I Love You - Giles Andreae 2004-01-01

It is an indispensable tool for expressing your love or a crafty book of excuses when you're in someone's bad books! Love by Night - SK Williams 2021-02-02

More of a story than a collection of poetry, Love by Night will whisk you away from your world and into the dreamy romantic night. Love by Night begins with anxious hesitation and

nervous attraction, grows into tender affection, blossoms into passionate love, delves deep into whimsical dreams, and finally builds an image of an idyllic future together, as the reader develops along with the two characters of this poetic story. Written as a conversation between two points of view in constant change and flux with each other, this book invites the reader into the conversation about the love that connects one person to another, but also all of us to each other. Through this written testament to the emotional journeys books can take us on, S. K. Williams breaks down stereotypes, sexism, relationship roles, and brings awareness to mental health, grief, anxiety, depression, how to move forward, how to love in a healthy way, and,

most of all, how to love yourself when it feels impossible.

I Love You, Call Me Back - Sabrina Benaim
2021-10-19

From one of the most-viewed spoken word poets of all time, a collection exploring loneliness, anxiety, and longing—and finding peace, and even joy, in unexpected places Sabrina Benaim, author of *Depression & Other Magic Tricks*, has connected deeply with readers and reached millions of viewers through her poetry, breaking down the stigma around mental illness. Now, she dives into challenging and universal territory: grief over a relationship's end, loneliness in a world under lockdown, and the anxiety of caring for a loved one from afar in the

wake of a serious diagnosis. Unfurling over the course of one month in 2020, in seventy-five original poems, *I Love You, Call Me Back* grapples with mental health struggles and the uncertainty of the moment and beyond. In isolation, Sabrina dares to embrace loneliness in all its permutations: the sorrow of getting your mother's voicemail when you call to say "I love you"; the bitter-sweetness when your dog takes up your ex's side of the bed; the joys of eating ice cream for dinner and singing badly, loudly. In her raw and deeply relatable style, Sabrina reminds us to love our whole selves: you can't have joy without sorrow, and being anxious or depressed doesn't mean you can never be happy. In her words, "Sometimes self-care is just surviving." And that's okay. Sabrina shows us that there's beauty and courage in that, too.

Poetry of Love - N. N. Light 2016-09-16

I had been searching for love my whole life. It took the opening up of the world via technology for me to find my soulmate. Once I laid eyes on her, at the arrivals gate, I knew I was never going to let her go. The following is a collection of poems I wrote to my angel, from our first meeting up until our wedding day. I was working crazy hours as a chef and I had a long commute. I chose my commuting time to pen her a poem each day. These poems speak of our life, our challenges and our growth together...in every aspect they speak of our love. May this book give someone the courage to let their special someone know how much they care for them and how much they mean to them. Saying I love you is a gift you can give many times a day.

To You, My Love - Nwakego Ihenacho Ezeanuna
2005-11-01

Our Forever Angel pulls no punches with its candor. Author Barb Scholz openly shares stories about how she and her children survived

their loss of husband-father, Troy, to suicide. By disclosing what she has learned, this book will help others through their experience with suicide. In addition to personal experiences, a wealth of information is included from a counseling perspective. A veteran professor of thirty-two years, in the counseling department at the University of Nebraska Omaha, reviewed the work of the author and contributions were given from a clinical perspective. The combination of personal stories and clinical information makes this book more useful than any book containing either of these without the other. The clinical information is based on years of research, and the personal stories make it real. A few topics covered are: answering the question why; allowing yourself to be happy again; helping your kids get through it; suicide happens to "normal" families; how faith can help; and choosing to become stronger rather than letting it consume you. Our Forever Angel offers empathy and hope, tugging readers to new

I Won't Say I Love You - Marina A. Popova

If those feelings are mutual, we will feel it anyway...this is what this poetry book "I Won't Say I Love You" is about.

my family and I did not think of writing a book until I was in my late forties. This collection of poems have been written and created with the intention of reaching and touching the deepest part of you the reader and with the intent to take you and your thoughts away to a more peaceful and calmer place. I believe words are powerful and so if words are strung together with careful thought my thinking was it would make an interesting and powerful reading. No matter what the genre, mine just happens to be poetry. For as long as I can remember I have always wanted to share my thoughts with an audience which is you the reader just for someone to recognize that feeling within these poems that

would be for me an admission of a creative work well done as yes they are my thoughts written down on paper but without you the reader these poems for me would be meaningless and my thoughts and poems may as well stay as thoughts. A friend said to me you need to let it get out there you need to share your talent and do not be afraid to own it and call it no less than that, and let it shine out and I hope and pray you the reader will be the overall judge of that. Thank you Lorna I am learning to do exactly that. This book of poem was written for so many reasons but none more so than for your enjoyment and elicit reading .
