Dating Korean Women - Harry House 2018-08-16

Dating Korean Woman Learn The Secrets!!!If you are interested in learning everything about Dating Korean Women then you came to the right place.If are thinking of going to Korea or Dating Korean Women in your city then this guide will show you everything you need to know. In this book I will share with you what I learned about Korean Women when I lived in Korea.I lived in Korea for 5 years and in that time I only dated Korean Women. Korea is home to some of the most beautiful women on the planet and I will share with you the secrets of meeting and dating these amazing women. Here Is A Preview Of What You'll Learn... You will learn about Korean culture You will learn the secrets of how to understand Korean Women How to make a good impression when you first meet Korean Women You will learn the biggest mistake most guys make when Dating Korean Women You will learn why dating Korean Women is different from dating western

women Mistakes To avoid when you are in a relationship with Korean women The importance of Appearance Finally I will tell you exactly where to go to meet Korean Women in Korea and in other countries Much, much more! Download your copy today!

In Order To Live - Yeonmi Park 2015-09-29

'I am most grateful for two things: that I was born in North Korea, and that I escaped from North Korea.' Yeonmi Park was not dreaming of freedom when she escaped from North Korea. She didn't even know what it meant to be free. All she knew was that she was running for her life, that if she and her family stayed behind they would die - from starvation, or disease, or even execution. This book is the story of Park's struggle to survive in the darkest, most repressive country on earth; her harrowing escape through China's underworld of smugglers and human traffickers; and then her escape from China across the Gobi desert to

Mongolia, with only the stars to guide her way, and from there to South Korea and at last to freedom; and finally her emergence as a leading human rights activist - all before her 21st birthday. 'Clear-eyed and devastating' Observer

A Case Study of Korean Girls' Constructions of Girlhood in a Kindergarten Class - Jaehui Yoon 2007

This is a case study to explore Korean girls' construction of girlhoods in a kindergarten class in order to answer the two research questions: 1) What are the constructions of girlhood that emerge in a Korean kindergarten classroom? 2) How do the girls in the classroom negotiate the constructions of girlhood? Employing the conceptual framework of gender as being a social construction (Blaise, 2005; Davies, 2003; MacNaughton, 1997 & 2000; Thorne, 1993), I reconceptualize aspects of young girls' lives and behavior that for a long time have been regarded as insignificant, natural, and/or non-existent by mainstream ECE. The findings of this study will help fill a void in the current body of knowledge in Korean and Western ECE fields. I completed data collection in one Korean kindergarten class of 5-year-olds, located in Seoul, Korea. I gathered data from five different sources: 1) field notes from observations of students' speech and behavior; 2) audiotapes of students' conversations; 3) interviews with the students; 4) interviews with the classroom teachers; and 5) my research journals. Data analysis proceeded by searching for categories and codes following Strauss and Corbin (1998) in order to find emergent themes in relation to Korean girls' construction of girlhood. By observing girls' talk and behaviors through a social constructionist perspective, I have uncovered three constructions of girlhood in one Korean kindergarten. They are appearance-based girlish girlhood, oppositional girlhood, and heteronormative girlhood. Before uncovering the girls' lived experiences that are constituted by and constitute the constructions of girlhood, I portray how these girlhoods came to take place in an institutional setting, emphasizing the institution's curriculum, guidelines, and teachers. I then go into detail about the three constructed girlhoods that emerged under these institutional conditions. The emerging girlhoods in the research setting were discursively constructed in relation to three pervasive and imperative ideas about being a girl. Although the three constructions are relevant to different aspects of life for a young Korean girl, they are not mutually exclusive or competitive. First, appearance-based girlish girlhood is constituted by and constitutes girls' bodies and bodily practices by correctly signifying their gender. Oppositional girlhood manifests itself in girls' everyday endeavors to maintain the legitimacy of the gender binary. Finally, heteronormative girlhood is a reflection of the pervasiveness of heteronormativity in Korean society at large.

