It's sad, but I'm glad it happened... My heart is heavy to

share this story-it's embarrassing and I don't want you to laugh yet. Listen, if I count how many times I have been friend-zoned, you'll feel depressed on my behalf. The last one was many years ago when I was studying in Singapore. The next day, after my heartbreak, my roommate, Michael, called me and said, "Barack Obama is around. He's at Orchard to meet with Lee Kuan Yew-come, come, come." Michael didn't know what I was going through. He was at Orchard having fun, but I was at home feeling heartbroken and Obama wasn't the solution I needed at that moment-I needed a relationship expert. Luckily, I have become that person I needed and I'll guide you through the ups and downs of how women work, how to get any woman without being friend-zoned and many more things acclaimed dating gurus won't tell you. In all things, honesty and foundation are key, and that's how we'll start. Skip this stage and you'll be in trouble... You've been lied to by dating gurus. Listen, my case was worse than yours. I thought it was because I came from a not-so-rich family or because I wasn't too tall and handsome. The truth is: I was in my head. I was the one killing myself-just the same way you're mentally sabotaging yourself without knowing. I wish someone had told me all the things I discovered throughout my struggles in understanding women-it would've saved me time and energy. Imagine the shame and pains you feel emotionally, but you have no one to run to for help except Google, yet there are too many inaccurate info by "acclaimed gurus" trying to fill your brain with pickup lines. Sometimes, you feel resentful towards women because they either rejected or friend-zoned you. This makes you feel undesirable and angry. From today, things will forever change for you with the info you'll discover soon. After learning these secrets, don't revenge women-forgive them, but flaunt your newly found confidence and skills. Scroll up and get your copy today to see what is inside.

The Geographies of Digital Sexuality - Catherine

J. Nash 2019-05-22

This edited book engages with the rapidly emerging field of the geographies of digital sexualities, that is, the interlinkages between sexual lives, material and virtual geographies and digital practices. Modern life is increasingly characterised by our integrated engagement in digital/material landscapes activities and our intimate life online can no longer be conceptualised as discrete from 'real life.' Our digital lives are experienced as a material embeddedness in the spaces of everyday life marking the complex integration of real and digital geographies. Perhaps nowhere is this clearer than in the ways that our social and sexual practices such as dating or casual sex are bound up online and online geographies and in many cases constitute specific sexuality-based communities crossing the digital/material divide. The aim of this collection is to explore the complexities of these newly constituted and interwoven sexual and gender landscapes through empirical, theoretical and conceptual engagements through wide-ranging, innovative and original research in a new and quickly moving field.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself.

There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish

I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

This book will teach you powerful attraction secrets, techniques, and strategies, that only the top 1% of men know... secrets that once fully understood, will completely transform your life as a whole. Why should you buy this book? Because, it's one of the most inexpensive dating books on the market, even though it's filled with more secrets than all of the other ones combined. It offers more strategies, techniques, and secrets than any other book on dating advice you will find. In fact, unlike most other books that just teach you surface level gimmicks, "Elite Dating Secrets" will go deeper, and create a permanent, long-lasting, underlying change in who you are as a man. And the best part? You don't have to change who you are, or become some sort of "try hard" douchebag. In fact, unleashing your "Inner Alpha Male," and becoming one of the "Dating Elite" is about leveraging your natural personality, and unlocking the truly personality that you have hidden deep within you, without even realizing it. What makes me qualified to help you? Well, when I was younger, I had very little success with women. I tried, and tried, and tried, but for whatever reason, I could never attract a woman. Even when I did manage to get a date or two, they would always end up flaking on me, or

