### Final Gifts - Maggie Callanan 2012-02-14

In this moving and compassionate classic—now updated with new material from the authors—hospice nurses Maggie Callanan and Patricia Kelley share their intimate experiences with patients at the end of life, drawn from more than twenty years' experience tending the terminally ill. Through their stories we come to appreciate the near-miraculous ways in which the dying communicate their needs, reveal their feelings, and even choreograph their own final moments; we also discover the gifts—of wisdom, faith, and love—that the dying leave for the living to share. Filled with practical advice on responding to the requests of the dying and helping them prepare emotionally and spiritually for death, Final Gifts shows how we can help the dying person live fully to the very end.

### Open to Hope - Gloria Horsley 2018-08-15

Whether a death is sudden or anticipated, losing a loved one shakes us to our very core, destroying our belief in a just, safe, and predictable world. Grief often changes us quickly both physically and mentally. It is like being kidnapped and suddenly transported to a foreign land without luggage, a passport, or the language to make sense of what's happening. Even if you have a road map for getting through the pain and anguish, you still have to take the trip. The purpose of this book is to help you find threads of hope that will assist your recovery and help you carry on. By sharing inspirational stories, personal experiences, and professional advice from contributors to the Open to Hope website, we trust that you will be comforted and inspired by learning how others dealt with their losses, what they saw as roadblocks, and how they handled them as well as what it has taken for them to not only survive, but thrive. We want to help you resume leading the life that you were meant to live—a life of satisfaction and one driven by a belief in your own personal power for change.

### I Love Jesus, But I Want to Die - Sarah J. Robinson 2021-05-11

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

### The Calling - Dr. Jamie Turndorf 2017-02-03

We experience time in the form of one event after another. Science is still grappling with the enigma of time. They can tell you what time it is, but can't tell you what time is. Understanding infinity, that it doesn't

exist in our Universe, reveals a possible understanding of what it means to experience the arrow of time. Being immersed in a place or condition doesn't always reveal its true nature. Ivanhoe Chaput personifies the photon as a thinking entity that experiences no time or distance, and yet resides in an observable span of time moving forward in a straight line. He provides a postulate as to why the photon appears to be psychic in the delayed-choice and quantum eraser experiments. Motion is a descriptor of time and time is a descriptor of motion. These interchange and are irreducible within our physical Universe. This all changes on the other side. People returning from the near-death experience have tried their best to explain such an environment where time had no meaning. To illustrate the concept of time versus no time at all, he details out a world of infinite existence outside of time-based physical consciousness. As infinity is viewed by the Jains of India as not being equal, so too are different aspects of time clearly redefined into four distinct categories while dismantling any association with infinity as it relates to this physical universe. Our physical lives are designed for learning and expanding from our experiences. We are engaged with the physical Universe by having our psyche implanted within the bio-computer we refer to as our brain. Ivanhoe reveals that there is scientific evidence that we are not our brains and that upon death of the brain, the true essence of being has been observed linking thought to the quantum world by way of microtubules within the structure of the brain. Once in the quantum realm, thoughts become infinite. This might suggest that science is getting close to finding the soul and hence, may have found evidence that we don't die.

