The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself.

There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your

body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Easiest Way to Meet and Pick Up Girls-Ever!! - Dusty White 2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money.

Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

Not That It Matters - John E. Budzinski
2023-08-20

"Life is full of tiny moments thrown together to create events worth remembering." Most people miss out on these mundane, ordinary, and bizarre moments because they are so busy living, they never take the time to stop and notice them. Not John E. Budzinski. He is an observer and storyteller. He not only stops and takes time to notice, but then he writes about them, too. For years the whimsical Budzinski has written about these moments with wonder, amusement, and bewilderment. For several years he chronicled his world in a column he penned in a New Hampshire weekly paper, writing about the commonplace moment, events, and items of his life. The discussions included a variety of topics, such as dating, highway travels, funerals, clutter, and more. Budzinski has gathered some favorite musings together in this book. He also included some new amusing and poignant vignettes written especially for this book. Those subjects include being stuck in the mud, being the aliens' first contact, the joys (and frustrations) of gift-giving, and others. Over 60 short essays and columns comprise the collection, grouped by topics such as Life on the Highway, Politics, Bewildering Society, and

Clothing—The Naked Truth. Budzinski calls his essays "simple and uncomplicated yammerings." Indeed, the author's style is conversational and borders a stream of consciousness with humor embedded in all but the most serious subjects. Not that it matters, but none of it is all that special. Still, aren't you curious? Don't you want to know, anyway? After all, don't you think about these things, too? Isn't your world just as weird and strange? Budzinski's world probably doesn't matter much. But, just like you're willing to tell us your stories, and we're eager to listen, John E. Budzinski tells you about his world. Why? Because once you read his stories, you realize this. It does matter—to someone somewhere—someone like you.

Euthanasia, Operation Vijay Memorial and Other stories - Dr. Pratyush Dhage

This is my first collection of short stories which range from a period of 2008 to 2018. It took me a varied time to write these stories. Some were written in an evening while some took more than 45 days. All of these stories have a story behind them. For example, 'With Braces' was born out of a SINGLE SENTENCE on 9Gag, 'What if you had braces and there were no dentists?' The 3rd Wheel is what I saw every day during walks and casual outdoor lunches. Op Vijay Memorial is inspired by a female friend's true experience when she went to Ladakh on a bike. Life's Trial is a story of a windy rainy evening when I wanted to write something with a twist. The Traveler is when I wanted to write a Sci-Fi without invoking horror and blood. Euthanasia is when I saw relatives and people I knew on a death bed. It also is about what sometimes everyone has thought about themselves on a scary sleepless night Superheroes and Villains is

from 2016 when India was still dealing pathetically with the 2012 Delhi rape case. And... Mriya is from an upcoming novel. None of these stories have anything common between them except for me as the writer. The plots and characters in each story are as different as chalk and cheese. Excluding two, there is however one thing which binds all of the stories - Hope. My imaginary world isn't scarred and behest with nerve-racking experiences.
