Wanting to Be Loved - Neroli Duffy 2018-07-01
To love and be loved is central to life. Yet all around us, we see people looking for love and not finding it—often settling for something less. One reason is that love is not just about attraction and feelings—as powerful as these can be. There is a spiritual dimension that is even more important, yet often overlooked or not understood. *Wanting to Be Loved* provides a higher perspective on the quest for love. Here are just a few of the keys you will find in this inspiring book: - How to recognize a twin flame or soul mate - How to avoid wrong relationships - How to attract the right partner in life -

Marriage as an initiation on the spiritual path -
How to deal with karma in relationships -
Understanding sex as a Sacred Energy eXchange
Explore the mystery and beauty of love in all its dimensions, and find the love you are looking for.

Questions on Natural Science and the Harmonic Philosophy - John Emmett Richardson 1913

Catholic Divorce - Pierre Hegy 2006-02-20
Many people believe that the Roman Catholic Church's teaching on marriage is clear and consistent: marriage is a sacrament, the marriage contract is indissoluble, divorce and remarriage are forbidden. In this book, theologians, historians, and sociologists overhaul the church's teaching and practice on divorce and remarriage, as well as personal testimonies from a number of persons who have gone

Love Marriage Celibacy And Divorce Or The Problem Of Sex

through the annulment process.

Love, Reason, and God's Story - David Cloutier 2008

"The author of this book provides readers with a basic understanding of the history of Catholic teaching on sexual ethics, particularly as it has evolved in the last half century."--

The Encyclopædia of Sexual Behaviour - Albert Ellis 2013-09-24

The Encyclopedia of Sexual Behavior, Volume 1 is a comprehensive review of the major aspects of the biology, physiology, and anatomy of sex. This book is divided into 57 chapters that also cover the major facets of the emotional, psychological, sociological, legal, anthropological, geographical, and historical aspects of sexuality, including the related fields of love, marriage, and the family. This book deals first with the advances in sex research, the issues on abortion, abstinence, adolescent, sexuality, and the link between sex and aging. The subsequent chapters consider the

demographic, geographical, and anthropological aspects of sex; life; the physiology, anatomy, and history of sex; the attitude toward sex; the concept of autoerotism; and the religious view of sex. Other sex-related topics covered include chastity and virginity, child sexuality, nakedness, coitus, contraception, courtship, culture, social dancing, and sex education. This book further discusses the emotional aspects of sex, such as divorce, marriage, extramarital sex relations, family, and reproduction. The remaining chapters look into the issues of hermaphroditism, homosexuality, illegitimacy, impotence, and jealousy. This book is of value to psychologists, psychiatrists, sociologists, medical practitioners, and researchers and workers in the allied fields.

Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment

and passion it deserves as a classic of world literature.

Sex and the Single Savior - Dale B. Martin
2006-01-01

Probing into numerous questions about gender and sexuality, Dale Martin delves into the biblical texts anew and unearths surprising findings. Avoiding preconceptions about ancient sexuality, he explores the ethics of desire and marriage and pays careful attention to the original meanings of words, especially those used as evidence of Paul's opposition to homosexuality. For example, after a remarkably faithful reading of the scriptural texts, Martin concludes that our contemporary obsession with marriage--and the whole search for the "right" sexual relationships--is antithetical to the message of the gospel. In all of these essays, however, Martin argues for engaging Scripture in a way that goes beyond the standard historical-critical questions and the assumptions of textual agency in order to find a faith that has

no foundations other than Jesus Christ.

Single Issue - Al Hsu 2012-12-17

Nearly half today's adult population is unmarried. Most churches, however, emphasize marriage and family in a way that leaves many Christian singles feeling like second-class citizens. Although Jesus himself was single, the single state is often regarded as a problem in itself (rather than as having problems, as marriage does). By contrast, 'The Single Issue' sets out a positive, biblical view that honours singleness as a status equal to marriage.

Avoiding trite advice on how to suffer through the single life, it offers practical insights on key concerns such as sex, celibacy and the constructive use of solitude - and points the way to a Christian community in which all members are equally valued.

Love, Marriage, Celibacy and Divorce - J. D. Buck 2005-12-01

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may

contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Women in the Chinese Enlightenment - Zheng Wang 2023-11-10

Centering on five life stories by Chinese women activists born just after the turn of this century, this first history of Chinese May Fourth feminism disrupts the Chinese Communist Party's master narrative of Chinese women's liberation, reconfigures the history of the Chinese Enlightenment from a gender perspective, and addresses the question of how feminism engendered social change cross-culturally. In this multilayered book, the first-person narratives are complemented by a history of the discursive process and the author's sophisticated

Love Marriage Celibacy And Divorce Or The Problem Of Sex

intertextual readings. Together, the parts form a fascinating historical portrait of how educated Chinese men and women actively deployed and appropriated ideologies from the West in their pursuit of national salvation and self-emancipation. As Wang demonstrates, feminism was embraced by men as instrumental to China's modernity and by women as pointing to a new way of life.

Just Love - Margaret A. Farley 2006-01-01
Examines the sexual beliefs and practices of different religions, cultures, genders, and relationships to propose a modern-day framework on the topic that is more focused on love rather than sex.

