In 1939, 21-year-old Kenjiro Takeda is on his way to the United States from Japan. His parents preceded him years earlier and are finally able to send for him. After his arrival, the progressive young man sees 18-year-old Patricia Middleton, a young black woman, and one look is enough. This interracial romance novel follows their relationship as it is affected by racism in both families and society as a whole. God Loves You - Thomas Franckowiak 2012-04
 Jesus explains in His parable of the talents that your Heavenly Father God has endowed you with at least one special gift. Often He has blessed you with many more. His gift of love to you, however, is the most precious of them all. If godly love is your one talent, it is yours to continually refine throughout your life. In order to continually grow in godly love, God's Word must be your road map. *God Loves You: Notes of His Love* unearths truths about your Heavenly Father's love from Paul's description of godly love in his first letter to the Corinthians. In his letter he reveals its seven qualities. You will find in *God Loves You: Notes of His Love* that each chapter is dedicated to studying a quality of love. As you study each chapter you become a student of God's love. You investigate for yourself how to live an entire life of continual growth in ever-abounding love for your Heavenly Father God, your dear ones, and all humanity. After you devote your entire life to successfully studying and living godly love, you will appear before your Heavenly Father God. When He sees your soul beaming the seven qualities of godly love, He will tell you "Well done, good and faithful servant! You have been faithful with a few things; I will put you in charge of many things. Come and share your Master's happiness!"

A girl next door meets famous actor rom com... An enemies to lovers adventure romance... A bridesmaid & best man wedding date... To the Stars and Back When Hollywood's sexiest bachelor meets the girl next door their relationship doesn't follow the script... On-screen, Christian Slade is America's favorite heartthrob. Off-screen, letting romance into his life isn't as easy. The women he dates all seem to want a piece of his glamorous life rather than his heart, and trust doesn't come easy for him. Then along comes Lana. A beautiful rocket scientist who's also sweet, smart, sexy, and has absolutely no idea who he is. But what will happen when she finds out? Will their worlds prove too far apart or could love really be like in the movies? From Thailand with Love All Logan has to do is to get the gold and get the girl. Easy, right? Travel photographer Winter Knowles and archeology professor Logan Spencer dislike each other at first sight. Stuck together into the wild, these two unwilling teammates will bicker and banter their way through a laugh-packed treasure hunt. After years of searching, a new mapping technology has given Logan a clue to the location of the legendary Lost City of Gold. A discovery that could make his career. So the last thing he needs on this life-changing expedition is for his team to get distracted by a pair of long legs. When Winter accepted the assignment on a tropical island she didn't sign up for a brooding team leader who'd clearly prefer to run a boys-only club. Never one to back down from a challenge, Winter is ready to show him she's no

damsel in distress. But when a treasure like no other is uncovered and ruthless enemies will want to keep it for themselves, it'll be up to the two of them to save the day. Now, attending her twin's wedding as the party's undesirable number one seems like more than she can handle. BRMaycock's *Why We Love* - Helen Fisher 2005-01-02 A groundbreaking exploration of our most

complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. *Why We Love* begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, *Why We Love* offers radical new answers to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.

How to Tell If Someone Truly Loves You -

Femi Ogunjinmi 2020-03-25

Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear. The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true

love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining Relationship. He has been a go-to expert to media outlets like USA TODAY MAGAZINE, FOX NEWS, REWIRE.Org., and STYLECASTER. Apart from keynoting and speaking at conferences across the United State and overseas, Dr. Femi also conducts his own relationship programs. His signature conference, "Revelations of Relationship Seminar" occurs every year in United State and has been conducted internationally in Nigeria. Dr. Femi is the founder of National Relationship Equity Day, an organization that has created a national awareness day celebrated June 24th of every year. National Relationship Equity Day is dedicated to eradicating gender inequity in relationship and promoting the use of gifts, values, skill sets, and interests as a way of defining roles in relationship other than gender.