Korean American Women - Jenny Pak 2013-09-13

Current models of acculturation in multicultural counseling literature are severely limited in describing how individuals deal with the complexity of culture change. The reasons for immigration, the historical period during which the immigration occurred, educational and socioeconomic levels, ethnic community and religious involvements, family functioning, and social support, to name a few, all have an impact in the process of cultural adaptation. This book examines Korean American women's dual-cultural identity. By utilizing multiple case studies, the book highlights: (1) the complexity of issues involved as individuals go through different levels of culture change, and (2) the multiplicity of people negotiating their lives in the dual-cultural context and creating meaning out of many ambiguous and even contradictory life situations.

K-Pop Confidential - Stephan Lee 2020-09-03

A Korean-American girl travels to Seoul in hopes of debuting in a girl group at the same K-pop company behind the most popular boy band on the planet, in this romantic coming-of-age novel perfect for K-pop fans everywhere! Candace Park knows a lot about playing a role. For most of her life, she's been playing the role of the quiet Korean-American girl who takes advanced classes and plays a classical instrument, keeping her love of K-pop to herself. But she has a secret that she's been keeping from the world: she can sing. Like, really sing. So when Candace enters a global audition held by the biggest K-pop label in the world, she doesn't expect to actually win. And convincing her parents to go against everything they believe in is nothing compared to what's next. Under the strict supervision of her instructors at the label's headquarters in Seoul, South Korea, Candace must hone her performance skills to within an inch of her life, learn to fluently speak Korean, and navigate the complex hierarchies of her teammates. And the number-one rule? NO DATING - which proves almost impossible after she meets superstar idol One.J and fellow Korean-American trainee YoungBae. And when Candace finds herself in the middle of an international K-pop

scandal, she must decide whether a spot in the most hyped K-pop girl group of all time is really worth risking everything ...

Doing what Had to be Done - Soo-Young Chin 1999

The first biography of an American-born Korean woman, *Doing What Had to Be Done* is, on the surface, the life story of Dora Yum Kim. But telling more than one woman's story, author Soo-Young Chin offers more than an unusual glimpse at the shaping of a remarkable community activist. In addition as she questions her subject, introduces each chapter, and reflects on how Dora's story relates to her own experience as a Korean-American who immigrated to this country as an adult she carves around Dora's compelling and courageous life story, a story of her own and one of all Korean-Americans. Born in 1921, Dora, as she tells Chin her story, chronicles the shifting salience of gendered ethnic identity as she journeys through her life. Traveling through time and place, she moves from San Francisco's Chinatown where Koreans were a minority within a minority to suburban Dewey Boulevard where Dora and her family attempt to integrate into mainstream America and where she becomes a social worker in the California State Department of Employment. As the Korean immigrant community grows in the late 1960s, Dora becomes deeply involved in community service. She remembers teaching English to senior ci

Straight Korean Female Fans and Their Gay Fantasies - Jungmin Kwon 2019-02-15

"This study is about ardent Korean female fans of gay representation in the media, their status in contemporary Korean society, their relationship with other groups such as gay men, and, above all, their contribution to reshaping the media's portrayal of gay people, as well as the public attitude toward sexually marginalized groups. Kwon calls the female fandom of gay portrayals "FANTasy culture" and argues that it enables the present growing visibility of the gay body in Korean mainstream media. She also argues that fandom has functioned as a catalyst to ameliorate a harsh reality for a marginalized group. The FANTasy subculture started forming around text-based media, such as yaoi (or "boys' love" manga, a Japanese genre), fan fiction, and U.S. gay-themed dramas, and has been influenced by diverse social, political, and economic conditions, such as the democratization of Korea, an open policy toward foreign media and cultural products, the diffusion of consumerism, government investment in Korean culture, the Hollywoodization of the film industry, and the popularity of Korean culture abroad. While much scholarly attention has been paid to the female fans of homoerotic cultural texts in other countries, Kwon explores both the understudied Korean case and another aspect of the subculture that has been relatively neglected: its location in and influence on the society at large"--

