppression and much more in these multi-layered pieces that spanned his too-short life. Many deal with themes specific to the immigrant experience, such as the sense of alienation many feel when they are not accepted in their native or adopted land. In "nuyorican," he writes about returning to his native island, only to be looked down upon for his way of speaking: "ahora regreso, con un corazon boricua, y tu / me desprecias, me miras mal, me atacas mi hablar." Music and dance, an integral part of Puerto Rican life, permeate Laviera's verse and pay homage to the Caribbean's African roots. "i hear merengue in french haiti / and in dominican blood, / and the guaracha in yoruba, / and the mambo sounds inside the plena." Including all of his previously published poems and some that have never been published, these are bold expressions of hybridity in which people of mixed races speak a combination of languages. He skillfully weaves English and Spanish, and frequently writes in Spanglish. The importance of language and its impact on his identity is evident in poems entitled "Espanol," "Bilingue" and "Spanglish." Known for his lively, energetic poetry readings, Bendicion represents an internationally recognized poet's life work and will serve to keep Tato Laviera's words and the issues he wrote about alive long after his death.

Companions of the Night Vivian Vande Velde 2002-09-01 The Edgar Award-winning author of *Never Trust a Dead Man* puts a terrifying spin on what should be a typical night in a small town. Sixteen-year-old Kerry has got a tough night ahead of her. What begins as a simple lost-and-found trip to the laundromat to rescue her little brother's stuffed koala bear turns into a nightmarish odyssey of murder, vampires, and—quite possibly—true love. "Interview with a Vampire for the learner's permit set." —The Horn Book "A freshly written thriller, an offbeat love story, an engaging twist on the vampire novel, and an exciting tale of moral complexity . . . Point [this] book at the Lois Duncan fans as well as Anne Rice followers, and get out of the way." —The Bulletin "[Vande Velde] is a master at taking traditional fairy-tale-like themes and making them fresh and totally unique. *Companions of the Night* . . . does that for the vampire story . . . The narrative is tightly wound, keeping readers ready for excitement and action." —Emma Carbone, New York Public Library

Stories of Khmelnytsky Amelia M. Glaser 2015-08-19 In the middle of the seventeenth century, Bohdan Khmelnytsky was the legendary Cossack general who organized a rebellion that liberated

the Eastern Ukraine from Polish rule. Consequently, he has been memorialized in the Ukraine as a God-given nation builder, cut in the model of George Washington. But in this campaign, the massacre of thousands of Jews perceived as Polish intermediaries was the collateral damage, and in order to secure the tentative independence, Khmelnytsky signed a treaty with Moscow, ultimately ceding the territory to the Russian tsar. So, was he a liberator or a villain? This volume examines drastically different narratives, from Ukrainian, Jewish, Russian, and Polish literature, that have sought to animate, deify, and vilify the seventeenth-century Cossack. Khmelnytsky's legacy, either as nation builder or as antagonist, has inhibited inter-ethnic and political rapprochement at key moments throughout history and, as we see in recent conflicts, continues to affect Ukrainian, Jewish, Polish, and Russian national identity.

The Orchid Thief Susan Orlean 2009-07-15 Susan Orlean first met John Laroche when visiting Florida to write for the New Yorker about his arrest for stealing rare ghost orchids from a nature reserve. Fascinated both by Laroche and the world she uncovered of orchid collectors and growers, she stayed on, to write this magical exploration of obsession and the strange world both of the orchid obsessives and of Florida, that haunting and weird 'debatable land' of swamps and condos, retirement communities and real-estate scams. The world of the orchid hunters, breeders and showmen, their rivalries, vendettas and crimes, smuggling, thefts and worse provide the backdrop to a fascinating exploration of one of the byways of human nature, the obsessive world of the collector, and the haunting beauty of the flowers themselves.

After a very public trial, she was sent first to the notorious Holloway and then to East Sutton Park, an open prison in Kent. Inside, she kept a diary documenting her views and experiences; from this diary, Prisonomics was born. Faced with the realities of life behind bars and inspired by the stories

of the women she met, Pryce began to research the injustices she found within the prison system. In this informed and important critique, she draws upon her years of experience in economics to call for radical reform and seeks to change how we look at crime and punishment. Prisonomics is not only a personal account of Pryce's experience in prison. It is also a compelling analysis of both the economic and the very human cost of keeping women behind bars.

Locating Imagination in Popular Culture Nicky van Es 2020-12-29 *Locating Imagination in Popular Culture* offers a multi-disciplinary account of the ways in which popular culture, tourism and notions of place intertwine in an environment characterized by ongoing processes of globalization, digitization and an increasingly ubiquitous nature of multi-media. Centred around the concept of imagination, the authors demonstrate how popular culture and media are becoming increasingly important in the ways in which places and localities are imagined, and how they also subsequently stimulate a desire to visit the actual places in which people's favourite stories are set. With examples drawn from around the globe, the book offers a unique study of the role of narratives conveyed through media in stimulating and reflecting desire in tourism. This book will have appeal in a wide

Lifting the Veil on the Lost Continent of Mu, the Motherland of Men Jack Churchward 2011-08-01 A re-issue of the 1926 classic by James Churchward, The Lost Continent of Mu: Motherland of Men supplemented with fresh research and new material by the author's great-grandson. In the 1920s, James Churchward wrote a series of groundbreaking books about the lost continent of Lemuria which he called the land of Mu. The basic premises are these: • The Garden of Eden was not in Asia, but on a sunken continent in the Pacific Ocean. • The Biblical story of creation came not from the peoples of the Nile, but from this now submerged continent of Mu—the Motherland of Men. • Mu was an advanced civilization of 64 million inhabitants... He obtained the information by living with monks and translating unknown manuscripts. Over the years, his books have come to be considered occult classics. Now his great-grandson, Jack Churchward, has resurrected this valuable work and added his own research. Included: · The Lost Continent · The Land of Man's Advent on Earth · Egyptian Sacred Volume, Book of the Dead · Symbols of Mu · North American's Place Among the Ancient Civilizations · The Geological History of Mu · Ancient Religious Conceptions · Ancient Sacred Mysteries, Rites and Ceremonies

Gender and Domestic Violence in the Caribbean Ann Marie Bissessar 2021-06-22 Domestic violence, interpersonal violence, intimate partner violence, or gender-based violence continues to be a social problem that is rarely understood or discussed in many parts of society, worldwide. The same holds true in the Anglophone Caribbean. Most Caribbean societies are patriarchal in nature, as most men govern and create the political and economic landscape where citizens live. This edited volume brings together reputable scholars of rigorous academic research from various disciplines (e.g., political science, law, linguistics, criminology, nursing, social work and psychology) to clearly explain the conceptual definition of domestic violence within the Latin American and Caribbean region's socio-political context. It will highlight who are the perpetrators as well as the victims of domestic violence and the consequences of allowing domestic violence to perpetuate in the region. This book is unique in the market today, as it is the only book grounded in the Caribbean providing a comprehensive overview of domestic violence with regards to the significance, victims, perpetrators, and the consequences.

Men Who Batter Women Adam Edward Jukes 2020-04-01 Men who Batter Women presents a unique psycho-analytic perspective on clinical studies of the roots of male violence towards women. Most published work concentrates on the experiences of the female victims of domestic violence. This book is unusual in that it focuses on the male perpetrators. Adam Edward Jukes considers both feminist approaches to male violence and those perspectives that treat such violent behaviour as pathological. The author suggests the practical implications of his research for clinical treatment and explores how effectively psychotherapy can be used to treat men who batter women.
