In Love and College: A Practical Guide to Practical Relationships - Stephen Phillips 2008-04-01
College is much more than the start of a new career path. While students are trying to discover who they are, they often discover love along the way. Some say they aren't ready to settle down, but those same people might wind up in committed relationships long before they graduate. Maintaining that relationship through the uncertainties of college, however, is not easy. In this opinionated and often humorous guide, Stephen Phillips cuts the crap and removes the security blanket from traditional love advice. In Love And College puts it all in a nutshell, covering the most common issues - and issues you may not have considered - that arise in college relationships. Whether you're actively seeking commitment or you already have it, this practical guide to practical relationships puts you and your partner in control of the romance, communication, and compromise needed to stay afloat if, and when, things get difficult.

Hazel Falls - John Wasowicz 2023-05-26

The opening scene of "Hazel Falls," book six of the Old Town mystery series, occurs at the Alexandria water treatment plant in the Eisenhower Valley, where Hazel, a mechanical digging device, tunnels beneath the city to complete a major water remediation project. Operations come to a screeching halt when skeletal remains are unearthed at the site, conjuring up memories of the decades-old tragedy involving the Orr sisters. Eighteen years ago, the sisters had innocently attended a concert. At the end of that evening, both disappeared. One was found dead the following day. The other has never been heard from since the night of her disappearance. The discovery of the human remains occurs just as the convict at the center of the case appears in court to have his sentence reevaluated. Due to the malfeasance of a key witness, the convict's conviction may be overturned. But was he ever guilty of any crime? How do the human remains discovered at Hazel Falls affect his case? Are the human remains those of the missing sister? Who else might bear partial or total responsibility for both the murder and the disappearance of the Orr sisters? The convict is released into the community pending new court proceedings as ghosts from the past gather in the present to influence the reconsideration of the case. Criminal miscues, legal maneuvers, and lost opportunities erupt as past memories collide with present-day revelations to uncover a complex hidden reality. "Hazel Falls" is the sixth book in a series that began in 2017 with the release of "Daingerfield Island," featuring Mo Katz. Katz and his entourage solve a series of murders in the series that also includes "Jones Point," "Slaters Lane," "Roaches Run," and "Gadsby's Corner."

My Brother's Roommate - Kendall Ryan 2020-12-01

A sexy new brother's best friend romance from New York Times bestselling author Kendall Ryan. There are

a few things you should know about my brother's roommate. Wolfie Cox is . . . complicated. And incredibly sexy. Unfortunately, he has an impressive stick lodged so far up his ass, he's about as emotionally available as a chinchilla. Actually, that might be an insult to the chinchilla community. So, naturally, I want to ride him like a bicycle. He thinks I hate him. Mostly because I've led him to believe this. It's easier than admitting the truth. And while Wolfie is about as soft and cuddly as a fork, I'm the opposite. A good girl. Reliable. Conscientious. Oh, and completely panicked about an upcoming work conference. Wolfie's usually allergic to altruism, so when my brother convinces him to help me out by escorting me to said conference where everyone else will have a plus-one . . . I say thanks, but no thanks. Surprisingly, Wolfie is unflinching about this. And that's the story about how I got stuck in a hotel room with my brother's hot (grouchy) roommate. Thank you for coming to my TED talk. In all seriousness, this isn't a game to me, and hormones aside, I need to impress my boss this week so the promotion I've worked hard for doesn't get handed to his worthless nephew. But with Wolfie and me sharing a hotel bed, things get confusing quickly. This is book two in the Frisky Business series, but each book can be read as a complete standalone.

I needed a place to live while I got my degree, and he needed a roommate. Then I saw Aster. Blond and beautiful, good, pure, sweet, smart...and Jerry's girlfriend. She was everything I never thought I could have. Except...maybe I can. So I put a plan into action. Yeah, I'd probably go to hell, but it would be worth it. I wanted Aster. I wanted her yesterday and tomorrow and every possible way. But you know what they say. Be careful what you wish for...because you just might get it.
