[Bossypants](#) Tina Fey 2011-04-18 Once in a generation a woman comes along who changes everything. Tina Fey is not that woman, but she met that woman once and acted weird around her. Before *30 Rock*, *Mean Girls* and 'Sarah Palin', Tina Fey was just a young girl with a dream: a recurring stress dream that she was being chased through a local airport by her middle-school gym teacher. She also had a dream that one day she would be a comedian on TV. She has seen both these dreams come true. At last, Tina Fey's story can be told. From her youthful days as a

vicious nerd to her tour of duty on Saturday Night Live; from her passionately halfhearted pursuit of physical beauty to her life as a mother eating things off the floor; from her one-sided college romance to her nearly fatal honeymoon - from the beginning of this paragraph to this final sentence. Tina Fey reveals all, and proves what we've all suspected: you're no one until someone calls you bossy.

Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married

and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

How to Turn Down a Billion Dollars Billy Gallagher
2018-02-15 'A fast-paced, highly readable history of one of the

defining companies of our time. If you're interested in Snapchat, or just plain mystified by it, you must read this book' -- Brad Stone

Would you turn down three billion dollars from Mark Zuckerberg? When he was just twenty-three years old, Evan Spiegel, the brash CEO of the social network Snapchat, stunned the world when he and his co-founders walked away from a three-billion-dollar offer from Facebook: how could an app teenagers use to text dirty photos dream of a higher valuation? Was this hubris, or genius? In *How to Turn Down a Billion Dollars*, Billy Gallagher takes us inside the rise of one of Silicon Valley's hottest start-ups. Snapchat began as a late-night dorm room revelation before Spiegel went on to make a name for himself as a visionary CEO worth billions, linked to celebrities like Taylor Swift and his fiancée, Miranda Kerr. A fellow Stanford undergrad and fraternity brother of the company's founding trio, Billy Gallagher has covered Snapchat from the start. His inside account offers an entertaining trip through the excess and drama of the hazy early days with a professional insight into the challenges Snapchat faces as it transitions from a playful app to one of the tech industry's preeminent public companies. In the tradition of great business narratives, *How to Turn Down a Billion Dollars* offers the definitive account of a company whose goal is no less than to remake the future of entertainment.

All Your Twisted Secrets Diana Urban 2020-03-17 A thrilling debut, reminiscent of new fan favorites like *One of Us Is Lying* and the beloved classics by Agatha Christie, that will leave readers guessing until the explosive ending. "Welcome to dinner, and again, congratulations on being selected. Now you must do the selecting." What do the queen bee, star athlete, valedictorian, stoner, loner, and music geek all have in common? They were all invited to a scholarship dinner, only to discover it's a trap. Someone has locked them into a room with a bomb, a syringe filled with poison, and a note saying they have an hour to pick someone to kill...or else everyone dies. Amber Prescott is

determined to get her classmates and herself out of the room alive, but that might be easier said than done. No one knows how they're all connected or who would want them dead. As they retrace the events over the past year that might have triggered their captor's ultimatum, it becomes clear that everyone is hiding something. And with the clock ticking down, confusion turns into fear, and fear morphs into panic as they race to answer the biggest question: Who will they choose to die?
