The Health of Lesbian, Gay, Bisexual, and Transgender People - Institute of Medicine

2011-06-24

At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. The Health of Lesbian, Gay, Bisexual, and Transgender People assesses the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and

outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

Gay Men Don't Get Fat - Simon Doonan

Simon Doonan knows that when it comes to style, the gays are the chosen people. A second anthropological truth comes to him midway through a turkey burger with no bun, at an otherwise hetero barbecue: Do the straight people have any idea how many calories are in the guacamole? In this hilarious discourse on and guide to the well-lived life, Doonan goes far beyond the secrets to eating like the French—he proves that gay men really are French women, from their delight in fashion, to their brilliant choices in accessories and décor, to their awe-inspiring ability to limit calorie intake. A Gucci-wearing Margaret Mead at heart, Doonan offers his own inimitable life experiences and uncanny insights into makes gay people driven to live every day feeling their best, and proves that they have just as much—and possibly better—wisdom, advice, and inspiration beyond the same old diet and exercise tips. So put down that bag of Pirate’s Booty and pick up this fierce and fabulous book. From slimming jaunts through

Capri in the evening to an intrepid “Bear” hunt (if you have to ask, you have to read this book and find out for yourself), *Gay Men Don’t Get Fat* is the ultimate approach to a glamorous lifestyle—plus, you are guaranteed to laugh away the pounds!

Gay Girl, Good God - Jackie Hill Perry
2018-09-03

“I used to be a lesbian.” In *Gay Girl, Good God*, author Jackie Hill Perry shares her own story, offering practical tools that helped her in the process of finding wholeness. Jackie grew up fatherless and experienced gender confusion. She embraced masculinity and homosexuality with every fiber of her being. She knew that Christians had a lot to say about all of the above. But was she supposed to change herself? How was she supposed to stop loving women, when homosexuality felt more natural to her than heterosexuality ever could? At age nineteen,

Jackie came face-to-face with what it meant to be made new. And not in a church, or through contact with Christians. God broke in and turned her heart toward Him right in her own bedroom in light of His gospel. Read in order to understand. Read in order to hope. Or read in order, like Jackie, to be made new.

As an ex con artist, Nora has always got herself out of tricky situations. But the ultimate test lies in wait when she's taken hostage in a bank heist. And this time, Nora doesn't have an escape plan ... Meet Nora. Also known as Rebecca, Samantha, Haley, Katie and Ashley - the girls she's been. Nora didn't choose a life of deception - she was born into it. As the daughter of a con artist who targeted criminal men, Nora always had to play a part. But when her mother fell for one of the men instead of conning him, Nora pulled the ultimate con herself: escape. For five years Nora's been playing at normal - but things are far from it when she finds herself held at gunpoint in the middle of a bank heist, along with Wes (her ex-boyfriend) and Iris (her secret new girlfriend and mutual friend of Wes ... awkward). Some Girls Do - Jennifer Dugan 2022-04-19

In this YA contemporary queer romance from the author of *Hot Dog Girl*, an openly gay track star falls for a closeted, bisexual teen beauty queen with a penchant for fixing up old cars. “Earnest, wistful, romantic, and real.” —Casey McQuiston, New York Times bestselling author of *Red, White & Royal Blue* Morgan, an elite track athlete, is forced to transfer high schools late in her senior year after it turns out being queer is against her private Catholic school's code of conduct. There, she meets Ruby, who has two hobbies: tinkering with her baby blue 1970 Ford Torino and competing in local beauty pageants, the latter to live out the dreams of her overbearing mother. The two are drawn to each other and can't deny their growing feelings. But while Morgan--out and proud, and determined to have a fresh start--doesn't want to have to keep their budding relationship a secret, Ruby isn't ready to come out yet. With each girl on a different path toward living her truth, can they go the distance

together? “Beautiful, necessary, and completely irresistible.” —Becky Albertalli, New York Times bestselling author of *Simon vs. the Homo Sapiens Agenda*

Lesbian and Gay Foster Care and Adoption, Second Edition - Janet McDermott 2018-07-19

Featuring a spectrum of families from diverse backgrounds, this book reveals the joys and challenges of adoptive and foster parenting. The authors outline how the experience of adopting and fostering has changed for lesbian, gay, bisexual and transgender (LGBT) people over the years, major changes in policy, and what the research can tell us about LGBT parenting. They interview families involved at different stages of the fostering and adoption process, from those undergoing assessments through to the experienced foster carers and adopters who were interviewed for the first edition of this book 20 years previously. While the number of LGBT people adopting or fostering has increased since then, some of the very real challenges still