An Ordered Love - Louis J. Kern 2014-07-01
An Ordered Love is the first detailed study of sex roles in the utopian communities that proposed alternatives to monogamous marriage: The Shakers (1779-1890), the Mormons (1843-90), and the Oneida Community (1848-79). The lives of men and women changed substantially when

they joined one of the utopian communities. Louis J. Kern challenges the commonly held belief that Mormon polygamy was uniformly downgrading to women and that Oneida pantagamy and Shaker celibacy were liberating for them. Rather, Kern asserts that changes in sexual behavior and roles for women occurred in ideological environments that assumed women were inferior and needed male guidance. An elemental distrust of women denied the Victorian belief in their moral superiority, attacked the sanctity of the maternal role, and institutionalized the dominance of men over women. These utopias accepted the revolutionary idea that the pleasure bond was the essence of marriage. They provided their members with a highly developed theological and ideological position that helped them cope with the ambiguities and anxieties they felt during a difficult transitional stage in social mores. Analysis of the theological doctrines of these communities indicates how pervasive

sexual questions were in the minds of the utopians and how closely they were related to both reform (social perfection) and salvation (individual perfection). These communities saw sex as the point at which the demands of individual selfishness and the social requirements of self-sacrifice were in most open conflict. They did not offer their members sexual license, but rather they established ideals of sexual orderliness and moral stability and sought to provide a refuge from the rampant sexual anxieties of Victorian culture. Kern examines the critical importance of considerations of sexuality and sexual behavior in these communities, recognizing their value as indications of larger social and cultural tensions. Using the insights of history, psychology, and sociology, he investigates the relationships between the individual and society, ideology and behavior, and thought and action as expressed in the sexual life of these three communities. Previously unused manuscript sources on the

Oneida Community and Shaker journals and daybooks reveal interesting and sometimes startling information on sexual behavior and attitudes.

Love and Marriage - Ellen Key 2023-08-21

Land of Terror by Edgar Rice Burroughs: Embark on an exhilarating journey into the unknown with Edgar Rice Burroughs's "Land of Terror." In this gripping adventure, follow explorer David Innes as he ventures deep into a prehistoric world hidden within the Earth's crust. Burroughs's vivid imagination brings to life a land teeming with perilous creatures and uncharted territories, keeping readers on the edge of their seats. Why This Book? "Land of Terror" transports readers to a world where danger and discovery go hand in hand. Burroughs's ability to create immersive and thrilling worlds makes this novel a captivating read for fans of adventure and speculative fiction.

Love Marriage Celibacy And Divorce Or The Problem Of Sex

Etim Uso 2017-11-07

There is no doubt that the marriage institution has been disrupted in many ways. Infidelity, divorce, domestic violence, and same-sex marriage are some of the visible signs. However, the human and economic tolls arising from this disruption go far beyond what we can readily see. You have probably read or heard all the things the Bible says about marriage; you still remember all the things your parents or your pastor told you about marriage, and maybe, you have also tried out some of the recipes for a happy and successful marriage. Most of what has been written and said about marriage come from good husbands and good wives who are happily married and are too careful to rock the boat. They keep to the beaten track even when it is obvious that things are not working according to the general prescriptions and assumptions. Now, what about those things you have never heard? I mean those things that could contradict some of your cherished doctrines and beliefs?

Yes, you believe in marriage vows, you believe in one man one wife marriages; perhaps, you were also given a set of rules on love, submission in marriage, or the formula for a successful marriage. You were probably told the type of people you should marry and those you should not based on their backgrounds. Maybe you know nothing at all about all these. Never mind! Nothing will shield you from the vicissitudes of marriage; there is no absolute guarantee against failure. But you can reduce your odds of failure by acting consciously and proactively, and by taking your time to find out and understand who you are, your purpose and vision in life, before making the strategic decision of who to marry. What is the goal of marriage? And how do the requirements for running a successful business differ from those of having a successful marriage? This book is an attempt to develop a general framework for marriage based on proven business principles and guided by scriptural precepts. The central theme in this

*Downloaded from

Love Marriage Celibacy And Divorce Or The Problem Of Sex

book is that marriage should be approached as a strategy for achieving a larger goal means to an end and not an end in itself. And since the success of any strategy depends on two key factors planning and execution the materials in this book can be classified into two broad categories, namely, planning and execution of marriage as a strategy. However, the book comes with some curious icing on the cake: Every love is driven by need, and love that is devoid of attraction is nothing but kindness. Love, though necessary, is not a sufficient condition for marriage. Infidelity is a liberal ground for divorce when compared to some of the evils plaguing marriages in our society

today. Adultery is not extramarital affair. Wedding vows make a deity of marriage and invalidates Gods divine grace on marriage. There is nothing sinful about polygamy, and there is no virtue or holiness in celibacy. If you are tired of reading marriage cookbooks written by good husbands and good wives and their hunky-dory marriages, then you will find this book a welcome break. However, the book could set husbands against their wives and wives against husbands, but it has a higher potential to unite sincere husbands and wives around a common vision that can bring lasting happiness and fulfillment to their marriages.