would flat out ignore my calls and texts after our first date. I remember feeling frustrated and confused, and eventually, stumbled upon the secrets hidden within this book... and they changed my life forever. Over the past 5 years, I've coached countless men, and helped them achieve their true potential in the dating world. Many of my clients are shocked at how rapidly their lives transform, once they use the secrets hidden within this book. One of my clients went from being a virgin, to having his "Perfect 10" girlfriend, in just a few weeks. While stories like this may seem unbelievable, the fact of the matter is that when you understand these secrets, anything is possible. Even if you are not tall, rich, or handsome, you can still use the secrets within this book. In fact, that's why I wrote it! I wanted to give average men such as ourselves a chance at competing in the top 1%. I want you to experience the thrill of dating playboy bunnies, models, actresses, and just plain gorgeous women. I could have packaged the contents of this book into a video course, and charged hundreds of dollars for it, but I'm choosing to give it away for just a few bucks... think about it. How much do you spend on coffee each week? Or eating out? Do you think being able to date the girl of your dreams, and live happily ever after, is worth a few bucks? I certainly do. In a weird way, I feel like I know you... and in a sense, I do. Maybe I don't know your name, but I know what you're going through, and I know where you came from. I was in your shoes just a short few years ago, and I remember feeling desperate to finally get this "girlfriend" thing handled once and for all. If you feel like you've exhausted all your options, and just can't seem to figure out why women don't want you, then trust me... you need this book more than anyone. I hope you choose to embark on this adventure, my friend. I know it can be scary, and it's hard to know who to trust... but mark my words, when you download this book, and start applying its advice to your life, everything will change forever. To Your Success,-

Tinder Dating - Bruce Miller 2020-07-08

Would you like to be more successful on Tinder(R), Happn(R) and the other dating apps you're using? Do you want to know the secrets to match more of the beautiful girls you swipe right to? Then keep reading, as this is the exact guide for you. As you surely know, Tinder(R) has been explicitly created to approach women, this means that it is very different to text a woman on this app than doing it on Instagram(R), Facebook(R) or other social network, where women instead might only want to post pictures, be in touch with the social circle, and so on. This leads to a much bigger openness women have towards men compared to other contexts, and you can use this by immediately "hit the gas" of the seduction button. Unfortunately, for you, this does not mean that women cannot wait to end up in the bed of the first man they match with. This is mainly due to women usually have a countless pool of men to choose among (and the more beautiful the woman is, the choicer she has), therefore, they can set up very high standards before accepting to date a man. Your task is to pass this strict selection! However, do not worry, as by reading "Tinder Dating" you will have all the tools you need to be successful and enjoy the effort at the same time! Here is what you will learn by reading this book: Why meeting girls on dating apps makes dating a much easier, more enjoyable experience than anywhere else; The biggest "Not to do" to build a successful profile; How to write down an exciting description; The different types of girls and guys you will find on Tinder(R); The reasons most guys don't perform well on Tinder(R); Tips for

sending the first message based on the girl's profile and description How and when to ask for her phone number; And much more!. What are you waiting for? Buy the book now and let's match together the girl you always wanted!

Communications - Public Relations, Advertising, Marketing, Social Media, grade: 1,0, The University of Hong Kong, language: English, abstract: The on-going process of technological innovation and expansion combined with a more and more fast-paced, dynamic and global world result in a slow take over of computers and artificial intelligence in fundamental human task areas. One example of how technological progress invades into our daily life is the invention of dating applications that enhance the search for a possible relationship partner by providing a distinct platform for people with similar purposes. Since the interaction on these platforms are simultaneous actions of a group of human beings that yield a specific result - getting to know possible partners - the situation

can be analysed from a game theoretic perspective. During this paper I will firstly elaborate on the underlying assumptions of my model. Afterwards I am developing a formal framework that allows to explore the phenomenon from a rather objective and rational perspective. The quintessence of this setup is that the problem at hand can be identified as a repeated collective prisoners' dilemma or an example of the tragedy of commons. In a final step I will provide several possible solutions to improve the efficiency of the analysed market / social interactions. Two of these approaches are very game theoretical, while I also included two more market-oriented approaches to provide a multidimensional perspective on the issue.
