**The Quest for Human Dignity in the Ethics of Pregnancy Termination** Tom Joel Obengo 2016-06-22 The Quest for Human Dignity in the Ethics of Pregnancy Termination describes and analyzes the problem of termination of pregnancy, with special attention to its prevalence in Kenya, where more than seven hundred abortions are performed daily on girls between fifteen and seventeen years of age. Although pregnancy termination is illegal in Kenya, its practice goes on in the rural villages, in homes, in urban streets, and in private clinics. The book focuses on the ethical quest for human dignity in the context of the church's response to the challenge of termination of pregnancy. It examines the perceptions and attitudes of various cadres of Christians, such as church ministers, doctors, and lawyers, towards the problem. The book proposes ways and means by which the church in Kenya can approach the challenge of termination of pregnancy, including those pregnancies arising out of rape and incest. Findings support the current legal framework that prohibits pregnancy termination, but reveal a desire for change in the way the church deals with members who get unplanned pregnancies and those who terminate the same. The book suggests, in addition, that the church's role should emphasize counseling, teaching, and pastoral care, rather than ex-communication and public rebuke.

**African Women and the Shame and Pain of Infertility** Damasus C. Okoro 2020-06-24 In African Women and the Shame and Pain of Infertility: An Ethico-Cultural Study of Christian Response to Childlessness among the Igbo People of West Africa, Okoro discusses the shipwreck that is associated with infertility in marriage in Africa. Within this space, childlessness places a big question mark on a woman's femininity and the self-esteem of the man. The stigma of infertility most often leads to social isolation and humiliation, particularly of married women, even when the source of infertility may not have come from them. Unfortunately, this situation goes against the highly valued Igbo ethical principle of onye aghala nwanne ya, meaning "no kith or kin should be left behind." Therefore, the purpose of the book is to help married people in Igbo land and Africa at large to appropriate this indigenous principle in their response to the problem of infertility. To attain this, the author critically evaluates discrimination and oppression of infertile couples, particularly women, and shedding light on the paradoxes found in Igbo cultural expressions. He employs a constructive, ethical, cultural, religious, contextual, and theological approach that explores important Igbo religious paradigms like Chi (an Igbo religio-cultural understanding of personal destiny) and Ani (the feminine deity in-charge of the land and fertility) to argue the case for the liberation and integration of infertile couples.

**African Marriage and Social Change** Lucy P. Mair 2013-11-26 First Published in 1969. Building upon the author's previous work, Survey of African Marriage and Family Life, this title's findings are intended to produce for policy-makers a picture of the forces producing changes in family relationships and the instability of marriage to which legislators, civil or religious, could refer when deciding what practices to treat as permissible and what to forbid. For this reason it has laid more emphasis than is usual in works of theoretical anthropology on specific aspects of African marriage where it has been assumed that the divergence was most marked.

**The Best Intentions** Institute of Medicine 1995-07-02 Experts estimate that nearly 60 percent of all U.S. pregnancies are unintended and 81 percent of pregnancies among adolescents are unintended. Yet the topic of preventing these unintended pregnancies has long been treated gingerly because of personal sensitivities and public controversies, especially the angry debate over abortion. Additionally, child welfare advocates long have overlooked the connection between pregnancy planning and the improved well-being of families and communities that results when children are wanted. Now, current issues—health care and welfare reform, and the new international focus on population—are drawing attention to the consequences of unintended pregnancy. In this climate The Best Intentions offers a timely exploration of family planning issues from a distinguished panel of experts. This committee sheds much-needed light on the questions and controversies surrounding unintended pregnancy. The book offers specific recommendations to put the United States on par with other developed nations in terms of contraceptive attitudes and policies, and it considers the effectiveness of over 20 pregnancy prevention programs. The Best Intentions explores problematic definitions—“unintended” versus “unwanted” versus “mistimed”—and presents data on pregnancy rates and trends. The book also summarizes the health and social consequences of unintended pregnancies, for both men and women, and for the children they bear. Why does unintended pregnancy occur? In discussions of “reasons behind the rates,” the book examines Americans’ ambivalence about sexuality and the many other social, cultural, religious, and economic factors that affect our approach to contraception. The committee explores the complicated web of peer pressure, life aspirations, and notions of romance that shape an individual’s decisions about sex, contraception, and pregnancy. And the book looks at such practical issues as the attitudes of doctors toward birth control and the place of contraception in both health insurance and “managed care.” The Best Intentions offers frank discussion, synthesis of data, and policy recommendations on one of today’s most sensitive social topics. This book will be important to policymakers, health and social service personnel, foundation executives, opinion leaders, researchers, and concerned individuals.