Tales of a Korean Ghost Girl Detective -

The Divided Korean Peninsula - Nicola Seu 2018-11-30

In the West, interest about Korea is often limited to its unnatural division and the peculiar regime in the North of the Peninsula. However, its culture is rich, its history a thousand years-old, its land populous, and its economy spectacularly growing. How is it possible that such a country, a key figure in the recent history of Asia would only call to mind advanced technology or nuclear threat? This book is drawn from the personal experiences of the author, who lived in South Korea and experienced it two different times, in 2000 and 2010, and had the possibility of going back in 2017. In all his time there, he tasted all the characteristics, the contradictions, merits and defects of this halved and impenetrable country.

Questioning Minds - 2009-10-15

Available for the first time in English, the ten short stories by modern Korean women collected here touch in one way or another on issues related to gender and kinship politics. All of the protagonists are women who face personal crises or defining moments in their lives as gender-marked beings in a Confucian, patriarchal Korean society. Their personal dreams and values have been compromised by gender expectations or their own illusions about female existence. They are compelled to ask themselves "Who am I?" "Where am I going?" "What are my choices?" Each story bears colorful and compelling testimony to the life of the heroine. Some of the stories celebrate the central character's breakaway from the patriarchal order; others expose sexual inequality and highlight the struggle for personal autonomy and dignity. Still others reveal the abrupt awakening to mid-life crises and the seasoned wisdom that comes with accepting the limits of old age. The stories are arranged in chronological order, from the earliest work by Korea's first

modern woman writer in 1917 to stories that appeared in 1995—approximately one from each decade. Most of the writers presented are recognized literary figures, but some are lesser-known voices. The introduction presents a historical overview of traditions of modern Korean women's fiction, situating the selected writers and their stories in the larger context of Korean literature. Each story is accompanied by a biographical note on the author and a brief critical analysis. A selected bibliography is provided for further reading and research. *Questioning Minds* marks a departure from existing translations of Korean literature in terms of its objectives, content, and format. As such it will contribute to the growth of Korean studies, increasing the availability of material for teaching Korean literature in English, and stimulate readership of its writers beyond the confines of the peninsula.

[From Factory Girls to K-Pop Idol Girls](#) - Gooyong Kim 2018-12-17

Kim combines historical contextualization with political economy of the media and critical textual analysis to investigate the socio-ideological effects of K-Pop in the existing networks of power and domination in gender relations. He examines K-Pop female idols' individualism and identity formation through the lens of Korea's cultural politics.

[The Korean Word For Butterfly](#) - James Zerndt 2013-12-16

Set against the backdrop of the 2002 World Cup and rising anti-American sentiment due to a deadly accident involving two young Korean girls and a U.S. tank, *The Korean Word For Butterfly* is told from three alternating points-of-view: Billie, the young wanna-be poet looking for adventure with her boyfriend who soon finds herself questioning her decision to travel so far from the comforts of American life; Moon, the ex K-pop band manager who now works at the English school struggling to maintain his sobriety in hopes of getting his family back; And Yun-ji, a secretary at the school whose new feelings of resentment toward Americans may lead her to do something she never would have imagined possible. *The Korean Word For Butterfly* is a story about the choices we make and why we make them. It is a story, ultimately, about the power of love and redemption. *Warning: This book deals with the following themes and may not be suitable for those preferring a "light" read: racism, abortion, alcoholism, and child abuse

Stranger in a Stranger Land: My Six Years in Korea - Brian M. Williams 2015-11-24

At his most immodest, Brian would like to believe Bill Bryson would be able to recognize his influence on this book. It's a humorous, informative and thoughtful exploration of modern Korean culture and expat life. The book is full of personal anecdotes, secondhand stories and interesting facts, which are all interlaced with his personal narrative. Brian discusses serious topics like Korea's deeply embedded racism, its 1950's style sexism, its demanding but unproductive work culture and its highly lauded but deeply flawed education system. He also talks about lighter subjects like K-pop, the expat and Korean dating scenes, its debauchorous drinking culture, and why he thinks Seoul should be considered the party capital of Asia. By time readers are done, they'll have an understanding of how a lot of expats view Korea, what some of its most significant and peculiar cultural differences are, and some of the problems it's currently facing. This is a must read for anyone thinking of moving there.