### Ambiguous Loss - Pauline BOSS 2009-06-30

When a loved one dies we mourn our loss. We take comfort in the rituals that mark the passing, and we turn to those around us for support. But what happens when there is no closure, when a family member or a friend who may be still alive is lost to us nonetheless? How, for example, does the mother whose soldier son is missing in action, or the family of an Alzheimer's patient who is suffering from severe dementia, deal with the uncertainty surrounding this kind of loss? In this sensitive and lucid account, Pauline Boss explains that, all too often, those confronted with such ambiguous loss fluctuate between hope and hopelessness. Suffered too long, these emotions can deaden feeling and make it impossible for people to move on with their lives. Yet the central message of this book is that they can move on. Drawing on her research and clinical experience, Boss suggests strategies that can cushion the pain and help families come to terms with their grief. Her work features the heartening narratives of those who cope with ambiguous loss and manage to leave their sadness behind, including those who have lost family members to divorce, immigration, adoption, chronic mental illness, and brain injury. With its message of hope, this eloquent book offers guidance and understanding to those struggling to regain their lives. Table of Contents: 1. Frozen Grief 2. Leaving without Goodbye 3. Goodbye without Leaving 4. Mixed Emotions 5. Ups and Downs 6. The Family Gamble 7. The Turning Point 8. Making Sense out of Ambiguity 9. The Benefit of a Doubt Notes Acknowledgments Reviews of this book: You will find yourself thinking about the issues discussed in this book long after you put it down and perhaps wishing you had extra copies for friends and family members who might benefit from knowing that their sorrows are not unique...This book's value lies in its giving a name to a force many of us will confront--sadly, more than once--and providing personal stories based on 20 years of interviews and research. --Pamela

Gerhardt, Washington Post Reviews of this book: A compassionate exploration of the effects of ambiguous loss and how those experiencing it handle this most devastating of losses ... Boss's approach is to encourage families to talk together, to reach a consensus about how to mourn that which has been lost and how to celebrate that which remains. Her simple stories of families doing just that contain lessons for all. Insightful, practical, and refreshingly free of psychobabble. --Kirkus Review Reviews of this book: Engagingly written and richly rewarding, this title presents what Boss has learned from many years of treating individuals and families suffering from uncertain or incomplete loss...The obvious depth of the author's understanding of sufferers of ambiguous loss and the facility with which she communicates that understanding make this a book to be recommended. --R. R. Cornellius, Choice Reviews of this book: Written for a wide readership, the concepts of ambiguous loss take immediate form through the many provocative examples and stories Boss includes, All readers will find stories with which they will relate...Sensitive, grounded and practical, this book should, in my estimation, be required reading for family practitioners. --Ted Bowman, Family Forum Reviews of this book: Dr. Boss describes [the] all-too-common phenomenon [of unresolved grief] as resulting from either of two circumstances: when the lost person is still physically present but emotionally absent or when the lost person is physically absent but still emotionally present. In addition to senility, physical presence but psychological absence may result, for example, when a person is suffering from a serious mental disorder like schizophrenia or depression or debilitating neurological damage from an accident or severe stroke, when a person abuses drugs or alcohol, when a child is autistic or when a spouse is a workaholic who is not really 'there' even when he or she is at home...Cases of physical absence with continuing psychological presence typically occur when a soldier is missing in action, when a child disappears and is not found, when a former lover or spouse is still very much missed, when a child 'loses' a parent to divorce or when people are separated from their loved ones by immigration...Professionals familiar with Dr. Boss's work emphasised that people suffering from ambiguous loss were not mentally ill, but were just stuck and needed help getting past the barrier or unresolved grief so that they could get on with their lives. --Asian Age Combining her talents as a compassionate family therapist and a creative researcher, Pauline Boss eloquently shows the many and complex ways that people can cope with the inevitable losses in contemporary family life. A wise book, and certain to become a classic. --Constance R. Ahrons, author of *The Good Divorce* A powerful and healing book. Families experiencing ambiguous loss will find strategies for seeing what aspects of their loved ones remain, and for understanding and grieving what they have lost. Pauline Boss offers us both insight and clarity. --Kathy Weingarten, Ph.D, The Family Institute of Cambridge, Harvard Medical School

Afterlife - Blair Robertson 2015-05-30  
If you have ever wanted to connect with your deceased loved ones in the afterlife, then this is your guide! Love never dies! Your loved ones may be physically gone, but their spirit and soul lives on. They are always around and continue to love you from beyond and they continuously send us signs that they are okay! His website is [www.BlairRobertson.com](http://www.BlairRobertson.com)

The Love Never Ends - Sunny Dawn Johnston 2014-10-01  
"Sunny Dawn Johnston is a compassionate, caring light worker who opens up to the higher levels of Spirit." -James van Praagh Have you ever wondered if someone's trying to communicate with you on the other side? Are you looking for proof that there is life after death? Or do you miss your relationship with a loved one who's passed? If you answered yes to any of these questions, angel communicator and psychic medium