**MAARGIR ~ The Snake Charmer** Bashir Sakhawar 2012-08-12 The Snake Charmer narrates the poignant and passionate story of two brothers in Afghanistan, during the time of the Russian invasion. The elder, a writer and poet, is a modernist, who joins the Communist movement. The younger, a traditionalist, adheres to Islamic religious beliefs. The conflict between their values threatens to tear asunder their family ties and loyalties. Set against a backdrop of violence and war between foreign powers, acid-throwing against women who adopt Western dress; brutality and rape in police prisons; and political revenge under the Communist regime, the brothers live to see their lives dramatically changed and yet manage to retain their deep love for each other. This deeply moving story, told with uplifting humour, sears into our minds the tragedies that haunt present-day Afghanistan. The importance of Islam as a controlling force; the upheaval and destruction caused by the Russian and American wars; the rise of the Taliban and global terrorism. Bashir Sakhawar’s writing captures the political and philosophic lyricism of the revered Afghan mystic poet, Rumi. It is the story of a society little known. It is passionate and bold, beautiful and erotic, courageous and daring, richly human and deeply tragic.

**Behind the Silence** Jing-Bao Nie 2005-10-06 Behind the Silence is the first in-depth work in any language to explore the diverse perspectives of mainland Chinese regarding induced abortion and fetal life in the context of the world's most ambitious and intrusive family planning program. Bringing to light the range of Chinese views and experiences, Nie Jing-Bao draws on extensive primary sources and intensive fieldwork, including surveys by and interviews with hundreds of rural, urban, and overseas Chinese. Nie's exploration of the multi-layered meanings of public silence, official pronouncements, forgotten controversies from the Imperial era, public and private consensus and disagreement, women's personal stories, and doctors' narratives provides compelling evidence on the remarkably varied, sometimes critical, and often tormented voices of the Chinese people. Revealing a surprising range of beliefs and feelings concerning the morality of abortion and fetal life, the book nevertheless finds widespread acceptance of national population policies. It also examines the personal anguish and complex socio-cultural and ethical issues entwined with coerced abortion essential to enforce birth-control policies. In addition, the author argues, the abortion issue illustrates the importance of taking seriously China's internal plurality if Westerners and Chinese are to develop a fruitful cross-cultural dialogue.

