Medical Heroes and Heretics Wayne Martin 1977 Orthodox science -- particularly in the medical profession -- has for centuries resisted change. It traces back at least as far as Socrates who was done to death for corrupting youth with his innovative ideas. In recent times, practically all the great advances in medicine have been made against a powerfully entrenched orthodoxy. Wayne Martin's book is about some of the men involved -- then and now: Oliver Wendell Holmes, Sr., who made physicians wash their hands; Louis Pasteur, who postulated the connection between bacteria and certain diseases; Frederick Banting, who discovered insulin; Jonas Salk, who solved the mystery of polio, to mention but a few. These men all braved the wrath of the medical establishment of their day. Heretics they were, but Heroes they became. Similarly, today a group of brave pioneers are fighting the same fight. They are, says the author, the heroes of tomorrow: Ernst Krebs, Jr., Evan Shute, Dean Burk, Denis Burkitt, Virginia Livingston and a dozen others, all of whose careers and findings are described here by a man who has pursued his topic for the past ten years.

Why Women Have Sex Cindy Meston 2010-04-01 Why do women have sex? Is it purely for pleasure or the desire to reproduce? In their ground-breaking book, clinical psychologist Cindy Meston and evolutionary psychologist David Buss investigate the underlying sexual desires of women and identify 237 distinct motivations for sex. Drawing on more than a thousand intensive interviews conducted solely for the book, as well as their pioneering research on physiological response and evolutionary emotions, Meston and Buss give us a remarkably complex and nuanced portrait of female sexuality. They explore the use of sex as a defensive tactic against a man's infidelity (protection), as a ploy to boost self-confidence (status), as a barter for gifts (resource acquisition), or even as a cure for a headache (medication). *Why Women Have Sex* explores the deep-seated psychology and biology of female sexuality, and promises to inform every woman's - and her partner's - awareness of her relationship to sex and her own sexuality.

How to Tell If Someone Truly Loves You Femi Ogunjinmi 2020-03-25 Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear. The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining Relationship. He has been a go-to expert to media outlets like USA TODAY MAGAZINE, FOX NEWS, REWIRE.Org., and STYLECASTER. Apart from keynoting and speaking at conferences across the United State and overseas, Dr. Femi also conducts his own relationship programs. His signature conference, "Revelations of Relationship Seminar" occurs every year in United State and has been conducted internationally in Nigeria. The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Attached Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways:

- Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back
- Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness.
- Secure people feel comfortable with intimacy and are usually warm and loving.

Attached guides readers in determining what attachment

style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

What Women Want When They Test Men Bruce Bryans 2015-08-13 Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a

A few days later, at recess, one of the boys (and fellow trumpet player) Callum tells Mila it's his birthday, and asks her for a "birthday hug." He's just being friendly, isn't he? And how can she say no? But Callum's hug lasts a few seconds too long, and feels...weird. According to her friend, Zara, Mila is being immature and overreacting. Doesn't she know what flirting looks like? But the boys don't leave Mila alone. On the bus. In the halls. During band practice—the one place Mila could always escape. It doesn't feel like flirting—so what is it? Thanks to a chance meeting, Mila begins to find solace in a new place: karate class. Slowly, with the help of a fellow classmate, Mila learns how to stand her ground and how to respect others—and herself. From the author of *Everything I Know About You*, *Halfway Normal*, and *Star-Crossed* comes this timely story of a middle school girl standing up and finding her voice.

She Is Not Your Rehab Matt Brown 2021-07-02 At My Fathers Barbers, Mataio (Matt) Faafetai Malietoa Brown offers men a haircut with a difference: a safe space to be seen and heard without judgement. From his barbershop chair, Matt has inspired a new generation of New Zealand men to break free from the cycle of abuse — and those men have in turn inspired him and his wife, Sarah, to create the global anti-violence movement, *She Is Not Your Rehab*. In this raw and unflinching book Matt shares his own story and those of his clients, of surviving family violence and abuse, and how they were able to find healing and turn their lives around. He introduces the people and concepts that have helped him heal, and gives readers the tools they need to begin their own journeys. *She Is Not Your Rehab* demonstrates the power of vulnerability and honesty in addressing pain and shame, and shows how anyone can empower themselves by taking responsibility for their own healing.

Like a Girl Lori Degman 2019 Once upon a time, "like a girl" was an insult. Not anymore! In every walk of life, girls are demonstrating their creativity, perseverance, and strength. From civil rights activist Rosa Parks, who stood up for her beliefs by staying seated, to astronaut Sally Ride, the 24 women profiled here took risks, broke barriers, and transformed the world. This tribute to girl power will inspire young women everywhere.

The Man's Guide to Women John Gottman 2016-02-02 A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.
