The Pleiadian Workbook - Amora Quan Yin 1995-12-01

The Pleiadian Workbook is a direct transmission from the Pleiadian Emissaries of Light--Light beings from the Pleiades--who say it's time now for spiritual growth, ascension, and healing. Through Amora Quan Yin, we are taught to open our "Ka Channels," which pull energy from our multidimensional, holographic selves into our physical bodies. These galactic healing techniques align us with our divine selves, raise our vibratory rates, and rejuvenate and balance our bodies, while accelerating spiritual evolution and stimulating emotional healing.

Secrets of Pinar's Game (2 vols) - Roger Boase 2017-06-06

In *Secrets of Pinar's Game*, Roger Boase deciphers a card game completed in 1496 for Queen Isabel, Prince Juan, her daughters and her 40 court ladies. This book reveals information about the court culture that cannot be found in official sources.

The Red Thread - Bernard Faure 1998-10-26

Is there a Buddhist discourse on sex? In this innovative study, Bernard Faure reveals Buddhism's paradoxical attitudes toward sexuality. His remarkably broad range covers the entire geography of this religion, and its long evolution from the time of its founder, Xvkyamuni, to the premodern age. The author's anthropological approach uncovers the inherent discrepancies between the normative teachings of Buddhism and what its followers practice. Framing his discussion on some of the most prominent Western thinkers of sexuality--Georges Bataille and Michel Foucault--Faure draws from different reservoirs of writings, such as the orthodox and heterodox "doctrines" of Buddhism, and its monastic codes. Virtually untapped mythological as well as legal sources are also used. The dialectics inherent in Mahvyvna Buddhism, in particular in the Tantric and Chan/Zen traditions, seemed to allow for greater laxity and even encouraged breaking of taboos. Faure also offers a history of Buddhist monastic life, which has been buffeted by anticlerical attitudes, and by attempts to regulate sexual behavior from both within and beyond the monastery. In two chapters devoted to Buddhist homosexuality, he examines the way in which this sexual behavior was simultaneously condemned and idealized in medieval Japan. This book will appeal especially to those interested in the cultural history of Buddhism and in premodern Japanese culture. But the story of how one of the world's oldest religions has faced one of life's greatest problems makes fascinating reading for all.

Classic Asian Philosophy - Joel Kupperman 2007

"This is a second, revised edition of Kupperman's introduction to Asian philosophy via its canonical texts. Ranging from the Upanishads to the Bhagavad Gita, through Confucius to Zen Buddhism, Kupperman walks students through the most important texts of Asian philosophy, conveying the vitality and appeal of the works, and explaining their philosophical roots. This second edition includes revisions and updates throughout the text, clarifying where necessary, and a brand new chapter on al-Arabi's *The Bezels of Wisdom*, a classic of Islamic Sufism. *Classic Asian Philosophy* is a highly useful aid to students in philosophy, religion, or Asian studies courses who are studying these fascinating but complex texts, as well as laypersons or specialists in other areas who need assistance in understanding them."--Page 4 de la couverture.

Emanuel Swedenborg - Signe Toksvig 2013-10

This is a new release of the original 1948 edition.

Asexualities - Karli June Cerankowski 2014-03-14

What is so radical about not having sex? To answer this question, this collection of essays explores the feminist and queer politics of asexuality. Asexuality is predominantly understood as an orientation describing people who do not experience sexual attraction. In this multidisciplinary volume, the authors expand this definition of asexuality to account for the complexities of gender, race, disability, and medical discourse. Together, these essays challenge the ways in which we imagine gender and sexuality in relation to desire and sexual practice. *Asexualities* provides a critical reevaluation of even the most radical queer theorizations of sexuality. Going beyond a call for acceptance of asexuality as a legitimate and valid sexual orientation, the authors offer a critical examination of many of the most fundamental ways in which we categorize and index sexualities, desires, bodies, and practices. As the first book-length collection of critical essays ever produced on the topic of asexuality, this book serves as a foundational text in a growing field of study. It also aims to reshape the directions of feminist and queer studies, and to radically alter popular conceptions of sex and desire. Including units addressing theories of asexual orientation; the politics of asexuality; asexuality in media culture; masculinity and asexuality; health, disability, and medicalization; and asexual literary theory, *Asexualities* will be of interest to scholars and students in sexuality, gender, sociology, cultural studies, disability studies, and media culture.