**Girls and Media** Kara K. W. Chan 2014-07-01 The role of media in any society is vital and is closely related to brands and consumption especially in a vibrant 21st century Asian city. Hong Kong with its free-market economy and urban bustle is a perfect place to observe this in action. But Hong Kong is also deeply conservative in many ways especially with regard to family values, and the presence of overtly sexualized images in advertising sits uncomfortably with the values of modesty and traditional sexual mores that exist there. Young girls are also discovering their identities like any other groups of girls in the world, and often this journey will not be easy. This book deals with media and the extent to which media representations influence girls in Hong Kong and how they are affected by this ubiquitous presence. Through the quantitative and qualitative studies, readers could examine and understand how tween girls and teen girls in Hong Kong interact with the media and how they interpret the messages from the media. The observations found in the studies are also valuable to parents, educators, and communication scholars to better understand the influence of media on the value orientations of girls; and we hope that responsible marketers and educators can use these research findings to communicate with girls in ways which can improve their well-being. Across the country, Lindsay Moore's glamorous Manhattan lifestyle is ripped out from under her when she falls victim to an investment scam, loses her job as an executive at the bank--and finds out she's pregnant by a man who wants nothing to do with her, or her baby. When Lindsay's sister asks her to come out to Bear Creek Saddle Ranch to be her maid-of-honor and help plan her wedding, Lindsay has nowhere else to go. Eric is the groom's best-man, and when the bride-to-be's beautiful sister Lindsay arrives, he offers her a job to help her out, and to get to know her better. **Redeeming America** Michael Lienesch 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s, when the New Christian Right appeared suddenly as an influential force on the American political scene, only to fade from the spotlight toward the end of the decade. In *Redeeming America*, Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics, and he argues that the movement is certain to emerge again. Lienesch explores in detail the writings of a wide range of Christian conservatives, including Jerry Falwell, Pat Robertson, Phyllis Schlafly, and Tim and Beverly LaHaye, in order to illuminate the beliefs and ideas on which the movement is based. Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family, the economy, the polity, and the world, Lienesch finds shared themes as well as contradictions and tensions. He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America, alternating with more inward-looking intervals of personal piety.

**After She Was Born a Girl** Emmanuel Kaghondi 2023-08-29 In these pages, the harrowing experiences of women in Tanzania are laid bare. Through poignant and insightful narratives, the book delves into the intricate complexities of cultural practices, memory, trauma, and spirituality. It offers a sobering account of the harsh realities women endure, navigating deeply entrenched gendered cultures that assign lower cultural value to womanhood. However, amidst these challenges, the book reveals the remarkable resilience exhibited by women within Tanzanian society. Drawing from the author's personal background as a descendant of traditional midwives, one who was a former practitioner of female genital mutilation surgery, this raw and unflinching account provides an authentic portrayal of the realities faced by Tanzanian women. The author's years spent as a rural pastor in Tanzanian villages have endowed him with a unique perspective, enabling him to draw profound parallels between his mother's journey into womanhood and his wife's relentless endeavors to combat gender inequality and violence both within and beyond the church. Through this intimate and revealing lens, readers are invited to explore the intricate intersections of gender, culture, and spirituality in Tanzania. The evocative narratives within this book serve as catalysts, inspiring readers to challenge their preconceptions and take a firm stance against the injustices that women endure. With its captivating storytelling and powerful message, this thought-provoking work is an essential read for individuals interested in delving into gender studies, cultural studies, and the pursuit of social justice.

**Handbook of Sexuality-Related Measures** Clive M. Davis 1998 Fundamental to understanding human sexual expression is reliable and valid measurement and assessment. Many instruments have been developed to measure a myriad of sexuality-related states, traits, behaviors, and outcomes. Few are easily accessible and the information is limited concerning appropriate use and psychometric properties. In *Handbook of Sexuality-Related Measures*, more than 200 instruments are reproduced, accompanied by the necessary information for their use in research, as well as educational and clinical settings. Measures relating to more than 50 topics are included. Examples are abortion, aging, arousal, general and specific attitudes and behavior, contraception, dysfunctions, education, experience, gender identity, homosexuality, ideology, jealousy, knowledge, masturbation, orgasm, rape, and sexually transmitted diseases. Each chapter describes the development and appropriate use of each instrument, giving information on timing, scoring, and interpretation. Reliability and validity data are summarized and completely referenced. Nearly all articles include the entire instrument; others provide illustrative content from the instrument and give all necessary information to obtain the instrument.