Sunny Dawn Johnston is here to help. In *The Love Never Ends: Messages from the Other Side*, Sunny shares a selection of true and amazing stories from her experience helping thousands overcome their fear of death or losing a loved one. A gifted psychic and intuitive, she brings a real and tangible connection between this world and the afterlife—and she says that no matter the client or the circumstances, each person's story has one thing in common: The love never ends, and fear exists only in this world. In this collection of stories and teachings, Sunny shows you how to: Release fear and tap into your own psychic skills (everyone's a little bit psychic) Spot the signs that your loved ones are trying to connect with you Discover the messages from Spirit that are all around you Cultivate a spiritual connection with your deceased loved ones Death in this life does not have to mean goodbye forever; we are all eternally connected to those we deeply care for, and we can continue to love, learn from, and grow with our loved ones. This book shows you how.

Love Letters to the Dead - Ava Dellaira 2014-04-01

It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

You Are the Mother of All Mothers - Angela Miller 2014

Every loss mama deserves to be reminded she is the mother of all mothers.

We Never Die - Matt Fraser 2022-08-23

From America's top psychic medium and the author of *When Heaven Calls* comes a new book that unveils the secrets of the afterlife, the truth about heaven, and inspires "us with his comforting certainty that we never die" (Gloria Estefan). Psychic medium Matt Fraser, author of *When Heaven Calls*, is back to unpack the number one question folks ask him: "What happens after death?" Although we might expect a complicated answer, it's actually pretty simple: We never die! Drawing from thousands of conversations with Spirit, Matt pulls back the curtain on life's hidden revelations: -What happens when we cross over -The beautiful realities of heaven and eternal life -The guardian angels who keep us safe on Earth (including our pets who have passed) -The role of dreams and how souls appear to the living -Love, romance, and soul mates beyond life -Ghosts, hauntings, negative souls, energy vampires, and psychic protection -Destiny, free will, and second chances -Regrets, amends, and forgiveness from heaven -Figuring out your gifts and purpose -Karma, kindness, and living in the divine flow -How to recognize the signs and messages our loved ones send us from heaven As Matt explains, "We all have our own 'phone line' to communicate with heaven. All we have to do is figure out how to use it." Revealed through never-before-told stories, the wisdom in *We Never Die* "is healing the world by making sure we have a strong emotional and spiritual connection, which is the foundation for a healthy life" (Karamo Brown, star of *Queer Eye* and author and author of *Karamo*).

You are the Best Wife - Ajay Pandey 2015-11

Ajay believes in living for himself; Bhavna teaches him to live for others. Ajay is a planner for life; Bhavna makes him live in every moment. *You are the Best Wife* is a story of two people with contradictory ideologies who fall in love. It changes them for good. It changes the way they look at the world and the way the world looks at them. Until destiny reveals its plans. This is a true inspiring story of the author and his struggle with life, after his beloved wife left him halfway through their journey. But her last words, 'you are the best husband' gave him the strength to live on, and fulfil his promise of love. Told with frankness and doses of humor, this heartwarming tale of a boy and a girl who never gave up on their love in face of adversities, ends on a bittersweet and poignant note as Ajay comes to terms with the biggest lesson life has to offer.

Being Dead - Jim Crace 2011-03-21

WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD. A couple lie naked in the dunes at Baritone Bay, at the spot where, almost thirty years before, they had first had sex as students. Nostalgia has sent Celice and Joseph back to their singing stretch of coast, but in the

seeming calm of the afternoon they meet a brutal and unexpected fate – one which will still their bodies but not their love, and certainly not their story. Winner of the National Book Critics Circle Award A couple lie naked in the dunes at Baritone Bay, at the spot where, almost thirty years before, they had first had sex as students. Nostalgia has sent Celice and Joseph back to their singing stretch of coast, but in the seeming calm of the afternoon they meet a brutal and unexpected fate – one which will still their bodies but not their love, and certainly not their story.