The Deleuze and Guattari Dictionary - Eugene B. Young 2013-10-10

The *Deleuze and Guattari Dictionary* is a comprehensive and accessible guide to the world of Gilles Deleuze and Felix Guattari, two of the most important and influential thinkers in twentieth-century European philosophy. Meticulously researched and extensively cross-referenced, this unique book covers all their major sole-authored and collaborative works, ideas and influences and provides a firm grounding in the central themes of Deleuze and Guattari's groundbreaking thought. Students and experts alike will discover a wealth of useful information, analysis and criticism. A-Z entries include clear definitions of all the key terms used in Deleuze and Guattari's writings and detailed synopses of their key works. The Dictionary also includes entries on their major philosophical influences and key contemporaries, from Aristotle to Foucault. It covers everything that is essential to a sound understanding of Deleuze and Guattari's philosophy, offering clear and accessible explanations of often complex terminology. The *Deleuze and Guattari Dictionary* is the ideal resource for anyone reading or studying these seminal thinkers or Modern European Philosophy more generally.

Kissed By A Deer - Margi Gibb 2015-10-01

Prepare to be swept away by a story that is intimate, true, and utterly compelling. Margi Gibb's much-loved father dies and, with her immediate family largely gone, her life is changed irrevocably. Immersing herself more deeply in art and music, she travels to America to study the sacred art of the mandala, exploring the wisdom traditions of Indigenous Indian peoples in the process. Then after a serendipitous encounter back in Australia she travels to Dharamsala to care for children in an after school program at a Tibetan women's handicraft cooperative. Her underlying passion is to initiate guitar lessons for Tibetan refugees. What follows is unexpected. Margi's developing bonds with two very different Tibetan men, Tenzin and Yonten, change her life in complex and enduring ways. Eventually she journeys to Tibet. *Kissed by a Deer* is a book about East and West. It is a passionate quest for the personal and intellectual truth that only comes through lived experience. Gibb's story gives us amazing places, and wonderful characters, people we come to love and care about despite their failings. In its pages, wisdom searchingly finds its humble roots in the connections of heart, imagination and mind; in the midst of the act of living.

Minor Histories - Mike Kelley 2004-02-06

The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the "blazing network of focused confluences" from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in "voices" that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. "Statements" consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including "Ajax," which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; "Some Aesthetic High Points," an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of "creative writings" that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. "Video Statements and Proposals" are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. "Image-Texts" offers writings that accompany or are part of artworks and installations. This section includes "A Stopgap Measure," Kelley's zesty millennial essay in social satire, and "Meet John Doe," a collage of appropriated texts. "Architecture" features a discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, "Ufology" considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

Tantric Way - Ajit Mookerjee 2003-03-25

In recent years, the West has shown a wide and enthusiastic interest in tantra and its application to everyday life. Though its roots are in Hinduism, tantra's goals are the universal ones of self-knowledge and liberated joy. Its methods and effects transcend geography and era. Basing its approach on a historical and explanatory survey, this book deals in a detailed way with astronomy, astrology, alchemy, and cosmology in tantrism. In addition, there is discussion of the different viewpoints of "left-hand" and "right-hand" tantras and their respective attitudes towards human sexuality and its place in ritual. The drawings and illustrations serve further to explain and instruct, thus providing a unique opportunity for close contact with one of the world's oldest practical methods of achieving an expanded and creative awareness of oneself.

Jewel in the Lotus - Sunyata Saraswati 1996

The ancient secrets are emerging from the monasteries and the mystery school. Learn to direct the life force in your body -- the creative sexual power. Increase your energy, heal, and rejuvenate yourself.

