Friends on a Rotten Day - Hazel Dixon-Cooper
2008-05-01

It's about time for Friends on a Rotten Day, the first astrology book to focus entirely on friendships. After all, lovers come and go, but our girlfriends sustain, nurture, and protect us

from cradle to grave. Friends on a Rotten Day explores the supportive, uproarious, and sometimes complex, relationships between girlfriends through an in-depth astrological analysis of each Sun sign. Dixon-Cooper shows readers what makes their friend tick on a soul level, revealing each friend's inner character, friendship style, love style (including what to do or not do if a pal picks a loser), and party style. She offers suggestions on the best gifts to buy your friend, how to calm her down, cheer her up, and return the unconditional support and love that she gives you. Readers will discover why their Gemini buddy changes her mind so often, why the Virgo gal pal sweats the small stuff, why a Scorpio girlfriend sometimes seems distant, and why the Leo chum needs frequent headpats. They'll also learn why a Pisces pal should never be forced to make a snap decision, why a Capricorn girlfriend might seem too serious for her own good, the truth about a Taurus friend's hidden anxieties, the competitive side of an Aries chum, what causes Cancer pal's emotional train wrecks, why the Aquarius buddy has a rebellious side, and why the Sagittarius girlfriend has occasional angry outbursts. "Dixon-Cooper reveals what every astrologer knows but none has dared say. (She) takes us on a seriously humorous ride through the land of truth and consequences. I highly recommend it." --Suzanne White

Siren's Lure - Renee Pace 2021-07-10

I drowned and something happened to me. One minute I thought I was dead and the next, I turned into a mermaid. None of it makes sense. My parents won't talk about the incident and my mom's got me popping anti-psychotic pills in the hope of making me forget. I can't forget. I've changed. My parents don't understand. When I died and became a mermaid, something called to me in the sea and I'm trying every day to ignore that summons. I've got enough on my plate. High school sucks big time and since the incident if I touch someone, I can sense their thoughts so I'm wearing my goth attire which

keeps everyone away. Everyone except Ash, a teenage heartthrob hallucination who became real and is now enrolled in my school, and who keeps telling me I'm a long-lost siren princess. Right! Strange things start to happen; first my parents get kidnapped, Ash tells me he's my protector and I'm not sure that's a good thing and the new Captain of the Hockey team wants to be more than just friends. My life feels out of control. I might not know who or what I am anymore, but I will do anything to free my parents and if that means forcing myself back into the cold Atlantic waters, I vow not to fail them. Between juggling learning high school math, which almost makes me want to kill someone, it's now a race against time as I learn how to control my newfound powers before an evil Sea Witch destroys my family while seizing control of all the Seas. Then again if my mother's right and this is a psychotic episode, I'm hoping I'll wake up with legs instead of a tail.

Soul Mates - the Formula - Vincent Sylvan
2013-02-12

Vincent Sylvan has created a formula using astrological influences as a guidepost for finding ones soul mate. This formula gives the readers action steps on how to narrow their search along the way, to identify this mystical person that Vincent believes we all have. These are methods the author has tested and applied himself on his own quest in finding his soul mate. After many years of research, his first marriage for seventeen years, not being able to succeed, he experienced divorce and failure. This triggered him to find the answers more than ever before, and past the prime of his life, Sylvan had an awakening and developed the formula to find his other half of his soul, the only person who can inspire him to be a better person and take him to greater heights than he could have ever dreamt of by himself or with any other woman. Putting into practice the secret to his revelation, he finds her on the Internet, the hardest place to find his soul mate, to put his formula to the test. The results surpassed his expectations. Vincent realized once more the importance for everyone to find their soul mate, to live a life of wonders. That is why he created this book. For more information on Sylvan, visit his blogs to find more about his philosophy and poetry at www.vincentsylvan.com.

2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.