**A Second Chance** Theresia Fuh-Tabe 2020-01-29 There is a level of defensiveness that comes with having a child out of wedlock. Both the child and the mother experience a lot of harsh criticism and judgment from almost everyone. Victims of teenage pregnancy are often stigmatized and stereotyped. Children from such circumstances are often referred to and labelled as "out-of-wedlock children." Girls who have children before marriage are often not granted the same dignity as girls who have children in a lawful wedded union. This book is for everyone who has been a victim of adolescent pregnancy, a product of adolescent pregnancy, or parents and support system to those who have experienced adolescent pregnancy. This book confronts stereotype and stigma associated with teenage pregnancy. It shows how we can collectively take responsible steps to help the young women around us as individuals and as a community to nurture the young and vulnerable around us than castigate them. Cultural thinking about young women who get pregnant before marriage can be reshaped.

This book provides the first rounded, first-hand account of sexuality in marriage in the early and mid-twentieth century. These award-winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid, compelling and frank testimonies from a socially and geographically diverse range of individuals, the book explores a spectrum of sexual experiences, from learning about sex and sexual practices in courtship, to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction, for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.

Calling in the Soul Patricia V. Symonds 2004 "A gold mine of information for American social scientists. It is a 'must have.'" -Choice "Calling in the Soul" (Hu Plig) is the chant the Hmong use to guide the soul of a newborn baby into its body on the third day after birth. Based on extensive original research conducted in the late 1980s in a village in northern Thailand, this ethnographic study examines Hmong cosmological beliefs about the cycle of life as expressed in practices surrounding birth, marriage, and death, and the gender relationships evident in these practices. The social framework of the Hmong (or Miao, as they are called in China, and Meo, in Thailand), who have lived on the fringes of powerful Southeast Asian states for centuries, is distinctly patrilineal, granting little direct power to women. Yet within the limits of this structure, Hmong women wield considerable influence in the spiritually critical realms of birth and death. Patricia Symonds situates her study within the landscape of northern Thai mountain life and anthropological perspectives on the Hmong, and then focuses on "Flower Village," telling detailed stories of births, marriages, and deaths. Recurring motifs emerge: the complementarity of women's and men's roles in daily life and in the otherworld, and their reversal at critical moments; the importance of the brother-sister relationship; the social and spiritual significance of the ceremonial clothing women create, especially their embroidered "flower cloth" and the ambiguously nuanced *sev*, or "modesty aprons," they wear; the endlessly cyclical nature of life, from birth to death to birth again; the importance of sound and silence at times of transition; the complex connections between the land of the living and the land of the dead. Hmong women's primary source of power in the patriline is their fecundity, through which they influence key spiritual aspects of the life cycle. This value and power is evident in the division of bride-price into two parts: "milk and care money," which compensates a woman's parents for

her upbringing; and payment for the "birth shirt," or placenta, of the child the young wife will produce. Through provision of birth shirts for fetuses and of elaborately embroidered cloth shirts for the dead, women literally clothe the soul through cycles of rebirth. An epilogue and appendixes provide a discussion of the impact of HIV/AIDS on the Hmong of Thailand, cultural factors in HIV transmission, and strategies for containment; complete Hmong texts and English translations of "Calling in the Soul," and "Showing the Way," the chant which guides the soul of the deceased through the land of darkness and back to reincarnation in a new body in the land of light; Flower Village demographic information; and an account of a shamanic healing and outline of Hmong health care issues in the United States. Calling in the Soul will be of interest to sociocultural anthropologists, medical anthropologists, Southeast Asianists, and gender specialists. Patricia V. Symonds is adjunct associate professor of anthropology at Brown University. She is the coauthor (with Brooke G. Schoepf) of *HIV/AIDS: The Global Pandemic and Struggles for Control*. "Despite the now quite substantial literature on the Hmong, until now, there has been very little that explores gender issues. . . . Calling in the Soul also makes a substantial contribution to our knowledge about Hmong death rites and religious beliefs." - Charles Keyes, University of Washington "The volume's strength is its ethnography, . . . in the numerous engaging accounts of particular events - marriages, births, etc." - Nicola Tannebaum, Lehigh University "A fascinating ethnography. Its firm grounding in an ethnic minority village in Thailand provides an interesting setting for thinking about the life cycle." - Hjorleifur Jonsson, Arizona State University