[Saving Alex](#) - Alex Cooper 2016-03-01

When Alex Cooper was fifteen years old, life was pretty ordinary in her sleepy suburban town and nice Mormon family. At church and at home, Alex was taught that God had a plan for everyone. But something was gnawing at her that made her feel different. These feelings exploded when she met Yvette, a girl who made Alex feel alive in a new way, and with whom Alex would quickly fall in love. Alex knew she was holding a secret that could shatter her family, her church community, and her life. Yet when this secret couldn't be hidden any longer, she

told her parents that she was gay, and the nightmare began. She was driven from her home in Southern California to Utah, where, against her will, her parents handed her over to fellow Mormons who promised to save Alex from her homosexuality. For eight harrowing months, Alex was held captive in an unlicensed “residential treatment program” modeled on the many “therapeutic” boot camps scattered across Utah. Alex was physically and verbally abused, and many days she was forced to stand facing a wall wearing a heavy backpack full of rocks. Her captors used faith to punish and terrorize her. With the help of a dedicated legal team in Salt Lake City, Alex eventually escaped and made legal history in Utah by winning the right to live under the law’s protection as an openly gay teenager. Alex is not alone; the headlines continue to splash stories about gay conversion therapy and rehabilitation centers that promise to “save” teenagers from their sexuality. Saving Alex is a courageous memoir that tells Alex’s

story in the hopes that it will bring awareness and justice to this important issue. A bold, inspiring story of one girl’s fight for freedom, acceptance, and truth.

Dark Feather - Anna Bonde Hinke 2014-10-13
A girl; a girl was all Emma Oaksby was - a girl, living in a small town in a big, racist, homophobic and terrible world. She’s a skater, and an attention-seeker, and she’s content with having only one friend - her three years younger cousin, although she sometimes hates being a loner. She’s actually pretty satisfied with her life... that is, until she meets a mysterious girl named Amy, whom turns her life upside down. Emma discovers that maybe she’s not as content with life as she thought, and she experiences this beautiful emotion that we humans call: love. Anna Bonde Hinke is a fifteen year old girl with a love for books, music and (not surprisingly); writing. She loves rain and being on the internet, along with baking and making food for her beloved older brother. Anna knows, at this

The Lost Girls: A Vampire Revenge Story -

Sonia Hartl 2021-09-14

Getting over Your Vampire Ex is as Easy as Killing Him and Stealing His Girlfriend Holly Liddell has been stuck with crimped hair since 1987 when she agreed to let her boyfriend, Elton, turn her into a vampire. But when he ditches her at a gas station a few decades into their eternity together, she realizes that being young forever actually means working graveyard shifts at Taco Bell, sleeping in seedy motels, and being supernaturally compelled to follow your ex from town to town—at least until Holly meets Elton’s other exes. It seems that Holly isn’t the only girl Elton seduced into this wretched existence. He turned Ida in 1921, then Rose in 1954, and he abandoned them both before Holly was even born. Now Rose and Ida want to kill him before he can trick another girl into eternal adolescence, and they’ll need Holly’s help to do

it. And once Holly starts falling for Elton’s vulnerable new conquest, Parker, she’ll do anything to save her. To kill Elton for good, Holly and her friends will have to dig up their pasts, rob a bank, and reconcile with the people they’ve hurt in their search for eternal love. And to win the girl, Holly will have to convince Parker that she’s more than just Elton’s crazy ex—even though she is trying to kill him.

Adam's First Gay Experience - A C Labouche
2021-10-21

After his first gay experience, his life is turned upside down. As a twenty-year-old college student, Adam has his whole life in front of him and so much to look forward to. But he just can't shake the feeling that he'll never be good enough for any girl. There will always be so many guys who are sexier and more masculine than him. He fears that he might be alone for the rest of his life. But just when he thinks that things can't get any worse, he begins to question his sexuality. Maybe he's not really into girls

Now Do You Believe in Magic? - David Page
2017-04-03

Now Do You Believe in Magic? is a story about a couple of teenagers growing up in the late sixties to early seventies. Megan Miller is a sixteen-year-old girl who has a secret. She's gay. Not only that, she has a bad reputation, the kind most girls would hate to have. She runs into a witch and finds out about a spell that will transfer her soul into another person's body, but she only has a month to do it. She needs to find a boy willing to do the spell with her. In her search, she f

Love Frankie - Jacqueline Wilson 2020-09-17

GROWING UP. FALLING IN LOVE. COMING OUT. Frankie is nearly fourteen and teenage life certainly comes with its ups and downs. Her mum is seriously ill with MS and Frankie can feel herself growing up quickly, no thanks to Sally and her gang of bullies at school. When Sally turns out to be not-so-mean after all, they strike up a friendship and are suddenly spending all of their time together. But Frankie starts to wonder whether these feelings she has for Sally are stronger than her other friendships. Might she really be in love? Frankie doesn't want Sally to just be her friend. She wants her to be her girlfriend. But does Sally feel the same? The must-have new novel about falling in love for the first time from bestselling, much-loved children's author, Jacqueline Wilson.