Judy and the Moons of Korea - Audrey McKim 2016-09-20

By telling a fun story about a little girl named Judy, this multicultural children's book is a great introduction to Korean culture and festivals. When Judy and her parents spent a year in Korea, she had a wonderful time. Every new moon her friends Sookie and Kim introduced Judy to another of Korea's many traditional festivals and customs. There were so many that Judy quite rightly said: "There are more fun days for children in Korea than in any other country." You can read about the day specially reserved for making kimchi pickles, the snowman who can talk Korean and English, and the summer moon when the children

have fun at a yudu picnic party by the river. The delightful illustrations show you the many adventures Judy has with her new friends.

Language and Truth in North Korea - Sonia Ryang 2021-05-31

In this innovative and persuasive volume, Sonia Ryang offers new ways to think about North Korea and how truth emerges over decades from within a dominant discourse. It explores four discrete yet mutually related domains of discourse: North Korea's literary purge of the 1950s-1960s; its state-initiated linguistic reforms of the 1960s-1980s; stories from a people's chronicle, more than one hundred volumes in length, documenting interactions with the Great Leader, Kim Il Sung; and the multivolume memoirs of the Great Leader himself, published in the 1990s. These texts are heterogeneous in terms of authorship, style, purpose, and genre, and many have never before been explored in Anglophone studies of North Korea. All have contributed to consolidating a North Korean regime of truth, bringing into existence a set of assumptions and shared understandings that have been regarded as true over the last half century. Basing her work on a study of these linguistic and discursive domains, Ryang explores the ways in which power, truth, and self are indissolubly connected by function as well as efficacy and how language plays a key role in sustaining their validity. The Kim Il Sung era, from 1945 to Kim's death in 1994, forms the basis of the book, but the way truth emerged and was sustained during these decades provide important insight into how we can comprehend North Korea today. Rather than view the country as an ideological entity in order to expose its falsehood, so to speak, thinking critically about what it sees as true yields a far more productive outcome for scholarly analysis as well as general understanding. *Language and Truth in North Korea* will find a ready audience among those interested in North Korea from a wide variety of disciplines, including the social sciences, history, philosophy, and theology.

[The Girl with Seven Names: A North Korean Defector's Story](#) - Hyeonseo Lee 2015-07-02

NEW YORK TIMES BESTSELLER An extraordinary insight into life under one of the world's most ruthless and secretive dictatorships - and the story of one woman's terrifying struggle to avoid capture/repatriation and guide her family to freedom.

[CALL 911 TO RAPE YOU](#) - Lisa Fu 2022-10-05

Have you ever been to a county jail in America? Have you ever been to a domestic violence shelter? Have you ever been to a psychiatric hospital? If you want to read madness in those milieus, you could find inspirations from this collection!

[A Single Square Picture](#) - Katy Robinson 2002

One day she was Kim Ji-yun, growing up in Seoul, Korea. The next day she was Catherine Jeanne Robinson, living with her new American family in Salt Lake City, Utah. Twenty years later, Katy Robinson returned to Seoul in search of her birth mother -- and found herself an American outsider in her native land. What transpired in this world -- at once familiar and strange, comforting and sad -- left Katy conflicted, shattered, exhilarated, and moved in ways she never imagined. *A Single Square Picture* is a personal odyssey that ascends to the universal, a story that will resonate with anyone who has ever questioned their place in the world -- and had the courage to find the answers.

New Women in Colonial Korea - Hyaeweol Choi 2013