**Sketching Stuff** - Charlie O'Shields 2018-11-22

Charlie O'Shields is the creator of Doodlewash®, founder of World Watercolor Month in July, and host of the Sketching Stuff podcast. Every single day, for over three years, he created a watercolor illustration and wrote a short essay about whatever came to mind that day and posted it on his blog. These are some of the collected favorites along with some brand new musings. With over 180 illustrations, this book is part personal memoir and sometimes just a randomly fun romp through the sillier bits of this crazy world we all inhabit. Written to take on the impossible task of inspiring creativity, unleashing your inner child, and instilling hope, it will, at the very least, make you smile and touch your heart.

**If You Think You Don't Have PTSD - Think Again** - Jamie Turndorf 2021-05

Mainstream medical treatments have not caught up with ample NIH research proving that PTSD is triggered by a rapid loss of one specific nutrient as a result of stress, accidents or illness. The stress of the COVID-19 pandemic has created what this author terms the Global PTSD Pandemic Stress Syndrome. Current mainstream PTSD treatments are woefully ineffective or even dangerous, ignoring the research that proves supplementing with this nutrient reverses PTSD. In addition, many of the symptoms associated with PTSD, such as depression, anxiety, pain syndromes, sexual dysfunctions and sleep disorders can also be caused by this deficiency. Supplementing with this nutrient can also reverse other plaguing conditions. Take your physical and mental health back into your own hands using the science-backed, proven method for reversing PTSD presented in this book.

**Continuing Bonds** - Dennis Klass 2014-05-12

First published in 1996. This new book gives voice to an emerging consensus among bereavement scholars that our understanding of the grief process needs to be expanded. The dominant 20th century model holds that the function of grief and mourning is to cut bonds with the deceased, thereby freeing the survivor to reinvest in new relationships in the present. Pathological grief has been defined in terms of holding on to the deceased. Close examination reveals that this model is based more on the cultural values of modernity than on any substantial data of what people actually do. Presenting data from several populations, 22 authors - among the most respected in their fields - demonstrate that the health resolution of grief enables one to maintain a continuing bond with the deceased. Despite cultural disapproval and lack of validation by professionals, survivors find places for the dead in their on-going lives and even in their communities. Such bonds are not denial: the deceased can provide resources for enriched functioning in the present. Chapters examine widows and widowers, bereaved children, parents and siblings, and a population previously excluded from bereavement research: adoptees and their birth parents. Bereavement in Japanese culture is also discussed, as are meanings and implications of this new model of grief. Opening new areas of research and scholarly dialogue, this work provides the basis for significant developments in clinical practice in the field.

**Kiss Your Fights Good-bye** - Jamie Turndorf, Dr. 2014-01-20

Heated fighting triggers a biochemical imbalance in men that causes them to flee from conflict. The technical name for this is the Demand/Withdraw Negative Escalation Cycle, also known as "husband withdrawal." This is the number one cause of marital and relationship strife, divorce, and domestic violence. Dr. Jamie Turndorf's techniques, based on 30 years of research out of her Center for Emotional Communication, transform conflict into connection for a lifetime of lasting love. Even if you're locked in battle and have been for years, your relationship can change. Beginning with simple Cool-Down steps, you'll learn why husband withdrawal occurs and then how to use Climate Control strategies to reset the relationship. Women will discover the real reason why men never seem to listen—it's nothing personal—and the secret trick that actually makes them want to listen and stick around to settle disputes. Dr. Turndorf's proven conflict-resolution method interrupts the cycle of fighting for the majority of couples, and can also

be used to defuse disagreements among friends and family members. [Love Never Dies - a Psychic Artist Illustrates True Stories of the Afterlife](#) - 2017-08-13