Jewel in the Lotus - Sunyata Saraswati 2002

Secrets are revealed in this complete and systematic course in the science of Tantric Kriya yoga that shows readers how to be more aware of the inner working of the body and mind. (World Religions)

Rave Culture and Religion - Graham St John 2004-06-01

The collection provides insights on developments in post-traditional religiosity (especially 'New Age' and 'Neo-Paganism') through studies of rave's Gnostic narratives of ascensionism and re-enchantment, explorations of the embodied spirituality and millennialist predispositions of dance culture, and investigations of transnational digital-art countercultures manifesting at geographic locations as diverse as Goa, India, and Nevada's Burning Man festival. Contributors examine raving as a new religious or revitalization movement; a powerful locus of sacrifice and transgression; a lived bodily experience; a practice comparable with world entheogenic rituals; and as evidencing a new Orientalism. *Rave Culture and Religion* will be essential reading for advanced students and academics in the fields of sociology,

cultural studies and religious studies.

The Perfectibility of Man - John Arthur Passmore 1971

The Arts of India, Southeast Asia, and the Himalayas at the Dallas Museum of Art - Dallas Museum of Art 2013

In recent years, the Dallas Museum of Art has expanded its collection of South Asian art from a small number of Indian temple sculptures to nearly 500 works, including Indian Hindu and Buddhist sculptures, Himalayan Buddhist bronze sculptures and ritual objects, artwork from Southeast Asia, and decorative arts from India's Mughal period. Artworks in the collection have origins from the former Ottoman empire to Java, and architectural pieces suggest the grandeur of buildings in the Indian tradition. This volume details the cultural and artistic significance of more than 140 featured works, which range from Tibetan thangkas and Indian miniature paintings to stone sculptures and bronzes. Relating these works to one another through interconnecting narratives and cross-references, scholars and curators provide a broad cultural history of the region. Distributed for the Dallas Museum of Art

Susan Sontag - Leland Poague 2021-12-12

Susan Sontag: An Annotated Bibliography catalogues the works of one of America's most prolific and important 20th century authors. Known for her philosophical writings on American culture, topics left untouched by Sontag's writings are few and far between. This volume is an exhaustive collection that includes her novels, essays, reviews, films and interviews. Each entry is accompanied by an annotated bibliography.

Comparing the Literatures - David Damrosch 2022-02-08

Paperback reprint. Originally published: 2020.

Steven Spielberg and Philosophy - Dean A. Kowalski 2008-11-21

"This lively collection of essays on the ideas underpinning his films enriches and enlarges our understanding of Spielberg's complex body of work." —Joseph McBride, author of *Steven Spielberg: A Biography* Few directors have had as powerful an influence on the film industry and the movie-going public as Steven Spielberg. Whatever the subject—dinosaurs, war, extra-terrestrials, slavery, the Holocaust, or terrorism—one clear and consistent touchstone is present in all of Spielberg's films: an interest in the human condition. In movies ranging from *Jaws* to *Schindler's List* to *Amistad* to *Jurassic Park*, he has brought to life some of the most popular heroes—and most despised villains—of all time. In *Steven Spielberg and Philosophy*, Dean A. Kowalski and some of the nation's most respected philosophers investigate Spielberg's art to illuminate the nature of humanity. The book explores rich themes such as cinematic realism, fictional belief, terrorism, family ethics, consciousness, virtue and moral character, human rights, and religion in Spielberg's work. Avid moviegoers and deep thinkers will discover plenty to enjoy in this collection.

Eros and the Mysteries of Love - Julius Evola 1991-04

A controversial philosopher and critic of modern Western civilization, Julius Evola (1898-1974) writes about the mystical and spiritual expression of sexual love. This in-depth study explores the sexual rites of sacred traditions, and shows how religion, mysticism, folklore, and mythology all contain erotic forms in which the deep potentialities of human beings are recognized.

An Introduction to Buddhism - Peter Harvey 1990-05-25

Unlike other studies, this work not only explores Buddhism's world views but attempts to show how it functions as a set of practices based on devotion, ethics, and meditation.
