The Sidekick Never Gets the Girl, Let Alone the Protag's Sister! Volume 2 - Toshizo 2021-09-13

Kunugi Kou is in a bad place. The Ayase Hikari problem has been resolved, in theory, but the price he paid to do so was steep in both a physical and emotional sense, and many questions remain unanswered. Questions that Kou, by and large, hasn't even thought to ask yet. Much as he'd love to return to his comfortable place in Kaito's shadow, the world isn't quite done making everyone's favorite wannabe sidekick suffer, and that's not even starting on the other world. Who exactly are Balrog and Rei?

How did Kou meet them, and how are they involved in the trauma he still has yet to overcome? What social cues is Kou failing to read in his current world, and how will they come back to bite him in the ass? These questions and more may (or may not!) be answered in the ever-chaotic second volume of *The Sidekick Never Gets the Girl, Let Alone the Protag's Sister!*

Amazing Racers - Marc Bloom 2019-08-06

What would one call taking teens with no evident running talent and putting them through breakneck training combined with mantras from the rock n' roll, techniques from Kenya, philosophy from Australia and turning them champions? Is it revolutionary? Or just plain crazy? Bill Aris has heard both, but one thing is indisputable. Everything Aris does with his runners—male and female—is new and extraordinary, and he has created a new American running dynasty. The runners of Fayetteville-Manlius High School, or F-M, have won the last nine out of ten national championships and have the best cumulative record in cross country history. F-M's domination has shocked the sport for its defiance of accepted running principles and limitations. One year, the girls defeated the 2nd-place team in the country by an average of 59 seconds per girl in a 5k race. Another year, the F-M girls' ran faster than their Kenyan counterparts, who had come to Oregon as a showcase. Across the country, top coaches all whisper, "How do they do it?" From adopting long-forgotten Spartan creeds to focusing on teenaged developmental psychology and gender-blindness in training, *The Running Revolutionaries* is a must read for millions of runners and the millions more who strive for better performance.

Team Loco - Amy Sparling

These handsome dirt bike racers each meet the girl of their dreams. The *Team Loco* trilogy is a series of flirty, upper Young Adult contemporary romances. No cliffhangers, and all have a happily ever after. **BOOK ONE:** *Taming Zach* She never meant to fall for someone she can’t have. He never meant to let her. Bree Grayson may have graduated high school in her small Tennessee hometown, but she never got to leave it. She works as a maid with her mom and flags at the local motocross track on the weekends. It’s good money but it won’t get her out of Hopewell. She’s determined to make something of herself, but she’d settle for something—anything to get her out of this rut. Zach Pena’s notorious motocross fame crashed and burned as quickly as he had risen to the top. He let the fame get to his head and the partying and girls took over his life. Now he’s off the race team. Determined to get back into the sport he loves, he moves back home to spend the summer focusing solely on motocross. Girls are off the menu. And then he runs into Bree. She’s gorgeous and sweet and everything he shouldn’t have this summer. He doesn’t recognize her as the girl from his childhood, but Bree knows exactly who Zach is. She’s only had a crush on him forever. She knows he’s a womanizer and too hot for his own good, but he’s fun. Bree doesn’t expect to fall for someone she can’t have. And Zach doesn’t expect to be pulled back into his world of fame before the summer is over. Will Bree finally be the girl to tame his wild ways? Or will their romance crash and burn? **BOOK TWO:** *Alluring Aiden* "It’s just six weeks. Or forever. You choose." Aiden is supposed to be traveling the country with his professional motocross racing team. He isn’t supposed to break his wrist over summer and be benched for the whole fall season. He definitely isn’t supposed to find himself falling for a hometown girl who loves dirt bikes as much as he does. And when her boyfriend cheats on her, he probably shouldn’t agree to be her fake boyfriend just to piss him off. But Aiden has never been good at doing the right thing. Jenn’s relationship just fell apart. She thought she’d had it all: a hunky motocross racer boyfriend, an awesome job at her dad’s shop, and a promising career as a physical therapist on the horizon. Then it all falls apart, leaving her broken and hopeless. A fake relationship might get back at her ex, but there’s something in the way Aiden looks at her that doesn’t feel very fake at all. **BOOK THREE:** *Captivating Clay* Clay Summers has a reputation for being a jerk. He was one of the youngest teenagers to be signed to *Team Loco*, a professional motocross racing team, and he knows it’s because of his dedication to the sport. Clay doesn’t have time for friends, family, or girlfriends. Autographs and publicity stunts annoy him to no end. All he wants to do is ride his dirt bike. Avery Dunn just graduated high school and she has no idea what to do next. Tired of living in her small town, she dreams of traveling the world and getting paid to do it. So when the perfect internship with *Team Loco* comes around, she’ll do whatever it takes to keep her

spot on the team so she can travel the country as they go to races each week. *Team Loco* is determined to have a family friendly image, and Avery’s number one job is to make Clay become a team player with their fans. If she doesn’t get him to sign autographs, takes pictures, and smile more, she’ll be out of a job. She’s spent enough time with Clay to know there’s a little softness underneath his intimidating exterior, and before she knows it, she’s starting to fall for him. Little does Avery know, Clay might be falling for her, too.

Girl at Sea - Joanna Sprtel Walters 2015-09-22

A Naval officer’s memoir about finding one’s voice. Women have bravely served in the U.S. Navy for nearly a century, but they have only been allowed to serve in combat roles for the last twenty-five years. When the combat exclusion law was lifted in 1993, women in the Navy soon had a new range of opportunities available to them. The repeal of the law finally gave women the chance to serve on combatant ships for the first time. Among the first women to step onto these warships as a new crewmember was Joanna Sprtel Walters. In her memoir *Girl at Sea*, she shares her story beginning with training at the US Naval Academy through her service in the fleet aboard combatant warships. As a member of the class of 1994, she was among the first group of women out of the Academy to have selected warfare specialties. This real-life account sheds light on a ground-breaking time in our country’s history as gender barriers continue to be torn down within all divisions of our Armed Forces. Walters’s story will resonate with anyone who has ever had to bump their head against a glass ceiling and then fight their way through it. Her story covers difficult topics such as a sexual assault and extortion case at the end of her time at the Academy; struggling to prove herself on a ship where men felt women were invading their spaces; earning the hard-fought respect of her first division; recovering from the career suicide of engaging in a forbidden relationship; fighting to stay in the Navy and then thriving in the most difficult of environments; and her eventual blossoming into a strong Division Officer with an MBA under her belt. Through her successes and failures, Walter’s hopes to inspire others to reach beyond what they thought they were capable of and find their own inner strength. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Girl Running - Annette Bay Pimentel 2018-02-06

* "A bright salutation of a story, with one determined woman at its center."--Kirkus Reviews, starred review The inspiring story of the first female to run the Boston Marathon comes to life in stunningly vivid collage illustrations. Because Bobbi Gibb is a girl, she's not allowed to run on her school's track team. But after school, no one can stop her--and she's free to run endless miles to her heart's content. She is told no yet again when she tries to enter the Boston Marathon in 1966, because the officials claim that it's a man's race and that women are just not capable of running such a long distance. So what does Bobbi do? She bravely sets out to prove the naysayers wrong and show the world just what a girl can do.
