The 48 Laws of Power - Robert Greene
2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history

of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Crush - Tracy Wolff 2020-09-29

The instant #1 New York Times Bestselling Series Everything feels off—especially me. I've returned to Katmere Academy, but I'm haunted by fragments of days I have no recollection of living and struggling to understand who, or what, I really am. Just when I start to feel safe again, Hudson is back with a vengeance. He insists there are secrets I don't know about, threatening to drive a wedge between Jaxon and me forever. But far worse enemies are at our doorstep. The Circle is caught in a power play and the Vampire Court is trying to drag me out of my world and into theirs. The only thing

Hudson and Jaxon agree on is that leaving Katmere would mean my certain death. And not only am I fighting for my life, but now everyone else's is at stake—unless we can defeat an unspeakable evil. All I know is that saving the people I love is going to require sacrifice. Maybe more than I'm able to give. Don't miss a single book in the series that spawned a phenomenon! The Crave series is best enjoyed in order: Crave Crush Covet Court Charm Cherish Falls the Shadow - Stefanie Gaither 2014-09-16 Cate's sister may be a clone, but that doesn't make her a killer. Does it? Murder, morality, and a slow-burning romance fill the pages of this futuristic thriller "for die-hard fans of Divergent and The Hunger Games" (Kirkus Reviews). When Cate Benson was a kid, her sister, Violet, died. Two hours after the funeral, Cate's family picked up Violet's replacement like nothing had happened. Because Cate's parents are among those who decided to give their children a sort of immortality by cloning them at birth—which

means this new Violet has the same face. The same perfect smile. She even has all of the same memories as the girl she replaced. She also might have murdered the most popular girl in school. At least, that's what the paparazzi and the anti-cloning protestors want everyone to think: that clones are violent, unpredictable monsters. Cate is used to hearing all that. She's used to defending her sister, too. But Violet has vanished, and when Cate sets out to find her, she ends up in the line of fire instead. Because Cate is getting dangerously close to secrets that will rock the foundation of everything she thought was true.

Feminisms and Womanisms - Althea Prince
2004

This book brings together theory and praxis, so that feminist discourse interacts as a partner with the lived experience of women's social action. The selections combine classics in feminist thought with work from modern

theorists and offer a solid foundation in international feminism. The conceptual understanding embedded in the terms 'feminism' and 'womanism' contributes to feminist discourse, a carefully differentiated focus on the ideological uses of language to define relationships that have been historically mired in domination. The terms also define the way gender often has been used to signify and support domination. Given that feminism and womanism are interpretative concepts, there is always a sense that knowledge-making is in progress; for there is nothing static or stagnant about feminism, feminist theory, and feminist action. The formative nature of the feminist movement has, of necessity, a parallel interpretative theory. This Reader embraces both the formative nature of the movement and the accompanying interpretative theories. It also pays attention to the chronological, cultural, geo-political, racial, and ethnic landscapes and sites where women live, carry out social action,

and theorise issues of equality. For both the general and the academic reader, this book will be edifying while providing exposure to the feminist and womanist voices that inform the scholarship.

On My Mind: A New Vision of Consciousness - Steve Perrin 2013-03-15

163 reflections on a new vision of consciousness, On My Mind by Steve Perrin is based on 30 years of personal introspection. Perrin develops a model of his conscious and unconscious mind emphasizing the role of the self in moderating between perception and action. The mind, he says, answers three questions: 1) What's happening?, 2) What does it mean to me?, and 3) What should I do? He develops the idea that consciousness consists of looping engagements between perception, action, and the world on the far side of our senses, forming a continuous loop moderated by consciousness. Disparities between expectations and resulting perceptions are what arouses consciousness to intercede

between perception and action. If we are not aroused, we settle for unconscious bouts of mimicry, ritual, routines, habits, and fixed beliefs to govern our behavior. On My Mind ends with a chapter putting forth suggestions toward a theory of mind.

Do you bounce from church to church wondering why the churches today do not resemble the early church in the Bible? Are you told you are too sensitive or worse yet, in rebellion, when you refuse to sit quietly by, when people are lied to and manipulated into submitting themselves to a corrupt system? Are you told you will never find a perfect church since they are all made up of imperfect people, like you? I don't buy it? John the Baptist called for the church to repent to prepare the way for the birth of our Lord. Today I am calling for the church to repent, the whole Christian church, in preparation for Our Lord's Second Coming! I am "Calling In The Remnant" to be unified not in possessions, or property, but in unity of purpose, looking to survive what is to come as the true body of Christ, not enabling dysfunction but encouraging ALL of the saints to