Psychic artist and medium Jane de Forest draws on the invisible world behind our five senses in this entertaining first hand account of people reunited with loved ones and animals in the afterlife. She investigates how the connections and bonds shared in earthly relationship are unbroken by death in this richly illustrated book filled with beautiful art and gentle insights. Based on the true stories Love Never Dies is a humbling and magical journey through the struggles, mishaps and heartfelt rewards of translating messages between different realities. From ancient mysticism to modern new age philosophy, this book is an excellent read for those interested in parapsychology & prophecy, reincarnation & spiritual healing as well as lovely gift for those grieving loss. Ancient wisdom & conceptual ideas shared in this book: Love never dies and your relationship bond exists forever. You will never die and will return home after death, you are eternal. You will see your loved ones and animals again. ESP or extrasensory perception--animals know what you are thinking. Spiritual psychology & philosophy--our temporary home on earth is a type of school, albeit elementary, to learn spiritual lessons. Karma is real, there is an energetic feedback loop, what goes around comes around. The future is malleable, so you can and do affect it. Personal growth & transformation--it is easier to resolve conflict and let go of resentments while on Earth. Mental & spiritual healing--you effect loved ones on the other side with your thoughts and feelings. Life-force chi energy can be optimized for self-empowerment. Mother Nature has equipped us ALL with abilities to intuitively receive knowledge; it just takes a little training and positive intention.

**Love Never Dies** - Sandy Goodman 2002

Goodman has turned her personal journey following the tragic death of her 18-year-old son into a valuable guide destined to help people who are dealing with grief over a lost loved one. A thoughtful gift for anyone who has experienced a loss.

**Love Never Dies** - Dr. Jamie Turndorf 2015-08-25

"Guaranteed to give immense hope," this manual on reconnecting with loved ones who have passed on "provides stunning evidence of the continuity of love and life" (Suzanne Giesemann, author of Messages of Hope) Famed relationship therapist, author, and media personality Dr. Jamie Turndorf—known worldwide as Dr. Love—shares the amazing true story of her spiritual reconnection with her beloved, deceased husband, internationally renowned former Jesuit priest Emile Jean Pin. Discovering for herself that relationships don't end in death, Jamie recounts her remarkable experience where, through the depths of her grief after Jean's sudden passing, her husband made his continued presence—and undying love—known. Drawing on these personal encounters, Jamie has created a groundbreaking new form of grief therapy that combines her acclaimed conflict-resolution techniques with after-death communication. The result: an unprecedented method that enables the bereaved to reconnect, resolve unfinished business, and make peace with the deceased. Filled with dozens of examples of spirit contact and communication, this book eliminates any doubt about life after death and shows that contact is ongoing. Loved ones in spirit don't just linger briefly before going to "heaven" and disappearing from your life. Rather, heaven is a state, not a place, and your loved ones have eternity to support you and heal any issues left behind when they passed on. Come to recognize the numerous signs from spirit that you may have been missing. Learn to trust yourself and the process that's right for you—not a shortened, artificial grief period prescribed by conventional doctors. Practice techniques for heightening your senses, expanding your awareness, and entering an open state, culminating in Jamie's method for Dialoguing with the Departed. When connection and love live on, fear is banished and relationships can grow and heal as never before. Begin opening your mind and your heart today!

**Till Death Do Us Part (Unless I Kill You First)** - Jamie Turndorf 2001-01-23

A proven plan that breaks the conflict cycle, this book is "mandatory reading for every couple that wants to build lasting love" (John Bradshaw). When fighting breaks out between a husband and wife, the husband's typical reaction is to withdraw, either emotionally or physically. When he does, his wife often becomes more frustrated and angry, which in turn causes the husband to withdraw even more. The fighting escalates with each subsequent outbreak. But it doesn't have to. During her fifteen years of clinical and laboratory research, couples therapist Jamie Turndorf, Ph.D., has developed a proven program that breaks the conflict cycle for ninety percent of the couples who use it. She

advises couples to start with a series of cool-down steps and to move on to resolution exercises that will allow them to address difficult issues and subjects in a nonadversarial manner. Filled with easy-to-follow advice

and helpful anecdotes, Turndorf's book gives couples the advice they need to calm an emotional exchange before it becomes a fight. *Till Death Do Us Part* offers the path to peace that all fighting couples are looking for.

## Love Never Dies How To Reconnect And Make Peace With The Deceased:
